ACCESS TO THE MAIN OWYHEE RIVER, OREGON

(Use BLM Jordan Valley and Mahogony Mountain 1:100,000 scale maps)

Three Forks, Oregon

Located 35 miles south of Jordan Valley, Oregon, via Highway 95 and the Three Forks Road, the Three Forks launch site is accessible by high-clearance, two-wheel drive vehicles when roads are dry. Due to sharp and steep switchbacks into the canyon, long trailers are not recommended. Please respect private property. The road may be temporarily closed if soils are saturated.

Rome, Oregon

The Rome launch site is located ¼-mile south and east of the Owyhee River Bridge on Highway 95, about 32 miles southwest of Jordan Valley, Oregon. This site has excellent access for two-wheel drive vehicles. Overnight camping, potable water and toilet facilities are available.

ACCESS TO THE MAIN OWYHEE RIVER, OREGON

(Use BLM Jordan Valley and Mahogony Mountain 1:100,000 maps)

Birch Creek, Oregon

Birch Creek is 17 miles upstream from Leslie Gulch and 35 miles northwest of Jordan Valley. This takeout is reached via Highway 95 and the Cow Creek and Birch Creek roads. This site is accessible by four-wheel drive vehicles; long trailers are not recommended. Overnight camping, toilets and potable water are available. The road may be temporarily closed when soils are saturated.

Leslie Gulch, Oregon

To access this take-out, take the Leslie Gulch road via the Succor Creek or McBride Creek roads, both of which intersect Highway 95 north of Jordan Valley, Oregon. This site is accessible by two-wheel drive vehicles when roads are dry, but it may be temporarily closed due to flash flooding. There are toilets, and camping is allowed at the Slocum Creek campground. There is no potable water. There is a designated boat ramp parking area for vehicles left overnight.

Due to slack water on Owyhee Reservoir, the last 10 to 12 miles upstream from Leslie Gulch has little or no current. Upstream winds are frequent. Commercial services are available to tow boats across the reservoir. Information on towing services and dump stations is available from the Rome Launch site or Vale District.
