For meaningful comments include the following information:

- Should the “OHV Area” designation(s) boundaries be adjusted (Open, Limited to Designated Routes or Closed)? If so indicate a proposed change.

- Provide the following information for each road/trail segment and/or seasonal restriction area.

Road/Trail Segment Number or Seasonal Restriction (Area) Number	Proposed Change	Why
<i>Example: 656-A</i>	<i>Example: Keep route open for public use.</i>	<i>Example: I use this route for hunting.</i>

General Comments:

Point to consider while making comments:

- The North Highway 20 TMP will only designate roads and trails that pass through public lands managed by the BLM. Routes used to access public lands, where no easements exist, will not be designated through this planning process. However it will highlight locations where future easements would be desirable to ensure access to public lands.
