Appendix 1: Table 1.

| Stipulation Number             | Stipulation Name/Brief Description  |
|--------------------------------|---|
| <b>CSU 12-1</b>                | <b>CONTROLLED SURFACE USE STIPULATION</b><br>Prior to surface disturbance on slopes over 30 percent, an engineering/reclamation plan must be approved by the authorized officer.  |
| <b>CSU 12-10</b>               | <b>CONTROLLED SURFACE USE STIPULATION</b><br>All surface disturbing activities and construction of semi-permanent and permanent facilities in VRM Class II, III, and IV areas may require special design including location, painting, and camouflage to blend with the natural surroundings and meet the visual quality objectives for each respective class.  |
| <b>CSU 12-11</b>               | <b>CONTROLLED SURFACE USE STIPULATION</b><br>A field inspection will be conducted for special status plant species by the lessee prior to any surface disturbance. A list of special status plant species and any known populations or suitable habitat will be provided after the issuance of the lease. Plant species on the list are subject to change over time as new information becomes available. Plant inventories must be conducted at the time of year when the target species are actively growing and flowering. An acceptable report must be provided to the BLM documenting the presence or absence of special status plants in the area proposed for surface disturbing activities. The findings of this report may result in restrictions to the operator's plans or may preclude use and occupancy. |
| <b>CSU 12-13</b>               | <b>CONTROLLED SURFACE USE STIPULATION</b><br>Activities within one-half mile of streams containing 90% up to 99% genetically pure Westslope Cutthroat Trout may be relocated, require special design, or require on and off site mitigation measures to prevent impacts to sensitive trout populations.   |
| <b>Cultural Resources 16-1</b> | <b>CULTURAL RESOURCES LEASE STIPULATION</b><br>This lease may be found to contain historic properties and/or resources protected under the National Historic Preservation Act (NHPA), American Indian Religious Freedom Act, Native American Graves Protection and Repatriation Act, E.O. 13007, or other statutes and executive orders. The BLM will not approve any ground disturbing activities that may affect any such properties or resources until it completes its obligations under applicable requirements of the NHPA and other authorities.   |
| <b>Lease Notice 14-5</b>       | <b>LEASE NOTICE CULTURAL RESOURCES</b><br>An inventory of the lease lands may be required prior to surface disturbance to determine if cultural resources are present and to identify needed mitigation measures.   |
| <b>NSO 11-2</b>                | <b>NO SURFACE OCCUPANCY STIPULATION</b><br>Surface occupancy and use is prohibited within riparian areas, 100-year flood plains of major rivers, and on water bodies and streams.   |
| <b>NSO 11-17</b>               | <b>NO SURFACE OCCUPANCY STIPULATION</b><br>Surface occupancy and use is prohibited within one-half mile of Ferruginous Hawk nest sites.   |
| <b>NSO 11-22</b>               | <b>NO SURFACE OCCUPANCY STIPULATION</b><br>Surface occupancy and use is prohibited within, and for a distance of 300 feet from the boundaries of cultural properties and archaeological/historic districts determined to be eligible or potentially eligible to the national register of historic places. This includes cultural properties designated for conservation use, scientific use, traditional use, public use, and experimental use. Defined archaeological districts include: Everson Creek/Black Canyon Quarry Complex; Muddy Creek Archaeological District; Lower Beartrap Canyon Archaeological District; and Beaverhead Rock.   |
| <b>NSO 11-24</b>               | <b>NO SURFACE OCCUPANCY STIPULATION</b><br>Surface occupancy and use is prohibited within one-quarter mile of special status plants or populations.   |

Appendix 1: Table1.

| Stipulation Number | Stipulation Name/Brief Description   |
|--------------------|--|
| <b>TES 16-2</b>    | <p><b>ENDANGERED SPECIES ACT SECTION 7 CONSULTATION STIPULATION</b><br/>                     The lease area may now or hereafter contain plants, animals, or their habitats determined to be threatened, endangered, or other special status species. BLM may recommend modifications to exploration and development, and require modifications to or disapprove proposed activity that is likely to result in jeopardy to proposed or listed threatened or endangered species or designated or proposed critical habitat.</p> |
| <b>TL 13-6</b>     | <p><b>TIMING LIMITATION STIPULATION</b><br/>                     Surface use is prohibited in nesting and early brood-rearing habitat (defined as within three miles of leks).<br/>                     March 1 through June 30</p>  |
| <b>TL 13-7</b>     | <p><b>TIMING LIMITATION STIPULATION</b><br/>                     Surface use is prohibited within big game winter/spring range for wildlife.<br/>                     December 1 through May 15</p>  |
| <b>TL 13-11</b>    | <p><b>TIMING LIMITATION STIPULATION</b><br/>                     Surface use is prohibited within one-half mile of raptor nest sites which have been active within the past five years during the following time period.<br/>                     March 1 through July 31</p>  |
| <b>TL 13-13</b>    | <p><b>TIMING LIMITATION STIPULATION</b><br/>                     Surface use is prohibited within one mile of Ferruginous Hawk nest sites that have been active within the past five years during the following time period:<br/>                     March 1 through August 31</p>  |
| <b>TL 13-14</b>    | <p><b>TIMING LIMITATION STIPULATION</b><br/>                     Surface use is prohibited within winter and spring range for sage grouse during the following time period:<br/>                     December 1 through May 15</p>   |
