Ms. Prestridge:

Sinclair has become successor operator of the Forest 14-20H well, Communitization NDM103255 (CA). There are two federal lease tracts in the CA that are unleased; Tract Nos. 7 and 8. As you are aware, this is a producing unit.

We would like to nominate the unleased mineral tracts referenced above, to be included on the next competitive lease sale.

Should you require anything further in this regard, please let me know.

Sincerely,

Carolyn Panos
