

U.S. Army Corps of Engineers
Omaha District

NO SURFACE OCCUPANCY

No surface occupancy or use is allowed on slopes greater than 25 percent.

On the lands described below:

For the purpose of:

To provide necessary protection to prevent excessive soil erosion on steep slopes and to avoid areas subject to slope failure, mass wasting, piping or having excessive reclamation problems.

Any changes to this stipulation will be made in accordance with the land use plan and/or the regulatory provisions for such changes.

Exception: An exception to this stipulation may be granted by USACE, if the Lessee submits a plan that demonstrates that impacts from the proposed action are minimal and activities can be safely conducted.

Modification: The area affected by this stipulation may be modified by USACE if it is determined that portions of the area do not include slopes over 25 percent or the Lessee can demonstrate in a plan of operations that adverse effects can be minimized.

Waiver: This stipulation may be waived by USACE if it is determined that none of the leasehold includes slopes over 25 percent.
