

CONTROLLED SURFACE USE STIPULATION

VRM CLASSES II

Stipulation: In order to retain the existing character of the landscape (VRM Class II Objective), oil and gas development activities will be located, designed, constructed, operated, and reclaimed within 2 years from initiation of construction so that activities should not attract attention of the casual observer. This stipulation does not apply to maintenance or workover activities.

On the lands described below:

Objective: To protect visual resource values while allowing energy development and related activities to occur which have been mitigated to retain the existing character of the landscape.

Exception: None

Modification: None

Waiver: None
