

## TIMING LIMITATION STIPULATION

### SPRAGUE'S PIPIT

**Stipulation:** Surface occupancy and use is prohibited from April 15 through July 15 in Sprague's pipit habitat.

On the lands described below:

**Objective:** To protect Sprague's pipit habitat necessary for long-term maintenance of Sprague's pipit populations.

**Exception:** The AO may grant an exception if the operator submits a plan that demonstrates the impacts from the proposed action are acceptable or can be adequately mitigated.

**Modification:** The boundaries of the stipulated area may be modified if the AO determines that portions of the area no longer contain Sprague's pipit habitat. The dates for the timing restriction may be modified if new wildlife use information indicates that the dates are not valid for the leasehold. The AO may also modify the size and shape of the area based on studies documenting actual habitat suitability and/or local periods of actual use.

**Waiver:** This stipulation may be waived if the AO determines that the entire leasehold no longer contains Sprague's pipit habitat.
