

## TIMING LIMITATION STIPULATION

### RAPTORS

**Stipulation:** Surface occupancy and use is prohibited within 1/2 mile of active raptor nest sites from March 1 through July 31.

On the lands described below:

**Objective:** To maintain the reproductive potential of raptor nest sites.

**Exception:** The AO may grant an exception if the operator submits a plan that demonstrates the impacts from the proposed action can be adequately mitigated.

**Modification:** The boundaries of the stipulated area may be modified if the AO determines that portions of the area can be occupied without adversely affecting the production potential of raptor nest sites. The AO may also modify the size and shape of the area based on studies documenting actual habitat suitability and/or local periods of actual use.

**Waiver:** This stipulation may be waived if the AO determines that the entire leasehold no longer contains a raptor nest or has a nest that has not been active in 7 years.
