Dear Mr. Williams:

On November 27, 1996, Mont-Mill Operating Co. (Mont-Mill) requested a State Director Review (SDR) of a November 1, 1996 requirement of the Great Falls Resource Area (GFRA) for you to reclaim an open pit adjacent to the TMCBSU #3426 well. You want to be able to maintain this pit for future use.

This office wrote to you on December 11, 1996, asking for documentation supporting your request for a SDR. On December 12, 1996, the GFRA rescinded the assessment, and will allow you to keep the pit for your planned workover.

Since Mont-Mill will be allowed to maintain the pit for a planned workover of the well, the SDR request is unnecessary and will not be reviewed any further by this office.

If you have any questions, please contact Jay Spielman, at (406) 255-2859.

Sincerely,

/s/ Thomas P. Lonnie
