- Water

Map generated by the Butte Field Office in January 2009

UTM Zone 12 North (NAD 1983) Projection

1 inch equals 3 miles

Public access routes are shown on this map only for the sake of context as landmarks. Access route mapping is incomplete and consists of a mixture of US Forest Service routes, and various county routes, which may include abandoned county routes. It should not be assumed that these routes are open yearlong to motorized travel, nor necessarily maintained at any level.

This map is intended for display purposes only. No warranty is made by the Bureau of Land Management as to the accuracy, reliability, or completeness of these data sets for individual, or aggregate, use with other data, or for purposes not intended by the BLM. This map may not meet National Map Accuracy Standards. This product was developed through digital means and information may be updated without notification.
