

Implementation of BLM Forestry and Fuels Projects
 In Cooperation with Fergus Conservation District
 January 24th, 2007; Central MT Community Center

- I. Welcome
- II. Why are we here?
- III. What do we hope to accomplish tonight?
- IV. Why is there a need to actively manage forests in the Judith Mountains?
- V. What kind of treatments are we talking about?
- VI. What is the geographic scale of the area we will consider?
- VII. What will we *not cover tonight*?
- VIII. What is collaboration?
- IX. Why work together?
- X. Are there risks associated with collaboration?
- XI. How might we work together to accomplish shared goals? What are possible next steps?
- XII. How will we respond when suggestions are not useful?
- XIII. How will we know when we have agreement?
- XIV. How will we know when the process is working?
- XV. What do we expect from you?
- XVI. Are there limits to how we may share responsibility?
- XVII. What do you think?
- XVIII. What's next?
- XIX. Who is interested in continuing? When do we want to meet next?
- XX. If you know of anyone else who might want to be involved or who would contribute please let us know and also invite them
- XXI. Do you have any more questions?
- XXII. Thank you for coming tonight
