United States Department of the Interior

BUREAU OF LAND MANAGEMENT
Lewistown Field Office
Upper Missouri River Breaks National Monument
920 NE Main Street
Lewistown, Montana 59457
<http://www.blm.gov/mt>

June 4, 2012

To Whom It May Concern:

The Bureau of Land Management (BLM) has received an application to repair an existing buried powerline by installing an overhead power line to provide for and to improve public health and safety by providing members of the public reliable power. This application is proposed for lands currently managed as part of the Upper Missouri River Breaks National Monument.

We have prepared a draft Environmental Analysis (EA) for your review and comment. The EA is available on our web site at:

<http://www.blm.gov/mt/st/en/fo/umrbnm/grazingaltsandassessmts.html>

It is also available in a hard copy from the BLM at the address above. Please provide any comments within 30 days or by July 3, 2012. Your comments should be mailed to: Bureau of Land Management, Attention: Debbie Tucek, 920 NE Main, Lewistown, Montana 59457.

If you have questions about the assessment, please contact us at 406/538-1900. Thank you for your continued interest in our public lands.

Sincerely,

Gary Slagel
Monument Manager
