To: State Directors, State Fire Management Officers

From: Assistant Director, Fire and Aviation

Subject: 2013 Bureau of Land Management (BLM) Wildland Fire High Reliability Organization (HRO) Training

The Fire and Aviation Division of Fire Operations sponsored Wildland Fire HRO training on March 13-15, 2013 in Boise, Idaho. Attendees included state fire management officers, assistant state fire management officers, district fire management officers and Fire and Aviation staff.

A summary of the HRO training was developed that includes the attendees' accomplishments and follow-up action items: *Reframing HRO: A Focus on Behavior* is available at <http://www.blm.gov/style/medialib/blm/nifc/training/hro.Par.89438.File.dat/Reframing%20HRO%20-%20A%20Focus%20on%20Behavior.pdf>.

The mid-March HRO training coincided with high-level BLM discussions on government sequestration and budget implications. We appreciate the attendance of your key fire management leadership, recognizing that firefighter and public safety is our highest priority.
