Re: West Rosa Unit 3D Geophysical Exploration (Seismic) Errata Sheet

Dear Reader:

Earlier this month, the Bureau of Land Management (BLM) completed and approved the West Rosa Unit 3D Exploration Environmental Assessment. There were stipulations attached to the decision as conditions of approval; the project sponsor is required to follow these stipulations throughout the project.

It has since been realized that a phrase used in the stipulations is not clear and may cause confusion, therefore must be changed. The phrase refers to "arroyo bottoms", which is a very broad term and can be interpreted in many different ways. Attached is the Errata Sheet to correct this error and better define the particular stipulations.

If you have any questions regarding this project, please contact Marcella Martinez at (505) 559-6374 at the Farmington, New Mexico BLM field office.

Sincerely,

/s/

Dave Mankiewicz, for

Joel E. Farrell

Assistant Field Manager for Resources
