All submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, are available for public inspection in their entirety.*

---

I support the granting of Federal and State permits to the Copper Flat Mine Project. The extraction industry has been a vital contributor to the New Mexico economy and New Mexico is in desperate need of private sector employment. I believe the Copper Flat Mine will have a positive socioeconomic impact and will help the area grow and attract other industries to New Mexico. I believe mining can be done in a responsible manner, and I believe the DEIS has thoroughly explored and addressed all concerns. It is my opinion that both the BLM and New Mexico Copper Corp. have produced a solid report and I support the advancement of the project.
