TO: BLM, NM

FROM Ella Joan Fenoglio, Ex 6 [REDACTED]

Please do NOT reestablish a poly-metallic mine and processing facility near Hillsboro, New Mexico.

The 2,190-acre project would allow New Mexico Copper Corporation to utilize BLM-managed public land and private property. On that land, The Corporation would have access to conduct mining activities in Sierra County on public land, leading to the extraction and processing of copper ore.

Such activity is harmful to the environment and to the future non-mineral, farming and grazing use of that land. The sacred nature of the land must also be respected.

Sincerely, Ella Joan Fenoglio
