BUREAU OF LAND MANAGEMENT

Edited and published by the Bureau of Land Management National Science and Technology Center in cooperation with the Bureau of Land Management New Mexico State Office. Planimetry partially revised by Bureau of Land Management from various source materials. Revised information not field checked.

Public Land Survey System derived from the Bureau of Land Management Geographic Coordinate Data Base. Land status and other source information compiled by Bureau of Land Management. Hypsography, hydrography, boundary, and transportation data derived from U.S. Geological Survey 1:100,000 scale digital line graphs. Digital line graphs based on 1:100,000 scale quadrangle map dated 1979.

Lambert Conformal Conic Projection  
North American Datum 1983  
National Geodetic Vertical Datum of 1929

There may be private inholdings within the boundaries of the National or State reservations shown on this map. Land lines are omitted in areas of extensive tract surveys.

THIS MAP COMPLIES WITH NATIONAL MAP ACCURACY STANDARDS  
In general, BLM Public Lands are open to a number of recreational activities in addition to those that may be highlighted on the map. These activities include camping, fishing, hiking, and hunting. Certain restrictions may apply. Contact appropriate BLM State District, or Field Office for more information.

**NOTE TO MAP USERS**  
The surface and minerals management status overlaid are published as general planning and management tools. Some of the lands, surfaces and mineral rights, may have been shown as patented lands due to the lack of information available to BLM with respect to the nature of acquisition. No warranty is made by BLM for use of the map for purposes not intended by BLM. The official responsible Federal agencies should be checked for up-to-date status on any specific tract of land. Inquiries in the BLM maps should be reported to the appropriate Bureau of Land Management office from which the maps were obtained.

**PUBLIC ACCESS**  
Roads crossing public lands may be travelled by the public unless closed by signing or notice by the land management agency. Public lands managed by private lands may not have public access. Permission is required from the private landowner to cross private land, unless access is provided by a Federal or County road, or a BLM road with legal access.
