NOTE TO MAP USERS
The surface and minerals management status overprints are published as general planning and management tools. Some of this surface and mineral rights have been shown as potential lands due to the lack of information available to BLM with respect to the nature of acquisition. No warranty is made by the BLM for use of the map for purposes not intended by BLM. The official responsible Federal agencies should be checked for up-to-date status on any specific tract of land. Information on the BLM maps should be reported to the respective Bureau of Land Management offices from which the maps were obtained.

PUBLIC ACCESS
Roads crossing public lands may be traveled by the public unless closed by signage or notices by the land management agency. Public lands reserved by private lands may not have public access. Permission is required from the Bureau of Land Management for access to public lands. Access to Federal, State, or County road, or a BLM road with legal access.
