NOTE TO MAP USERS

The surface and minerals management status overprints are published as separate layers to show land ownership only. Rights granted by past mineral rights, may have been reserved or severed. Lands due to the lack of information available to BLM with respect to the nature of acquisition. No warranty is made by the BLM for use of the map for purposes not intended by BLM. The official land records in the respective offices of the Bureau of Land Management or other responsible Federal agencies should be checked for up-to-date status on any specific tract of land. Inadequacies in the BLM maps should be reported to the respective Bureau of Land Management offices from which the maps were obtained.

PUBLIC ACCESS

Roads crossing public lands may be travelled by the public unless closed by signing or notice by the land management agency. Public lands interversed by private lands may or may not have public access established. From the nearest public conveyance to private land, unless access is provided by a Federal, State, or County road, or a BLM road with legal access.
