**NOTE TO MAP USERS**  
The surface and subsurface management status, ownership and other general planning and management tools. Some of the lands, surface and mineral rights, have been shown as patented lands due to lack of information available to BLM with respect to the nature of acquisition. No warranty is made by the BLM for use of the map for purposes not intended by BLM. The official land records in the respective offices of the Bureau of Land Management or other responsible Federal agencies should be checked for up-to-date status on any specific tract of land. Inadequacies in the BLM maps should be reported to the respective Bureau of Land Management offices from which the maps were obtained.

**PUBLIC ACCESS**  
Rights crossing public lands may be exercised by the public unless otherwise by signing or notice by the land management agency. Public lands crossed by private lands may not have public access. Permission is required from the private landowner to cross private land, unless access is provided by a Federal, State, or County road, or a BLM road with legal access.
