Dear Reader:

Enclosed is the Proposed Environmental Assessment (EA) and Finding of No Significant Impact (FONSI) for the Farmington Field Office Farmington Field Office Glade Run Recreation Area (GRRR) Recreation and Transportation Management Plan (R&TMP). The Proposed RMPA/EA was prepared by the Bureau of Land Management (BLM) in consultation with various government agencies, collaboration with various organizations, and taking into account public comments received during this planning effort.

The purpose of the Proposed RMPA is to amend the 2003 Farmington Resource Management Plan to designate Off Highway Vehicle (OHV) use areas, a new boundary for the GRRR, and identify the GRRR as a Special Recreation Management Area (SRMA). In addition, this planning effort identifies selection criteria for routes, designates travel routes, and identifies areas that would be considered for future Recreation and Public Purposes (R&PP) leases.

The need for BLM to prepare the GRRR R&TMP is to meet its regulatory obligations as stated in the 2003 Farmington RMP to develop Travel Management Plans (TMPs) for each travel management unit and to reassess recreation management plans as new regulation, policy, and uses are identified.

Pursuant to BLM's planning regulations at 43 CFR 1610.5-2, any person who participated in the planning process for this Proposed RMPA and has an interest which is or may be adversely affected by the planning decisions may protest approval of the planning decisions contained therein. The designation of OHV use areas as open, limited, or closed, route selection criteria, SRMA designation, and identification of areas open to R&PP leases are protestable planning-level decisions. The Proposed RMPA/EA and FONSI are open for a 30-day protest period beginning September 15, 2014.

For further information on filing a protest, please see the accompanying protest regulations in Attachment 1. The regulations specify the required elements of your protest. Take care to document all relevant facts. As much as possible, reference or cite the planning documents or available planning records (e.g. meeting minutes or summaries, correspondence, etc.). Emailed protests will not be accepted as valid protests unless the protesting party also provides the original letter by either regular mail or overnight delivery postmarked by the close of the protest period. Under these conditions, the BLM will consider the emailed protest as an advance copy and will afford it full consideration. If you wish to provide the BLM with such advance

notification, please direct emailed protests to: protest@blm.gov.

All protests must be in writing and mailed to one of the following addresses:

Regular Mail:

Director (210)
Attn: Protest Coordinator
P.O. Box 71383
Washington, D.C. 20024-1383

Overnight Delivery:

Director (210)
Attn: Protest Coordinator
20 M Street SE, Room 2134LM
Washington, D.C. 20003

All protests must be postmarked on or before October 14, 2014.

Before including your address, phone number, email address, or other personal identifying information in your protest, be advised that your entire protest – including your personal identifying information – may be made publicly available at any time. While you can ask us in your protest to withhold from public review your personal identifying information, we cannot guarantee that we will be able to do so.

The BLM Director will make every attempt to promptly render a decision on each protest. The decision will be in writing and will be sent to the protesting party by certified mail, return receipt requested. The decision of the BLM Director shall be the final decision of the Department of the Interior on each protest. Responses to protest issues will be compiled and formalized in a Director's Protest Resolution Report made available following issuance of the decisions.

Upon resolution of all land use plan protests, the BLM will issue a Decision Record (DR). The DR will be available to all parties at www.blm.gov/nm/gladerunplan.

Unlike land use planning decisions, implementation decisions included in this Proposed RMPA/EA are not subject to protest under the BLM planning regulations, but are subject to an administrative review process, through appeals to the Office of Hearings and Appeals (OHA), Interior Board of Land Appeals (IBLA) pursuant to 43 CFR, Part 4 Subpart E. Implementation decisions generally constitute the BLM's final approval allowing on-the-ground actions to proceed. For example, route designations are an implementation-level decision. Where implementation decisions are made as part of the land use planning process, they are still subject to the appeals process or other administrative review as prescribed by specific resource program regulations once the BLM resolves the protests to land use planning decisions and issues a DR. Further information on appeals will be contained in the DR.

Sincerely,

A handwritten signature in black ink that reads "Gary Torres". The signature is written in a cursive style with a long horizontal stroke extending to the right.
