

FY 2011 Museum Collections Instructions

Qualitative Information (Narrative)

Provide at least one highlight regarding museum collections, as discussed in the IM.

Required by DOI for FY 2011: Please report any partnership agreements related to the management of collections with a brief description of the activity(ies) on a separate sheet. Do not list the repositories providing curation services under a current repository agreement unless the partnership has been expanded in a significant way.

TAB 1. BLM Facilities

This worksheet is to be completed by the three facilities approved to hold BLM museum collections. Review the information and highlight any revisions or corrections .

Enter any new or updated information regarding collection, including:

- the condition of the facility using the 411 DM Checklist and the year assessed;
- item counts by discipline;
- indicate the number that have been cataloged; and
- item counts in good, fair, or poor condition (if known).

Report specific highlights and issues for existing or new repositories in Tab 5, Additions and Withdrawals.

Required by DOI for FY 2011: Please enter the date of last review of scope of collection statement and the date of the last annual inventory completed under the appropriate column headings.

Please share any additional comments within the spreadsheet, on a seperate sheet.

TABS 2 and 3. Non-BLM Repositories-Archaeology and Paleontology

These worksheets are to be completed by all states, and lists non-BLM repositories holding BLM archaeological and paleontological collections. The worksheets are organized by BLM State Office, so the user may scroll to the relevant State Office. Review the information and highlight any revisions or corrections.

Enter any updated information regarding collection, including:

- the condition of the facility using the 411 DM Checklist and the year assessed;
- item counts by discipline;
- indicate the number that have been cataloged;
- item counts in good, fair, or poor condition (if known); and
- indicate if the repository may be holding collections from an NLCS unit.

Required by DOI for FY 2011: Please enter the date of the last annual inventory completed under the appropriate column heading. Also identify under the appropriate column heading, the type and date of any agreement in place, as well as the amount of any funding provided to the repository, including the equivalent value of equipment, supplies, interns, etc.

Please share any additional comments within the spreadsheet, on a seperate sheet.

Tab 5. Additions and Withdrawals

Please report changes in repositories holding BLM collections and update collection information in the “Additions and Withdrawal” worksheet at Tab 5. Also use this worksheet to report any changes to collections information. More detailed instructions and examples are provided in the worksheet.

Tab 6. Repository Condition Assessments.

Review Tab 6 to ensure assessments are current, and to complete assessments for those not current. Repository condition assessments should be completed using the 411 DM Museum Condition Assessment checklist.
