Dear Reader,

Enclosed for your review and information is the Mount Hope Project Final Environmental Impacts Statement (FEIS), prepared by the Bureau of Land Management (BLM), Battle Mountain District's Mount Lewis Field Office (MLFO). The FEIS is a full text document, which also includes all comments received on the Draft Environmental Impact Statement (DEIS) and responses to comments.

This FEIS analyzes the Plan of Operations submitted by Eureka Moly, LLC for the Mount Hope Project, as well as a reasonable range of alternatives. The proposed project would be located in central Nevada approximately 23 miles northwest of Eureka, Nevada.

The FEIS will be available for a minimum of 30 days prior to issuance of a Record of Decision. During the comment period for the DEIS, the BLM received more than 1,900 comments from 941 separate parties. Comment responses and resultant changes in the impact analyses are documented in the FEIS.

If you would like any additional information, please contact Gloria Tibbetts at (775) 635-4060 or [gtibbetts@blm.gov](mailto:gtibbetts@blm.gov).

Sincerely,

Christopher J. Cook

Field Manager

Mount Lewis Field Office
