Dear Interested Public:

The Bureau of Land Management (BLM) Elko Field Office has prepared an Environmental Assessment for the Tuscarora Sagebrush Habitat Restoration Initiative. The public is invited to review this document before the Decision Record is signed.

The Tuscarora PMU Sagebrush Habitat Restoration Initiative would be an integrated approach to restore degraded or declining sagebrush habitat. Treatments proposed include: seed bed preparation using mechanical and/or chemical methods, desirable species seedings by rangeland drill and/or aerial broadcasting, seedling plantings, as well as protective fencing and livestock grazing closures.

The environmental document for the restoration project is available on line at http://www.blm.gov/nv/st/en/fo/elko_field_office/blm_information/nepa.2.html or go the BLM Elko Field Office home page, click on Information, click on NEPA, and then scroll down to Environmental Assessments. Your comments are requested by November 30, 2009.

For questions or more information, please contact Tom Warren at (775) 753-0355, email twarren@nv.blm.gov, or mail to the BLM Elko District Office.

Sincerely,

/s/ Steve Dondero

Steve Dondero
Tuscarora Field Manager
