Dear Interested Party:

Midway Gold Corporation (MGC) Resources Inc. is proposing to continue exploring the Pan Project area for gold using reverse circulation and core drilling techniques. The project area is located in west White Pine County in the Pancake Range approximately 5 miles south of Highway 50. MGC is currently authorized to disturb 25 acres. In addition to drill road and pad construction, MGC is also proposing to excavate exploration trenches, develop a new access road into the site, construct nine groundwater monitoring wells, and add other exploration related facilities. This proposed amendment will increase ground disturbance from 25 to 100 acres in White Pine County, Nevada (see attached map).

Legal Location: T. 16 N., R. 55 E., Sec: 1, 2
T. 17 N., R. 55 E., Sec: 23, 24, 25, 26, 35, 36

Following this public scoping period, the BLM will prepare an Environmental Assessment (EA) to analyze potential effects from this ground disturbing activity. Public comments are always greatly appreciated and are an important step in the National Environmental Policy Act (NEPA) process. Comments on this proposed action and requests for additional information should be sent to the Egan Field Office, attn: Miles Kreidler at the above address, by FAX at (775) 289-1910, or by e-mail at Miles_Kreidler@blm.gov.

Also please note, before including your address, phone number, e-mail address, or other personal identifying information in your comment, be advised that your entire comment –including your personal identifying information –may be made publicly available at any time. While you can ask us in your comment to withhold from public review your personal identifying information, we cannot guarantee that we will be able to do so.

Please submit any comments by February 18, 2011. Thank you for your interest in Public Lands.

Sincerely,

Gary W. Medlyn
Field Manager
Egan Field Office
