Dear Interested Party;

EOG Resources, Inc. has submitted a Notice of Staking, to be followed by an APD, to drill a gas well – Sugarloaf 1-17 - in Jakes Valley, approximately 23 miles northwest of Ely, White Pine County, Nevada: T 18 N, R 17 E, Sec 17 SW ¼. Drilling is scheduled for the summer of 2008.

Total new disturbance for the project would be approximately seven acres composed of a four acre well location, 0.4 miles of constructed access road, and 1.4 miles of widened existing graveled road. A temporary water well would be drilled on the location. Gravel for surfacing the well location and access roads would be obtained from construction of the well location and, if needed, though a sales contract from a nearby source. Reclamation would consist of recontouring and reseeding the well location pad, the constructed access road, and pulling back the existing access road to its existing width.

The area is known to contain important wildlife such as deer, elk, pronghorn, and sage grouse. Field surveys are in progress for other wildlife, sensitive species including pygmy rabbits, and cultural resources. It is within the Moorman Ranch grazing allotment.

An Environmental Assessment is being prepared. Comments on the proposal and requests for additional information should be sent by June 20, 2008 to Bill Wilson at [William.Wilson@nv.blm.gov](mailto:William.Wilson@nv.blm.gov), by mail at the above address, or by phone at (775) 289-1882.

This, and subsequent information, may be available on the new Ely BLM website under “NEPA”: [http://www.blm.gov/nv/st/en/fo/ely\\_field\\_office.html](http://www.blm.gov/nv/st/en/fo/ely_field_office.html).

Thank you for your interest.

Sincerely,

Jeffrey Weeks  
Field Manager
