

**Regional Mitigation Planning
Dry Lake Solar Energy Zone Pilot Project**

**Workshop Discussion Topics
August 29-30, 2012**

1. Has the BLM omitted any important elements in its Regional Mitigation Planning Framework (RMPF)? See p. 2 of the Framework/Action Plan.
2. How can the RMPF be improved?
3. Are key steps missing from the Framework/Action Plan? See Figure 1 of the Framework/Action Plan.
4. Are there any important stakeholders that are not represented at this workshop?
5. What do you need in order to effectively participate as a stakeholder?
6. How do you see your organization being involved or participating in the Dry Lake SEZ Regional Mitigation Plan pilot?
7. Are there existing and relevant data, studies, or models that should be used in developing the Dry Lake SEZ Regional Mitigation Plan?

If you or your organization would like to provide written responses to these questions, please send them by email by September 7, 2012 to drylakemitigation@blm.gov.
