SOUTHERN NEVADA PUBLIC LAND MANAGEMENT ACT of 1998, as amended
Funding Status of SNPLMA Acquisition, Improvement, and Conservation Programs as of January 31, 2008

GRAND MATRIX NOTES:

1. The "Status" column is used to track compliance with the SNPLMA business rules, and reflects the overall status of the acquisition or project. The statuses used are:

- FA = Funding Available
- TO = IGO or Task Order issued/Funds Transferred
- OH = Placed On-Hold
- TR = Terminated
- CL = Closed
- DR = Deed Recorded
- TA = Title Accepted by Solicitor (Acquisitions only).

2. Once funds are available, an IGO or a Task Order must be issued within 1 year for Acquisitions or Projects. Once the IGO/Task Order has been issued, the acquisition must go to contract within one year and the project completed within the timeframe specified in the executed IGO/Task Order.

3. Other acronyms used include the following:

- BRA – Budget Reallocation (Approved January 21, 2005.)
- NAC – New Allowed Costs (Approved June 25, 2004 for Capital Improvements, Conservation Initiatives, Environmentally Sensitive Land Acquisitions, and Multi-Species Habitat Conservation Plans. New Allowed Costs for Parks, Trails, and Natural Areas were approved on August 05, 2004.)
- PPP – Pre-Proposal Planning Fund (Approved February 7, 2006.)
- SAR – Special Account Reserve. (Rounds 2 – 6.)

4. New Allowed Cost (NAC) funds, in the amount of \$7,199,200, were approved for Rounds 1 - 4 Capital Improvements (\$5,108,208), Conservation Initiatives (\$1,314,903), Environmentally Sensitive Land Acquisitions (\$640,089), and Multi-Species Habitat Conservation Plans (\$136,000). These funds, which were derived from the Round 4 SAR were authorized for expenditure by the Executive Committee and reflected in the June 2004 Implementation Agreement. New Allowed Costs for Parks, Trails, and Natural Areas, in the amount of \$5,217,200, were approved by the Secretary of Interior as a Round 5 line item. These funds were not derived from the SAR.

5. Ten-percent contingencies were authorized beginning in Round 2. Furthermore, contingencies are authorized for Environmentally Sensitive Land Acquisition, but the expenditure of ten percent over estimated costs is not included in the budget. Acquisition contingency funding is not included in the budget figures because the funds needed to cover these costs are generally available as a result of acquisitions completed below the approved amount or due to acquisitions that cannot be completed. Project contingencies of ten-percent are budgeted.

6. The Multi-Species Habitat Conservation Plan program is on a two-year budget cycle and is funded at 100% due to the payroll intensive nature of the work.

7. "Designated Amount" represents the estimated cost of the acquisition or project approved by the Secretary. For some of the early Rounds, the cumulative designated amount for a category and round does not equal the "Secretarial Approved Funding". In this case, cumulative allocations, obligations, disbursements, and transfers are limited to the approved budget.

8. The Round 5 PTNA budget includes the original Secretarial Approval on August 5, 2004, the Tier 2 approval on October 28, 2004 for additional projects, and the additional approval for the Regional Park (Craig Ranch Golf Course).

9. Lake Tahoe Restoration Projects - Project Number codes (comprised of four alpha-numeric character sequences):

- B ___ = Bureau of Reclamation
- C ___ = Army Corp of Engineers
- E ___ = Environmental Protection Agency
- F ___ = U.S. Forest Service
- H ___ = Federal Highway Administration
- N ___ = Natural Resource Conservation Service
- U ___ = U.S. Geological Survey
- W ___ = U.S. Fish & Wildlife Service
