

Southern Nevada Public Land Management Act of 1998, as Amended

Multi-Species Habitat Conservation Plans - Project Summary

Round 15

Project Name: Desert Tortoise Monitoring

Round: 15 **Tab #:** 1 **Priority #:** 1

County: Clark

Location: Boulder City Conservation Easement, Gold Butte ACEC, Mormon Mesa ACEC, Piute-Eldorado Valley ACEC, and Coyote Springs ACEC

Nominating Agency/Entity: CC

Funding Requested: \$1,077,373

Recommended Funding: \$1,077,373

Project Description:

The Desert Conservation Program (DCP) will implement desert tortoise monitoring using line distance sampling within Clark County, NV. This project will generate three yearly estimates of Mojave desert tortoise population density over a five year period within the Boulder City Conservation Easement, and the following Areas of Critical Environmental Concern (ACEC): Gold Butte, Mormon Mesa, Piute-Eldorado Valley, and Coyote Springs.

Southern Nevada Public Land Management Act of 1998, as Amended

Multi-Species Habitat Conservation Plans - Project Summary

Round 15

Project Name: Restoration on Clark County Virgin River Riparian Reserve Units

Round: 15 **Tab #:** 2 **Priority #:** 2

County: Clark

Location: Clark County Virgin River Riparian Reserve Unit

Nominating Agency/Entity: CC

Funding Requested: \$214,150

Recommended Funding: \$214,150

Project Description:

The Desert Conservation Program (DCP) will conduct riparian habitat restoration on the Clark County Virgin River Riparian Reserve Unit in Clark County, NV to restore and enhance habitat for the endangered southwestern willow flycatcher and other covered riparian birds as part of the implementation of the Multiple Species Habitat Conservation Plan (MSHCP).
