Burning Man 2011 Special Recreation Permit

I have reviewed this Documentation of Land Use Plan Conformance and Determination of NEPA Adequacy (DNA) and have determined that the proposed action is in conformance with the approved land use plan (RMP for Black Rock Desert-High Rock Canyon Emigrant Trails National Conservation Area and Associated Wilderness, and other Contiguous Lands in Nevada, 2004).

On the basis of the information contained in the DNA Worksheet (attached), it is my determination that implementation of the proposed action will not have environmental impacts beyond those already addressed in Environmental Assessment NV-020-06-EA-11, Burning Man 2006-2010 Special Recreation Permit; DR/FONSI dated 06/07/2006.

All of the attached stipulations are consistent with and apply to the approval of this action. Therefore, it is my decision to allow for the project, as described in the DNA Worksheet.
