

Appendix G: Grazing allotments

Orange= Not Functional	Green= Functional Project	Blue outline= water right
------------------------	---------------------------	---------------------------

Project Name	Improvement Type	Project File Number	Year Constructed	Maintenance Responsibility	Functional at wilderness designation?	Condition at Most Recent Inspection	Comments	Wilderness Area
--------------	------------------	---------------------	------------------	----------------------------	---------------------------------------	-------------------------------------	----------	-----------------

Bare Allotment

WFO FID 1631	CATCHMENT	Pending	UNK		Y	Functional 2008	No project marker	Little High Rock Canyon
WFO FID 1632	CATCHMENT	Pending	UNK		Y	Functional 2008	No project marker	Little High Rock Canyon
Dusty Pit Reservoir	RESERVOIR	124575	1980	BLM	Y	Functional 2010	No revegetation noted in 1979 WSA inventory.	Little High Rock Canyon
Boundary Reservoir	RESERVOIR	124260	1975	User	Y	Functional 2008	No revegetation noted in 1979 WSA inventory.	Little High Rock Canyon
High Reservoir	RESERVOIR	124270	1975	User	Y	Functional 2008	Little revegetation noted in 1979 WSA inventory.	Little High Rock Canyon
Outcrop Spring	TROUGH	124632	1979	User	N	Not Functional 2008	This is a developed spring and fence enclosure with trough - no reservoir	Little High Rock Canyon
Bottle Neck Spring	TROUGH	124282	1975	User	N	Not functional 2008	Trough and fence enclosure.	Little High Rock Canyon

Buffalo Hills

Harry Spring #2	TROUGH	520988	1966	User	Y	Functional 2008	Need to clean troughs	High Rock Lake
Buck Springs #1	DEVELOPED SPRING	520989/ 520990	1966	User	Y	Functional 2009	Replaced and fixed enclosure around spring. See 520990 files	Calico Mountains
Buck Spring #2	TROUGH	520990	1966	User	Y	Functional 2009	Last inspection indicated trough would need to be replaced, trough failed	Calico Mountains
Minor Spring	DEVELOPED SPRING	520985	1966	User	Y	Functional 2008	A.K.A. Burro Spring; Trough, headbox, and pipe.	Calico Mountains
McCarty Spring	DEVELOPED SPRING	521032	1966	User	Y	Functional 2008	Headbox and part of pipeline within wilderness, remaining pipe and trough are outside wilderness	Calico Mountains
Elderberry Spring	DEVELOPED SPRING	524651	1975	User	Y	Functional 2008	Trough, headbox, and pipe. Needs repair	Calico Mountains
Mud Spring	DEVELOPED SPRING	524666	1975	User	Y	Functional 2008	Headbox, single trough and pipe. No project marker. Need to remove discarded trough, pipe, posts, and wire.	Calico Mountains
Calico Exclosure	EXCLOSURE	Pending	UNK		Y	Functional 2010	Barb wire and t-post enclosure.	Calico Mountains
Donnelly Peak Exclosure	EXCLOSURE	Pending	UNK		Y	Functional 2010	Barb wire and t-post enclosure.	Calico Mountains
Chicken Spring	DEVELOPED SPRING	524654	1975	User	N	Not Functional 2008	Project marker lying on ground. pipe disconnected, trough rusted through. No headbox found. Reported functional in poor condition in 1989.	Calico Mountains
Government Spring	DEVELOPED SPRING	Pending	UNK		N	Not Functional 2008	No use for many years (>10?) several old sheep troughs	Calico Mountains
Van Vleck Pipeline	DEVELOPED SPRING	4685	UNK		Y		One new trough 2007 1 old trough and catchment	Calico Mountains

Denio

Al Owens Spring	DEVELOPED SPRING	124713	1981	BLM	Y	Not Functional 2008	One small water tank and trough noted in 1979 WSA inventory. No project marker. Headbox 43' pipe to north pasture trough, pipe extends through enclosure approx 300' to south pasture trough. Both troughs rusted through and pipe broken several places 2008.	Little High Rock Canyon
-----------------	------------------	--------	------	-----	---	---------------------	--	-------------------------

Project Name	Improvement Type	Project File Number	Year Constructed	Maintenance Responsibility	Functional at wilderness designation?	Condition at Most Recent Inspection	Comments	Wilderness Area
Wagontire Spring	TROUGH	4583	198?	User	Y	Not Functional 2008	Approx 150 feet from road centerline. Water piped from spring source on opposite side of road within fence enclosure. Water running out on ground and three discarded troughs.	Little High Rock Canyon
South Wagontire	TROUGH	4583	UNK		Y	Not Functional 2008	Several hundred feet from road. Serves two pastures. Rusted out and no water	Little High Rock Canyon
Cranberry Pit Reservoir	CATCHMENT	124731	1982	User	N	Not Functional 2008	No water available	Little High Rock Canyon
Big Mahogany Reservoir	CATCHMENT	120605	1950	User	N	Not Functional 2008	Not able to hold water.	Little High Rock Canyon
Davis Reservoir #1	CATCHMENT	120609	1950	User	N	Not Functional 2008	No project marker found. 10-12 feet deep, but not able to hold water.	Little High Rock Canyon
Davis Reservoir #2	CATCHMENT	120611	1950	User	N	Not functional 2006		Little High Rock Canyon

Home Camp Allotment

Arsenic Reservoir	CATCHMENT	120764	1968	User	Y	Functional 2010	Holds water only seasonally during spring	High Rock Canyon
-------------------	-----------	--------	------	------	---	-----------------	---	------------------

Jackson Mountain Allotment

Indian Spring	DEVELOPED SPRING	5204132	UNK	User	Y	Functional 2010	Trough and catchment. mislabeled as little buckbrush and duplicate with WFO 1640	South Jackson Mountains
Salt Water Well	WELL	Pending	UNK		Y	Functional 2010	Trough and catchment	Black Rock Desert
3C Well	WELL	520401	1946	User	Y	Functional 2009	Need repair AKA Seep Springs	Black Rock Desert
Little Buckbrush Spring	TROUGH	520240	1962	User	Y	Functional 2010	A.K.A. White Point Spring. Replaced in 2007.	South Jackson Mountains
Bliss Canyon Spring	DEVELOPED SPRING	Pending	UNK		Y	Functional 2010	Trough, spring box, and catchment. No project marker.	South Jackson Mountains
Bull Canyon Branding Trap	BRANDING TRAP	Pending	UNK	User	Y	Functional 2010	Barb wire and t-post branding corral. Within cherry stem	South Jackson Mountains
Clover Canyon Branding Trap	BRANDING TRAP	Pending	UNK	User	Y	Functional 2010	Barb wire and t-post branding corral. Within cherry stem	South Jackson Mountains
New Year's Canyon Spring	DEVELOPED SPRING	Pending	UNK		N	Not Functional 2008	Trough half-full of soil and plants. Connected to 2" galv pipe from spring (no headbox found). Does not appear to have been functional for more than 10 years. Pre-wilderness route was likely for access to mining works near top of ridge and probably not originally for range development.	North Jackson Mountains
Hay-Quinn Rural Well	WELL	520285	1944	User	N	Not functional 2002	RIPS report places this project in the Wilder-Quinn allotment. John DeLong stated in letter this is also known as "Black Rock Well", and attached map shows route within wilderness for access.	Black Rock Desert
Delong Well	WELL	520283	UNK	User	N	Not functional 2010	Trough existing ; windmill gone	South Jackson Mountains
Telamidas Spring #1	DEVELOPED SPRING	Pending	UNK		UNK	Not functional 2010	Head box	South Jackson Mountains
Telamidas Spring #2	DEVELOPED SPRING	Pending	UNK		UNK	Not functional 2010	Head box	South Jackson Mountains
Cedar Creek	DEVELOPED SPRING	Pending	UNK		UNK	Not functional 2010	Headbox, old trough, old pipe.	South Jackson Mountains
Lower Horse Pasture	RESERVOIR	Pending	UNK		N	Not functional 2006		Black Rock Desert

Leadville Allotment

WFO FID 1635	CATCHMENT	Pending	UNK		Y	Functional 2008		Little High Rock Canyon
Harry Spring #4	TROUGH	524156	1966	User	Y	Functional 2007	Trough at end of pipeline functional, but pipeline no moving water. Trough on Buffalo Hills side not functional and outside wilderness area.	Little High Rock Canyon

Project Name	Improvement Type	Project File Number	Year Constructed	Maintenance Responsibility	Functional at wilderness designation?	Condition at Most Recent Inspection	Comments	Wilderness Area
Dusty Pit	RESERVOIR	Pending	UNK		Y	Functional 2010	On division fence between Bare and Leadville; Bare Project #124575	Little High Rock Canyon
Butte Spring	TROUGH	520983	1967	Other Federal	Y	Not Functional 2008	One trough and catchment on SFO side and one trough and catchment on WFO side. Two troughs, broken pipeline, headbox authorized. Project marker blank	Little High Rock Canyon
Horseshoe Spring	TROUGH	524176	1971	Other Federal	U	Not Functional 2008	Actual location just east of fenceline. No project marker	Little High Rock Canyon
Smokey Spring	DEVELOPED SPRING	524265	1972	Other Federal	N	Not Functional 2008	Project marker blank. Trough rusted out. Source dry 4/24/08. 1979 WSA inventory noted trough and catchment with non-constructed route to it showing little use.	Little High Rock Canyon
WFO FID 660	RESERVOIR	Pending	UNK		Y	Not functional 2006	Not holding water.	Little High Rock Canyon

Massacre Allotment

Grassy Rock Spring	DEVELOPED SPRING	125265	1985	User	N	Not Functional 2009	trough disconnected not holding water, needs catchment	High Rock Canyon
Grassy Meadow Reservoir	RESERVOIR	124218	1974	BLM	Y	Functional 2010	Holds water	High Rock Canyon
Grassy Rock Reservoir	RESERVOIR	Pending	UNK		Y	Functional 2010	Holds water	High Rock Canyon
WFO FID 1693	CATCHMENT	Pending	UNK		Y	Functional 2007	noted as very small in 1979 WSA inventory.	High Rock Canyon
WFO FID 1697	CATCHMENT	Pending	UNK		Y	Not Functional 2008		Little High Rock Canyon
Dry Spring	CATCHMENT	Pending	198?	User	Y	Functional 2008	Holding 8"-12" water in 36' diameter catchment. Was inspected on 06-05-1986 and reported to be functional, but often dry prior to end of grazing season.	High Rock Canyon
Black Canyon	CATCHMENT	120491	1949		N	Not Functional 2008	Revegetated in 1979 WSA inventory.	High Rock Canyon
(North of boundary road 572 feet)	CATCHMENT	Pending	UNK		N	Not Functional 2008	Holds water only seasonally during spring	High Rock Canyon
Cherry Spring	DEVELOPED SPRING	120039	1960		N	Not functional 2007	Stock tank and small catchment noted in 1979 WSA inventory.	Little High Rock Canyon
Mustang Spring	CATCHMENT	Pending	UNK		N	Not Functional 2010	Catchments on both sides of division fence; broken dam and full of sediment	East Fork High Rock Canyon
Laxaque Spring	TROUGH	124871	1982	User	N	Not Functional 2007	Needs repair. Horizontal well, trough need leveled with overflow to a catchment	Little High Rock Canyon

Nut Mountain Allotment

Lower Hanging Rock Reservoir	RESERVOIR	124826	1985	User	Y	Functional	Project marker on east side. Holding very little water on 5/22/08	East Fork High Rock Canyon

Paiute Meadows Allotment

Pinto Windmill	WELL			User	Y	Functional 2010	Has solar well, with concrete trough and old windmill tower, located outside of wilderness access to it is through wilderness. Need overflow plumb to catchment, water going out overflow hole in trough and standing on ground around trough undermining it, instead of collecting in catchment.	Black Rock Desert
White Rock Spring	CATCHMENT	520103	UNK		Y	Functional 2008		Pahute Peak
Burnt Springs Reservoir	RESERVOIR	520047	1955	User	N	Not Functional 2010		
Running Water Spring (aka Parman Spring #2)	DEVELOPED SPRING	524319	1969	User	N	Not Functional 2005		Pahute Peak
Mahogany Spring	DEVELOPED SPRING	524362	1946	User	U	No record of inspection, no development visible	need to verify exact location	Pahute Peak
Drip Spring	DEVELOPED SPRING	520714	1956	User	N	Not Functional 2009	Needs trough replaced and catchment	Pahute Peak

Project Name	Improvement Type	Project File Number	Year Constructed	Maintenance Responsibility	Functional at wilderness designation?	Condition at Most Recent Inspection	Comments	Wilderness Area
Horse Spring (aka Trough Spring)	DEVELOPED SPRING	Pending	UNK		N	Not functional 2009	Needs trough, catchment and spring source protection	Pahute Peak
White Rock Pipeline	TROUGH	520103	1947	User	N	Not Functional 2009	Two troughs associated with White Rock pipeline #520264	Pahute Peak
Crowbar Spring	DEVELOPED SPRING	524359	1946	User	N	Not functional 2009	Needs well inspected, replace windmill or solar pump, trough appear o'kay and catchment could be cleaned out.	Black Rock Desert
Cherry Springs	TROUGH	Pending	UNK		N	Not Functional 2009	One trough appears spring source dried up or water line from source broken	Pahute Peak
Pidgeon Spring (aka Lower Pigeon Spring)	DEVELOPED SPRING	520119	1947	User	N	Not Functional 2009	Needs trough replaced and catchment	Black Rock Desert
Cancer Spring	DEVELOPED SPRING	Pending	UNK		N	Not Functional 2009	Needs trough replaced and catchment with spring source protection	Pahute Peak
Pine Forest Allotment								
Black Rock Desert Well	WELL	520790	1959	User	N	Not Functional 2004	tower and trough only- windmill on ground	Black Rock Desert
Lichlyter Well	WELL	520826	1958	User	N	Not Functional 1977	need to verify location. 110 feet deep, no road, no pump	Black Rock Desert
Soldier Meadows Allotment								
Harry Spring #1	DEVELOPED SPRING	520984	1966	Other Federal	Y	Functional 2008	Single headbox runs to upper trough in Soldier Meadows (clogged and gang-plumbing failing 2008), and lower trough in Buffalo Hills (needs cleaning 2008), and to pipeline along road which supplies another trough in Buffalo Hills, and a trough in Leadville	High Rock Lake
Dirt Reservoir	RESERVOIR	Pending	UNK		Y	Functional 2007	Usually dry by July and not reliable	East Fork High Rock Canyon
Box Reservoir	RESERVOIR	520008	1939		Y	Functional 2010	Project files wrong-- just a reservoir	East Fork High Rock Canyon
WFO FID 1496	EARTH TANK	Pending	UNK		N	Functional 2008	Functionality likely due to timing of inspection. Some water 5/23/08 also knows as boundary road catchment	East Fork High Rock Canyon
Mustang Spring Reservoir	CATCHMENT	Pending	UNK		N	Not functional 2009	Burn on Soldier Meadows side of fence breached. Water flowing in July 2008, but catchment not holding any.	East Fork High Rock Canyon
Black Buttes Reservoir	RESERVOIR	Pending	UNK		N	Not functional 2010	Earthen dam failed	East Fork High Rock Canyon
Wall Canyon East Allotment								
Yellow Hills Well #2	WELL	120567	1968	User	Y	Functional 2009	Windmill storage tank trough and catchment	East Fork High Rock Canyon
Shoestring Well	WELL & WINDMILL	124844	1984	User	N	Not Functional 2010	Route 930 feet from boundary road to tower. Rods pulled, Windmill on ground, half of windmill motor missing, and electric pump wiring disconnected	East Fork High Rock Canyon
Yellow Hills Well #1	WELL & Windmill	120963	1956	User	N	Not Functional 2010	Tower and vane standing- windmill on ground.	East Fork High Rock Canyon
Deer Creek Allotment								
No projects identified								North Jackson Mountains, Black Rock Desert
Happy Creek Allotment								
Happy Creek 1723	CATCHMENT	Pending	UNK		Y	Functional 2008	Sidehill seep with shallow catchment dug in	North Jackson Mountains
