Dear Mr. Peterson:

This letter is written as authorization for the 2010 Burning Man Event Special Recreation Permit (SRP). Black Rock City LLC is authorized to conduct the Burning Man event for the fifth year of a five year permit. Enclosed with this authorization are the permit and stipulations for the event. The event is approved for the 2008 location, "Site C," as identified in the environmental assessment and the stipulations for the permit.

It is important that you read and comply with the special stipulations. Stipulation #2 incorporates the revisions that were made to your operating plan for 2009, which resulted in a dramatic decrease in the number of stipulations when compared to previous years.

Other important considerations include:

- Conduct the appropriate and required coordination with the various cooperating agencies.
- Post and maintain copies of the permit, permit stipulations and closure orders in the locations and by the dates specified in stipulation number six (6).
- Maintain a valid insurance policy that names the U.S. Government as additionally insured.
- Make the scheduled fee payments, which are identified in the permit stipulations and cost recovery agreement (See numbers 25 and 26 of the attached stipulations).
- Sign and return a copy of the stipulations.

We look forward to working with your staff to conduct another safe and successful Burning Man event. If you should have any questions, please contact Cory Roegner at (775) 623-1500 or by e-mail at cory_roegner@nv.blm.gov.

Sincerely,

Roger Farschon
