Dear Penny Woods,

As a concerned resident of the State of _____(UT/NV) and a member of the _____ Tribe I have great concerns about the proposed Pipeline and Right of Way being sought by the Southern Nevada Water Authority. Please select the "No Action Alternative" which is the only option that will protect this beautiful region for future generations.

Here is why:

The Withdrawal of ground water will separate the connection between the Goshute People and the resources that sustain them. The Goshute people have survived hardship, the massacres that were inflicted on them, all the family members who lost their lives, but they could not survive without water. Water is important, we use water in our prayers and every thing we. Please think of us.

Sincerely,

Genevieve Fultz (Signature)
