Dear Penny Woods,

As a concerned resident of the State of NV (UT/NV) and a member of the Shoshone Tribe I have great concerns about the proposed Pipeline and Right of Way being sought by the Southern Nevada Water Authority. Please select the "No Action Alternative" which is the only option that will protect this beautiful region for future generations.

Here is why:

I am a resident of Ely, NV. I enjoy
hunting, gathering - pine nuts, wild berries, and
fishing. I do believe that the taking of
underground water will have a negative
effect on all plants and animals.
The underground water table will lower
and the natural springs and lakes
will dry up.

Sincerely,

Victor Whitack (Signature)
