Dear Penny Woods,

As a concerned resident of the State of UT (UT/NV) and a member of the Navajo Tribe I have great concerns about the proposed Pipeline and Right of Way being sought by the Southern Nevada Water Authority. Please select the "No Action Alternative" which is the only option that will protect this beautiful region for future generations.

Here is why:

My daughter who is 10 mths and is part of the goshute as well as the Navajo tribes is on the path of learning where she comes from. When she gets older we would like her to learn about her surroundings and most of all where her family came from. If the SNWA ~~approves~~ ^{continues} their plan it will take her tradition(s) away. People say that cultures are slowly going to fade away because ~~they~~ didn't learn when they were young and I don't want my daughter growing up not knowing her languages

Sincerely,
