Subject: I OPPOSE The Clark, Lincoln, and White Pine Counties Groundwater Development Project

As a Utah native, resident, and proud conservationist I have to voice my opinion that the request of the Southern Nevada Water Authority to create a 300 mile pipeline aimed to steal groundwater from Utah and Nevada is just WRONG!

Las Vegas has made their bed and they should lie in it. Once a vast source of water and now a depleted money pit, Las Vegas should be ashamed of their waste. Why should future Utah generations pay the ultimate price for Las Vegas' mistakes?

Please consider alternatives that do not involve a groundwater depleting pipeline.

Sincerely,

Mason Fetzer
