Subject: Pipeline DEIS

If the pipeline is approved, the project is approved.

Two hundred feet of water table draw down is approved.

So many animals, so many plants, so many cultures will die.

It must be hard, when power speaks, to know you must obey.
Despite the pledge you took to preserve and protect the creatures,
the cultures, the grasses, you must obey.

I'm so sorry.

Peter Ford, Tonia Harvey
Baker, NV
