Dear Penny Woods,

As a concerned resident of the State of UT (UT/NV) and a member of the Goshute Tribe I have great concerns about the proposed Pipeline and Right of Way being sought by the Southern Nevada Water Authority. Please select the "No Action Alternative" which is the only option that will protect this beautiful region for future generations.

Here is why:

I don't want to see the future of our youth pay for something they will have no control over. This will be the start to the end of all things. Our youth will have to look forward to a new earth.

Sincerely,
