Subject: water pipeline

To whom it may concern:

I am writing to protest the moving of billions of gallons of water from Utah to southern Nevada via the pipeline proposed by the Southern Nevada Water Authority. This is the Owens Valley all over again, only worse. To take groundwater from an already dry area--one inhabited by Goshute Indians and ranchers, among others, to send to Las Vegas is unconscionable. We should be working toward living within our watersheds, not stealing water from others. I strongly oppose the building of this pipeline and any other scheme that would take water from western Utah to southern Nevada.

Thank you,

Elaine Thatcher
