Subject: Recreation Fee Proposals

To: Forest Supervisor, H-T NF

The Region 4 Recreation Fee Board has reviewed and approved your proposal for new fees on the Ely Ranger District of the Humboldt-Toiyabe National Forest. Your proposal was well prepared and organized. All requirements for site description, financial analysis, and public participation were met. We do recommend however, that you consider a site type and name change for both areas pending approval, as the present names will no longer represent the services offered at the sites. Your proposal is now ready to be submitted to the Nevada Recreation Advisory Committee (RAC) by the process and date they specify.

If you have any questions regarding the Recreation Fee Board review or would like assistance with your RAC presentation, please contact Carol Ryan, Regional Fee Program Coordinator, at 801-625-5171, or myself at 208-634-0701.
