

Wednesday, September 13th

# Great Hall

# Charles Hunter

# Vermillion

# Yankee Meadows

Time	Title	Author(s)	Time	Title	Author(s)	Time	Title	Author(s)	Time	Title	Author(s)
8:00 AM	Wind-blown Sandstones: Recorders Of Ancient Earthquakes, Animal Activity, And Atmospheric Circulation	David B. Loope	8:00 AM	Soil Survey Of GSENM, A Comprehensive Framework For Planning, Adaptive Management, And Research	Kent Sutcliffe Mark E. Miller	8:00 AM	Early Holocene Occupations At North Creek Shelter: A Stratified Site In Escalante Valley	Joel C. Janetski David Yoder Bradly Newbold	8:00 AM	GSENM Recreational Impact Monitoring Program: Trends In Recreation Impacts In The Backcountry And Dispersed Areas	Pam Foti
8:30 AM	Education And Adventure: High School Students And Paleontology Research Within GSENM	Don Lofgren	8:30 AM	Integrating Concepts Of Ecological Sites, State and Transition Models, And Indicators Of Rangeland Health Into Ecosystem Management Programs	F.E. "Fee" Busby Shane Green	8:30 AM	Excavations At The Tommy Turf Site 42ka6032 Kane County, Utah	Matthew Zweifel Jeanette Matovich Ronald Rood	8:30 AM	Front Country Visitor Use Study For GSENM	Steven W. Burr
9:00 AM	The First Record Of Cenomanian Insect Body Fossils From The Kaiparowits Basin	A.L. Titus	9:00 AM	Broad-scale Assessment Of Upland Ecosystem Conditions In GSENM, A Preliminary Evaluation Of Results In Relation To Concepts Of Soil Quality	Mark E. Miller	9:00 AM	Akchin On The North Kaibab	Donald R. Keller	9:00 AM	Socio-Economic Trends And Transitions	Rebecca Carter
9:30 AM	Collection Of Vetebrate Fossils And Associated Taphonomic Data From The Late Cretaceous Kaiparowits And Wahweap Formations	M.A. Getty	9:30 AM	Using Biological Soil Crusts As An Indicator Of Rangeland Health	Bowker M.A. J. Belnap Mark E. Miller	9:30 AM	Formative Period Settlement Patterning In The Northern GSENM	Deborah C. Harris	9:30 AM	Learning From Contesting The Land In GSENM	Julie Brugger
10:30 AM	The Cretaceous Aged Lizard Faunas Of GSENM	Randall L. Nydam	10:30 AM	How Much Do Mycorrhizal Fungal Communities Contribute To The Soil Stability Of Arid Ecosystems?	V. Bala Chaudhary T.E. O'Dell M.C. Rillig A.E. Redman N.C. Johnson	10:30 AM	Architecture And Cultural Identity Along The Fremont-Anasazi Interface	Richard K. Talbot	10:00 AM	Using Secondary Data To Estimate Community-Resource Linkages in GSENM	Tessema E. Mekbebe Dale J. Blahna Robert J. Lillieholm
11:00 AM	Overview Of Vertebrate Taxa From The Late Cretaceous Tropic Shale, Southern Utah	L.B. Albright	11:00 AM	Landscape Scale Assessment Of GSENM	T.J. Stohlgren Mark E. Miller P. Evangelista A. Crall D. Guenther N. Alley M. Kalkhan	11:00 AM	Hopi Perspectives On The Archaeology Of GSENM	Wesley Bernardini Leigh Kuwanwisiwma Lyle Balenquah Lanell Poseyesva	10:30 AM	Community Structure Of Flies In GSENM: Differences In Occurrence And Abundance At Two Sites, Spring 2000 And Spring 2005	Tim B. Graham Sarah J. Foltz
11:30 AM	GSENM: A New And Critical Window Into The World Of Dinosaurs	Scott D. Sampson	11:30 AM	Using Packrat Middens To Assess How Grazing Influences Vegetation Change In Glen Canyon National Recreation Area, Utah	Jessica Fisher Kenneth L. Cole R. Scott Anderson	11:30 AM	Dating Aboriginal Rock Art By XRF Chemical Analysis	Farrel W. Lytle Nicholas E. Pingitor Peter D. Rowley Dawna Ferris-Rowley	11:00 AM	Differences In Ant Community Structure At Two Sites In GSENM: Changes Over Time In Response To Drought Or Anthropogenic Disturbances	Tim B. Graham Wyatt I. Williams
12:00 PM	Discovery, Excavation, Preparation, And Preliminary Description Of The Skull Of A New Centrosaurine Ceratopsian From The Wahweap Formation Of GSENM	Donald D. DeBlieux Jim Kirkland	12:00 PM	Session Discussion		12:00 AM	The Southern Utah Oral History Project: Capturing Chronicles	Marsha Holland Marietta A. Eaton	11:30 AM	Ecology Of Mexican Spotted Owl Prey In GSENM	David Willey Justin Cooper
2:00 PM	Ornithopod Dinosaurs Of GSENM	Terry A. Gates							12:00 PM	Lions On The Plateau: A Research Program For The Colorado Plateau	Jan Hart David Mattson Terry Arundel
2:30 PM	Theropods Of The Late Campanian Kaiparowits Formation, GSENM										

7:00 PM PLENARY SESSION & EVENING RECEPTION SPEAKERS: PATRICIA LIMMERICK and CRAIG CHILDS (OPEN TO THE PUBLIC)
