

Step 1

Ensure that you have downloaded the AVENZA PDF Maps application onto your Apple iOS smartphone or tablet.

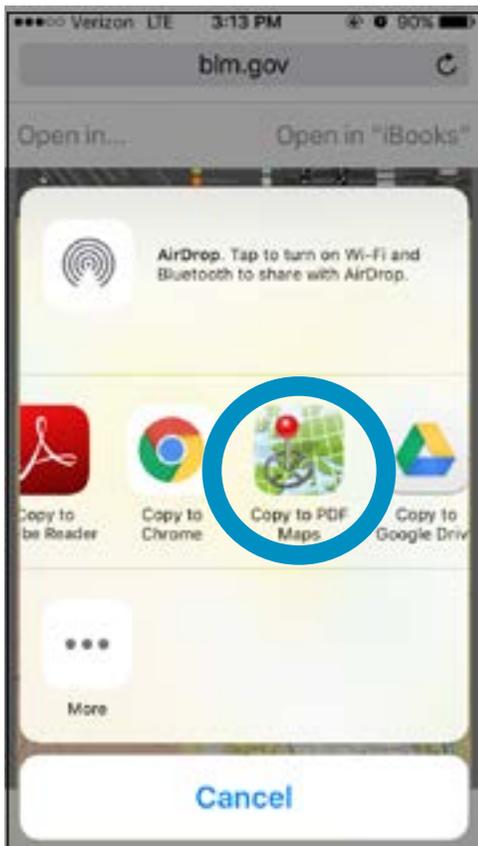

Step 2

From the [GeoPDF BLM Website](#), select the map you want to use. Click on the hyperlink to begin downloading.

Step 3

Once the PDF Map Opens, click anywhere on the map to get a dropdown menu. In the top-left corner click the “Open in...” option.

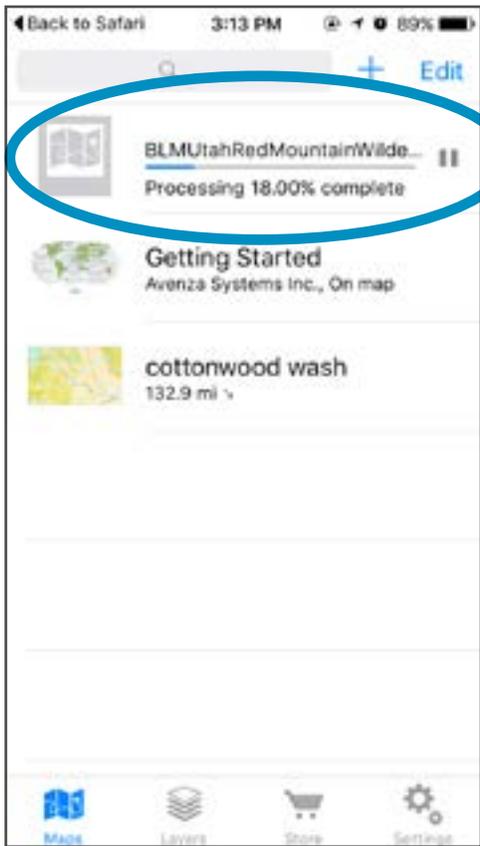

Step 4

A new Dialog box will open. Select the icon that matches the PDF Maps application and is labeled as “Copy to PDF Maps”

If you have several applications capable of opening a PDF you may have to swipe through the options to find “Open to PDF Maps”.

Step 5

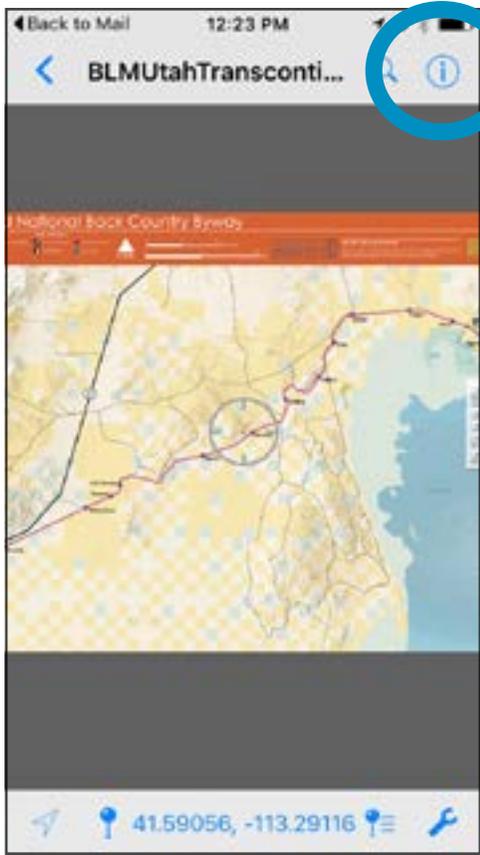

The PDF Maps application will open and load your selected map into your map library.

Step 6

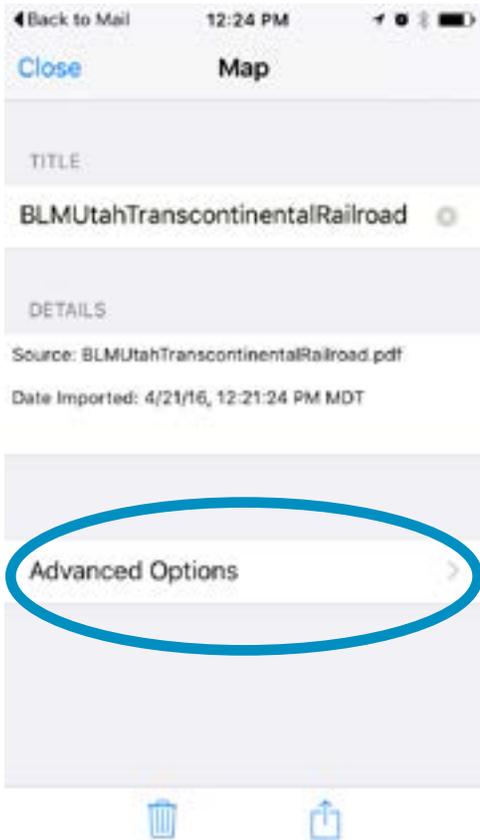

Once your map has completed loading, click on that map to open it.

If you are not currently within the extent of the selected map your location will not appear on the map. As soon as you enter the extent of the map a little blue dot will show where you are.

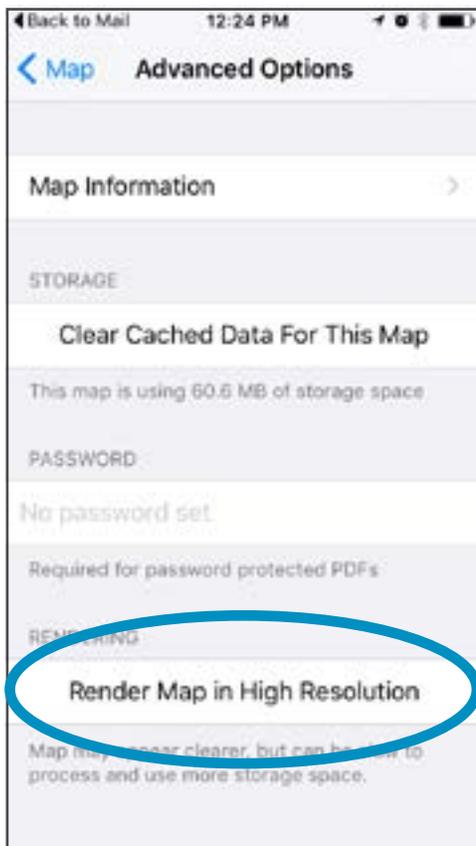

EXTRA TIP

To view the map in high resolution, click on the “Information” button in the top right corner.

EXTRA TIP Cont'd

Select “Advanced Options”.

EXTRA TIP Cont'd

Select "Render Map in High Resolution".

Head back to the "Maps" Menu and the map will be loading in high resolution.
