

Help Preserve Public Shooting Areas

- Respect private property & all posted signs
- Never shoot towards roads or structures
- Use a tall, dirt backstop to prevent ricochets
- Exploding targets and incendiary or tracer ammo are prohibited on public lands
- Avoid solid copper, steel-core, or steel-jacketed ammo to reduce the chance of fire
- Use paper, cardboard, or clay targets only
- Don't shoot at plastic, glass, or metal objects
- Shoot over a tarp for easy cleanup of spent casings
- Remove all targets, casings, and trash before you leave

Responsible shooters keep public shooting areas safe, clean, and open for use.

The BLM greatly appreciates your assistance.
