

MAPS

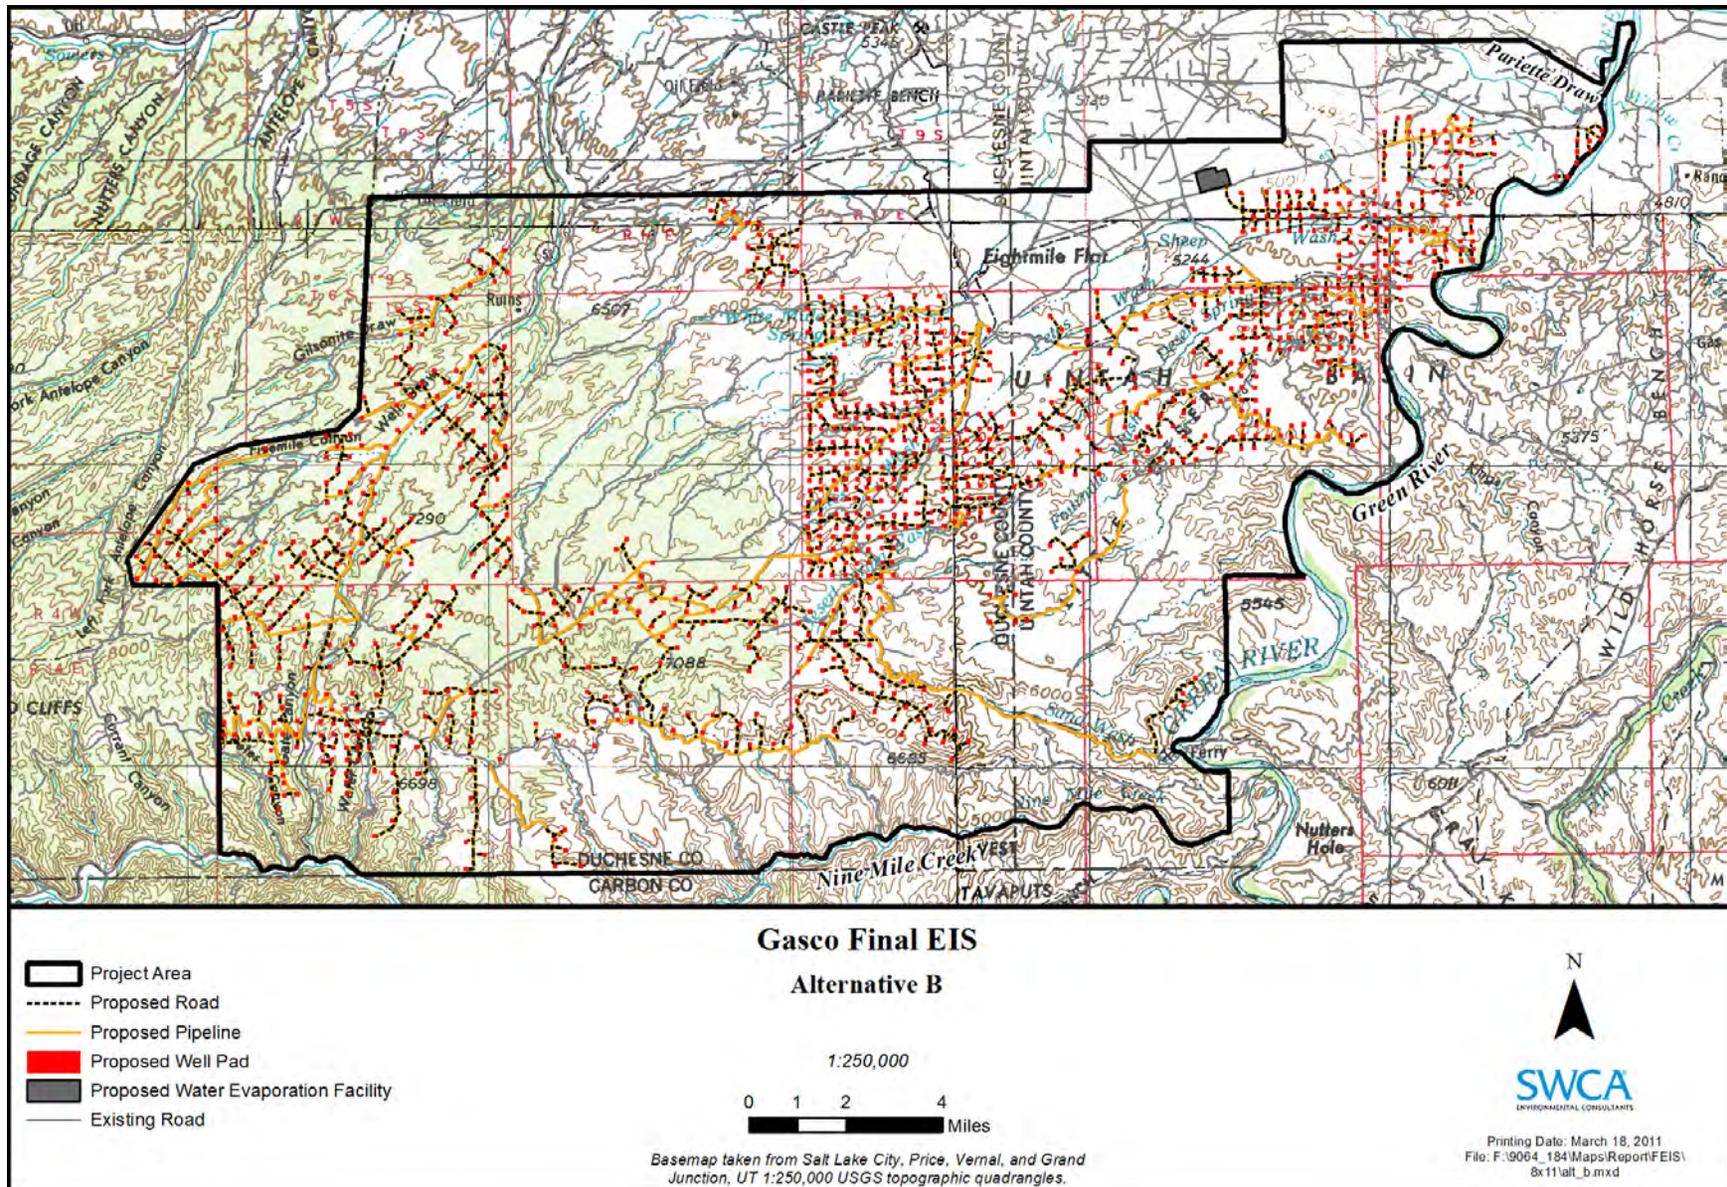

Map 1. Regional location.

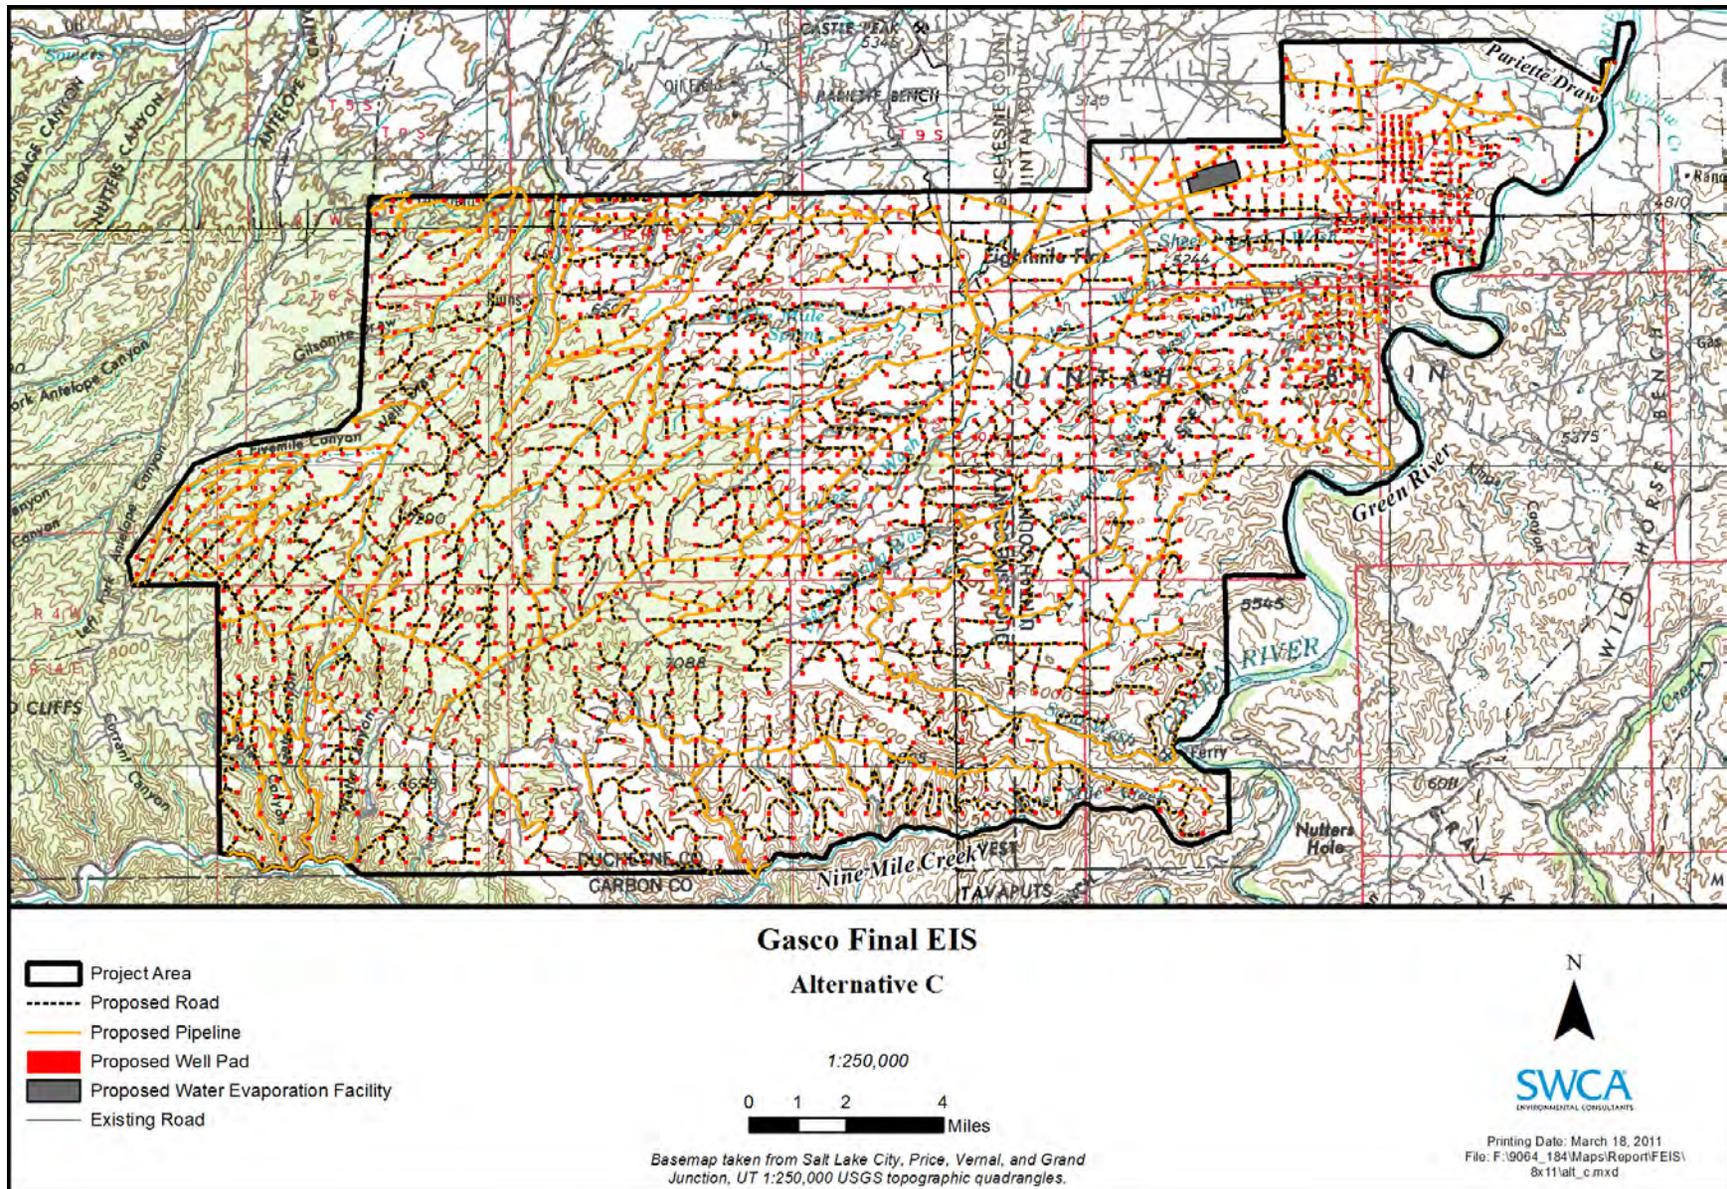

Map 2. Project location.

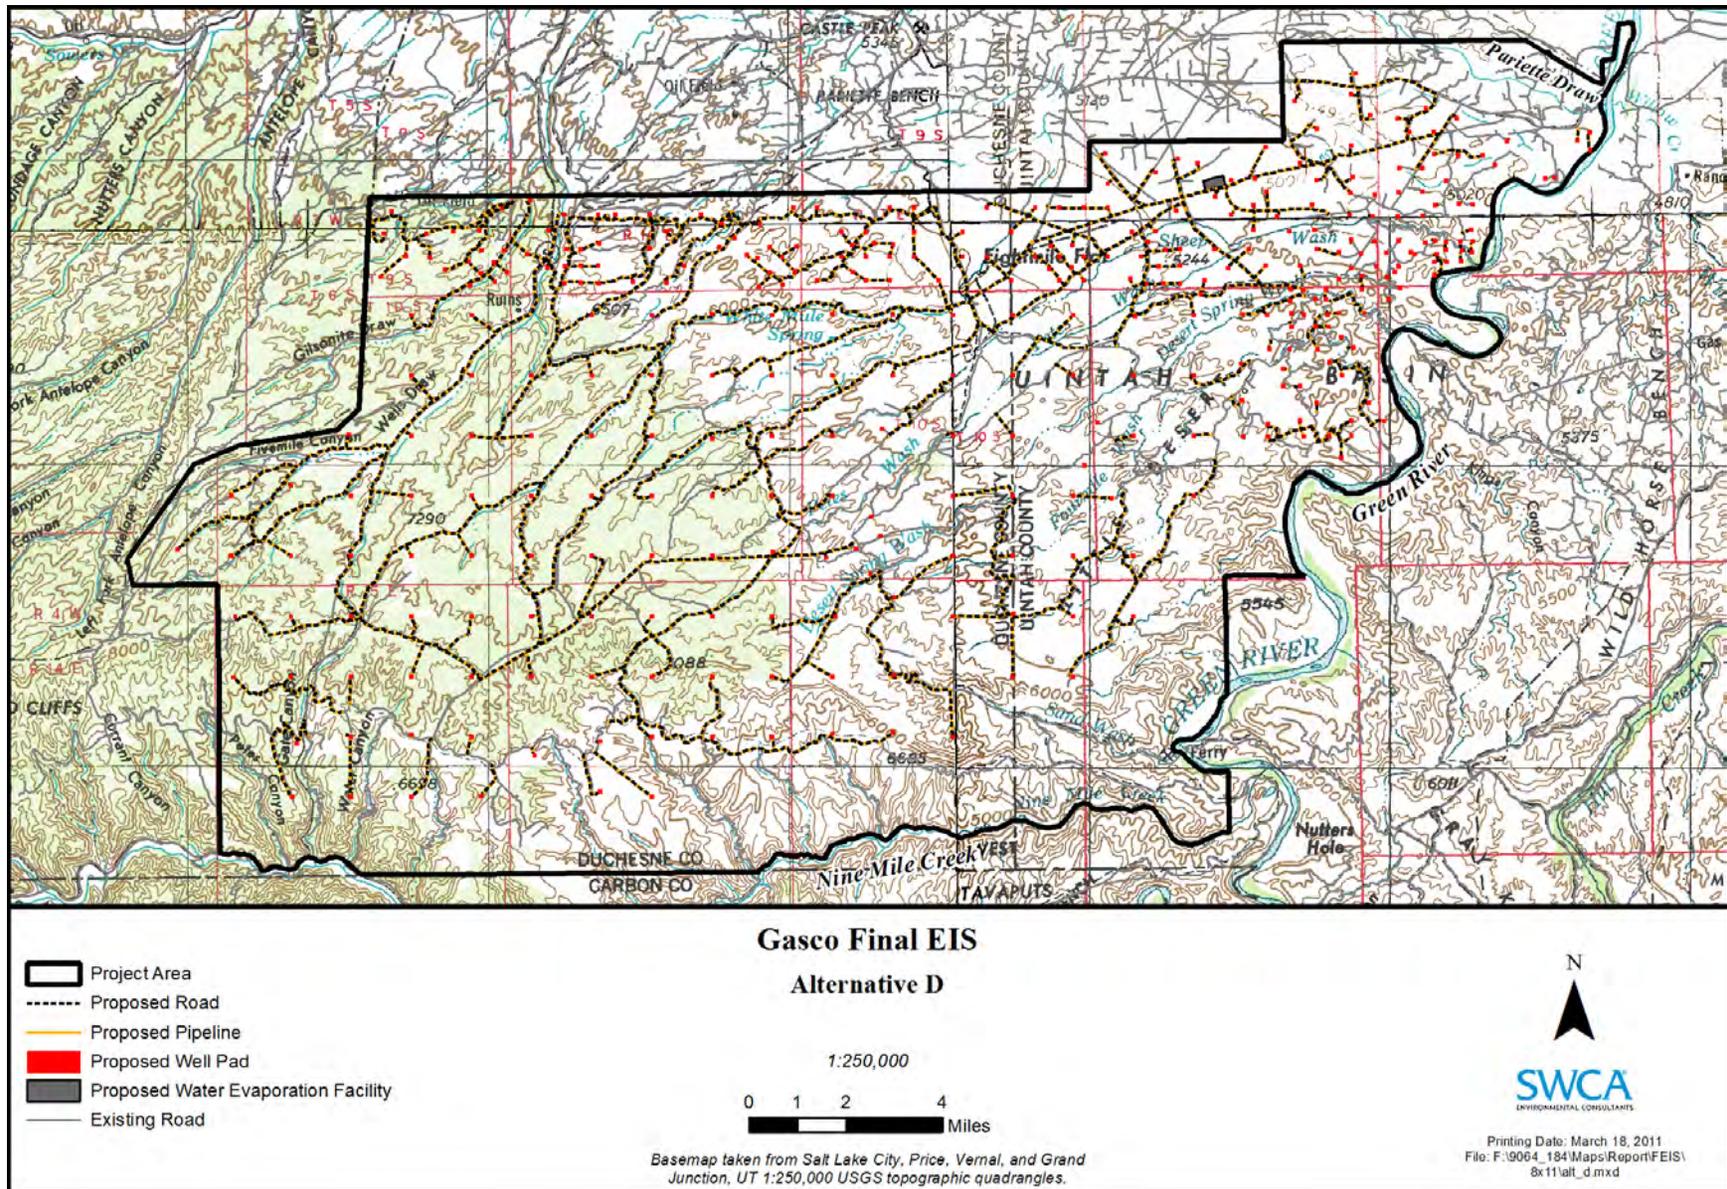

Map 3. Alternative A, including proposed well pads, roads, pipelines, and evaporation facilities.

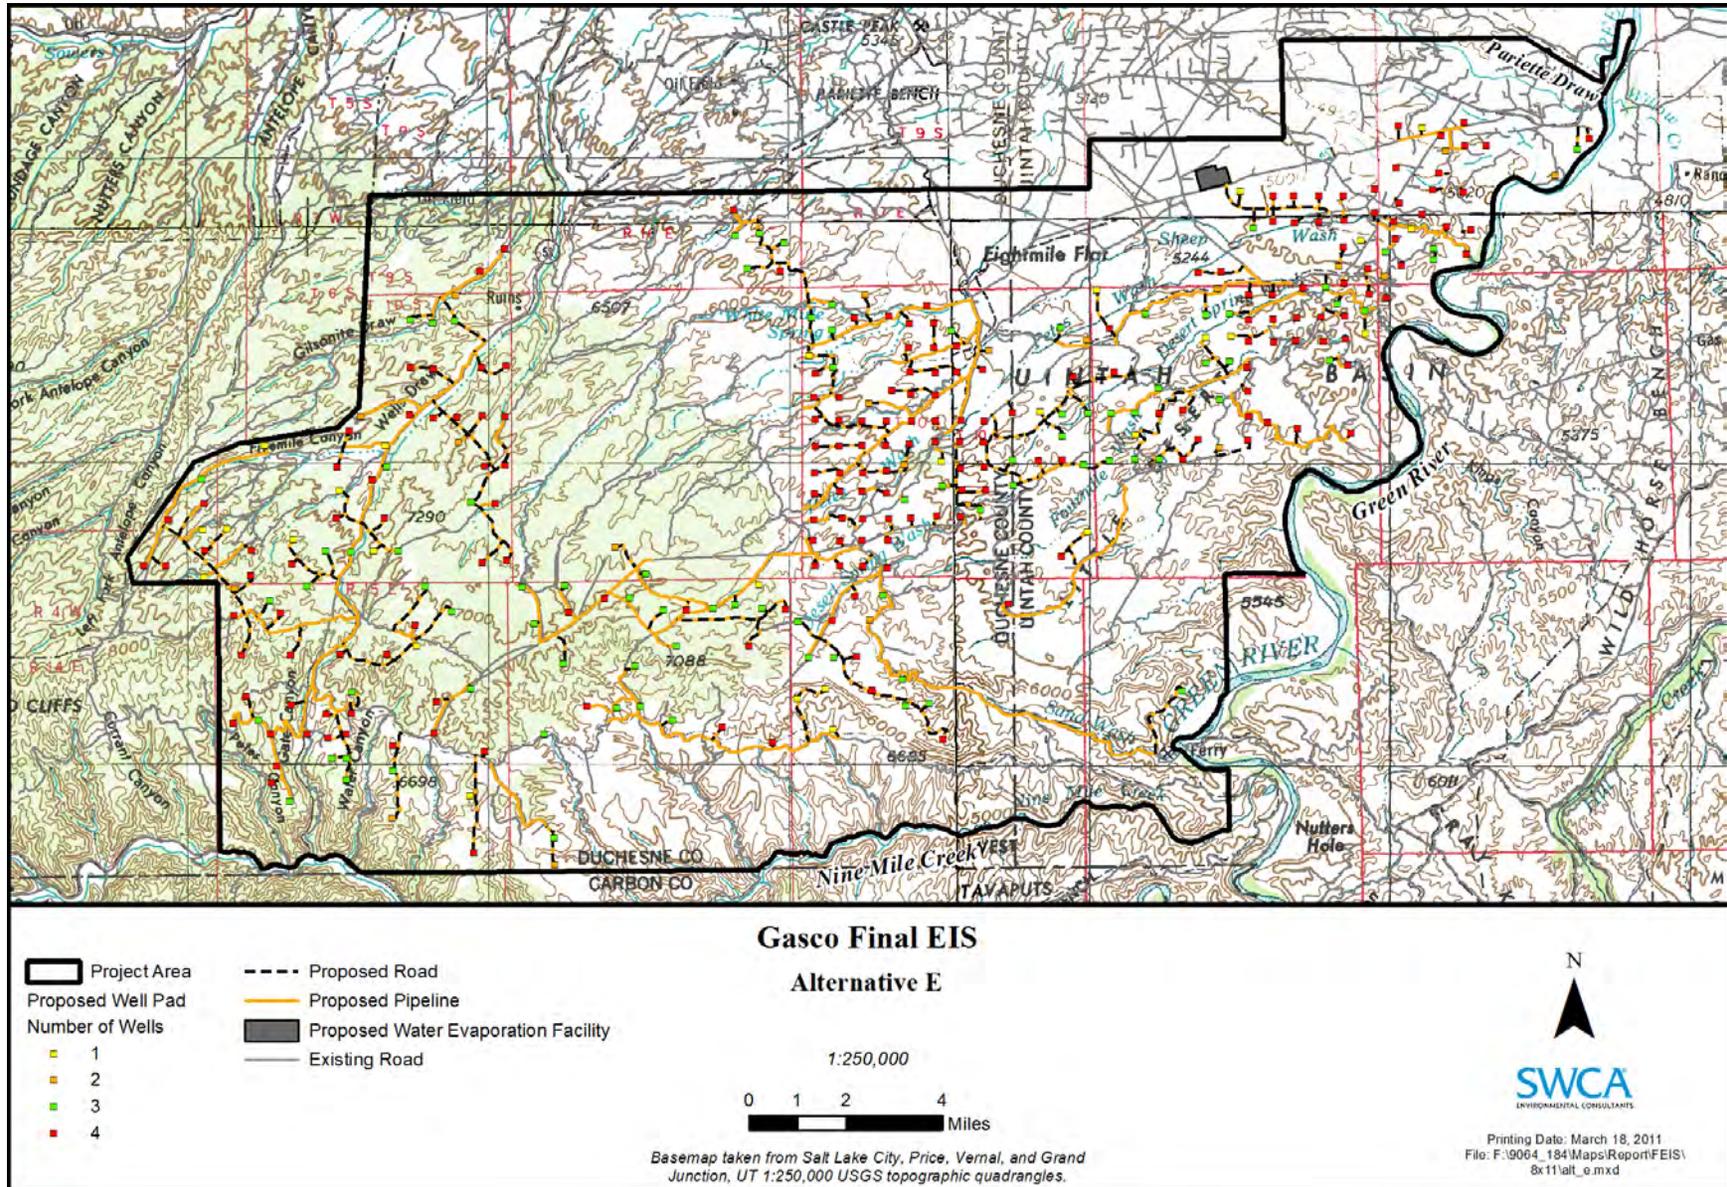

Map 4. Alternative B, including proposed well pads, roads, pipelines, and evaporation facilities.

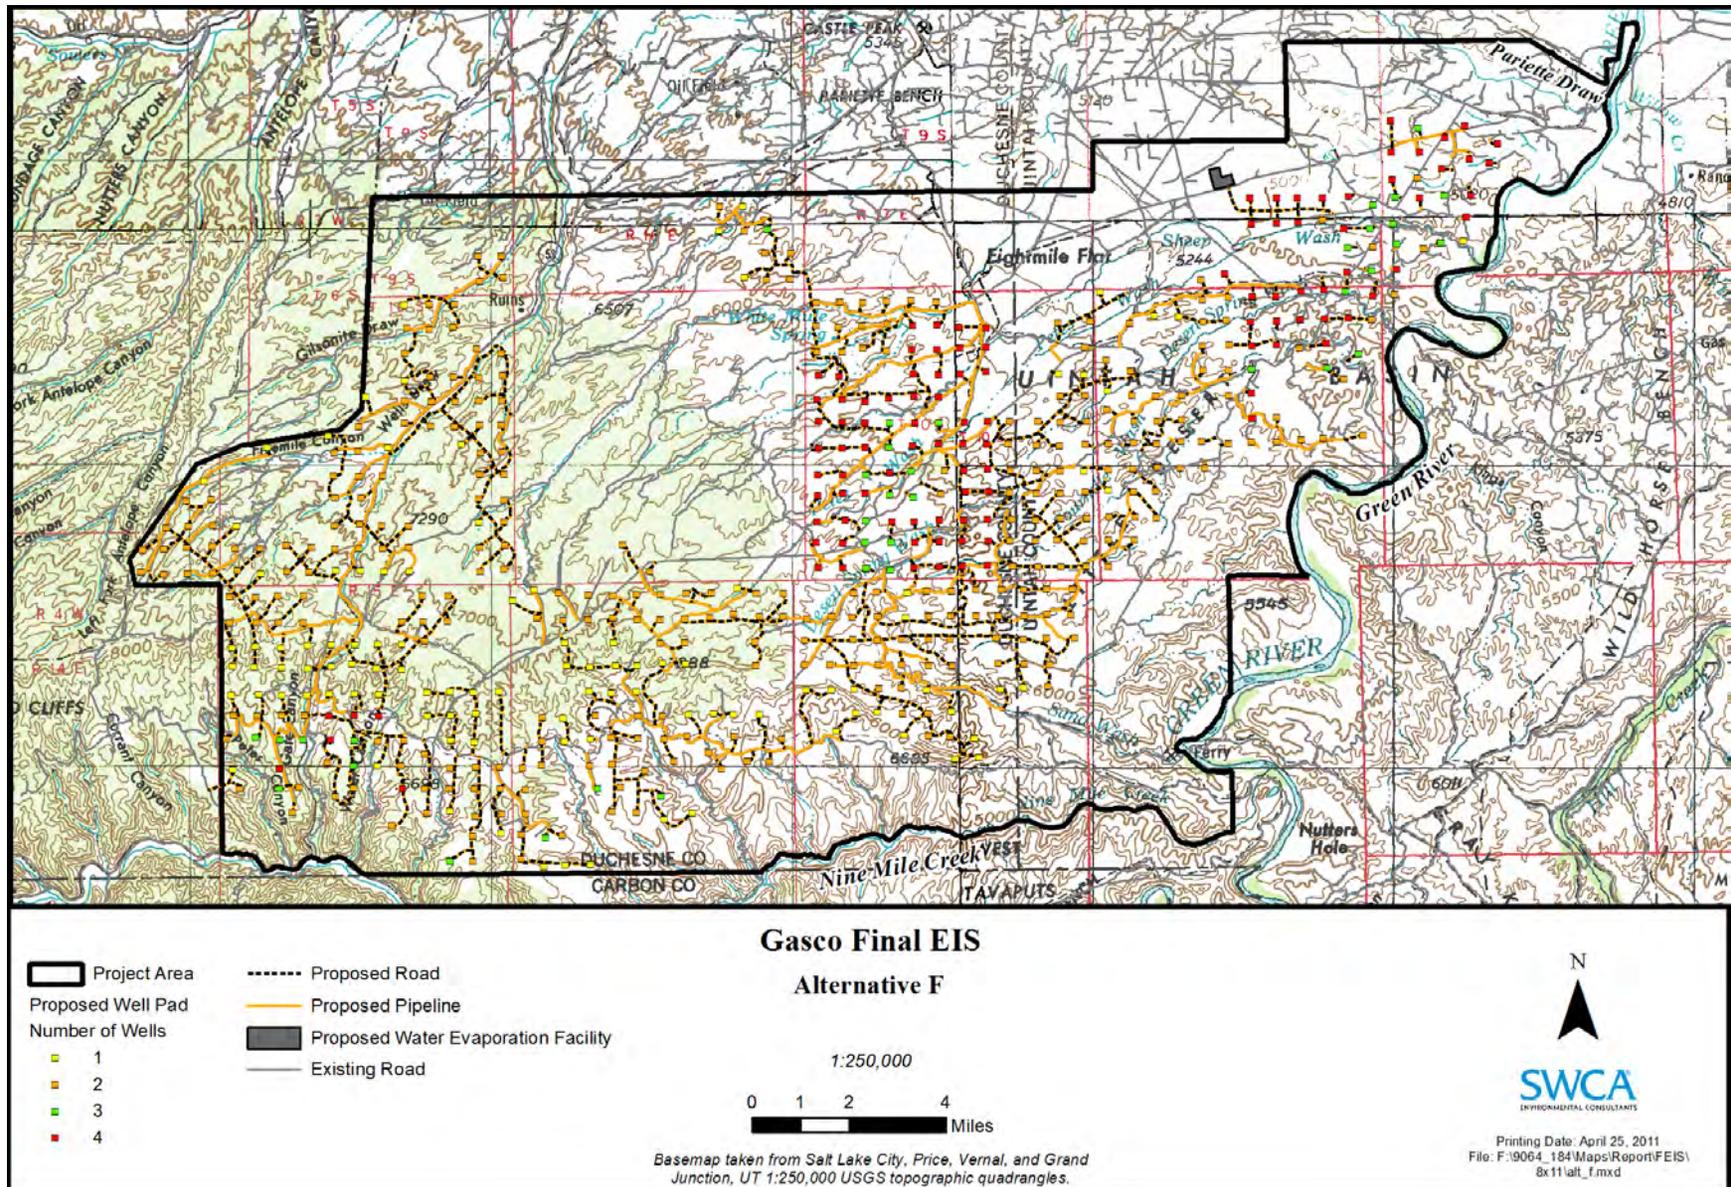

Map 5. Alternative C, including proposed well pads, roads, pipelines, and evaporation facilities.

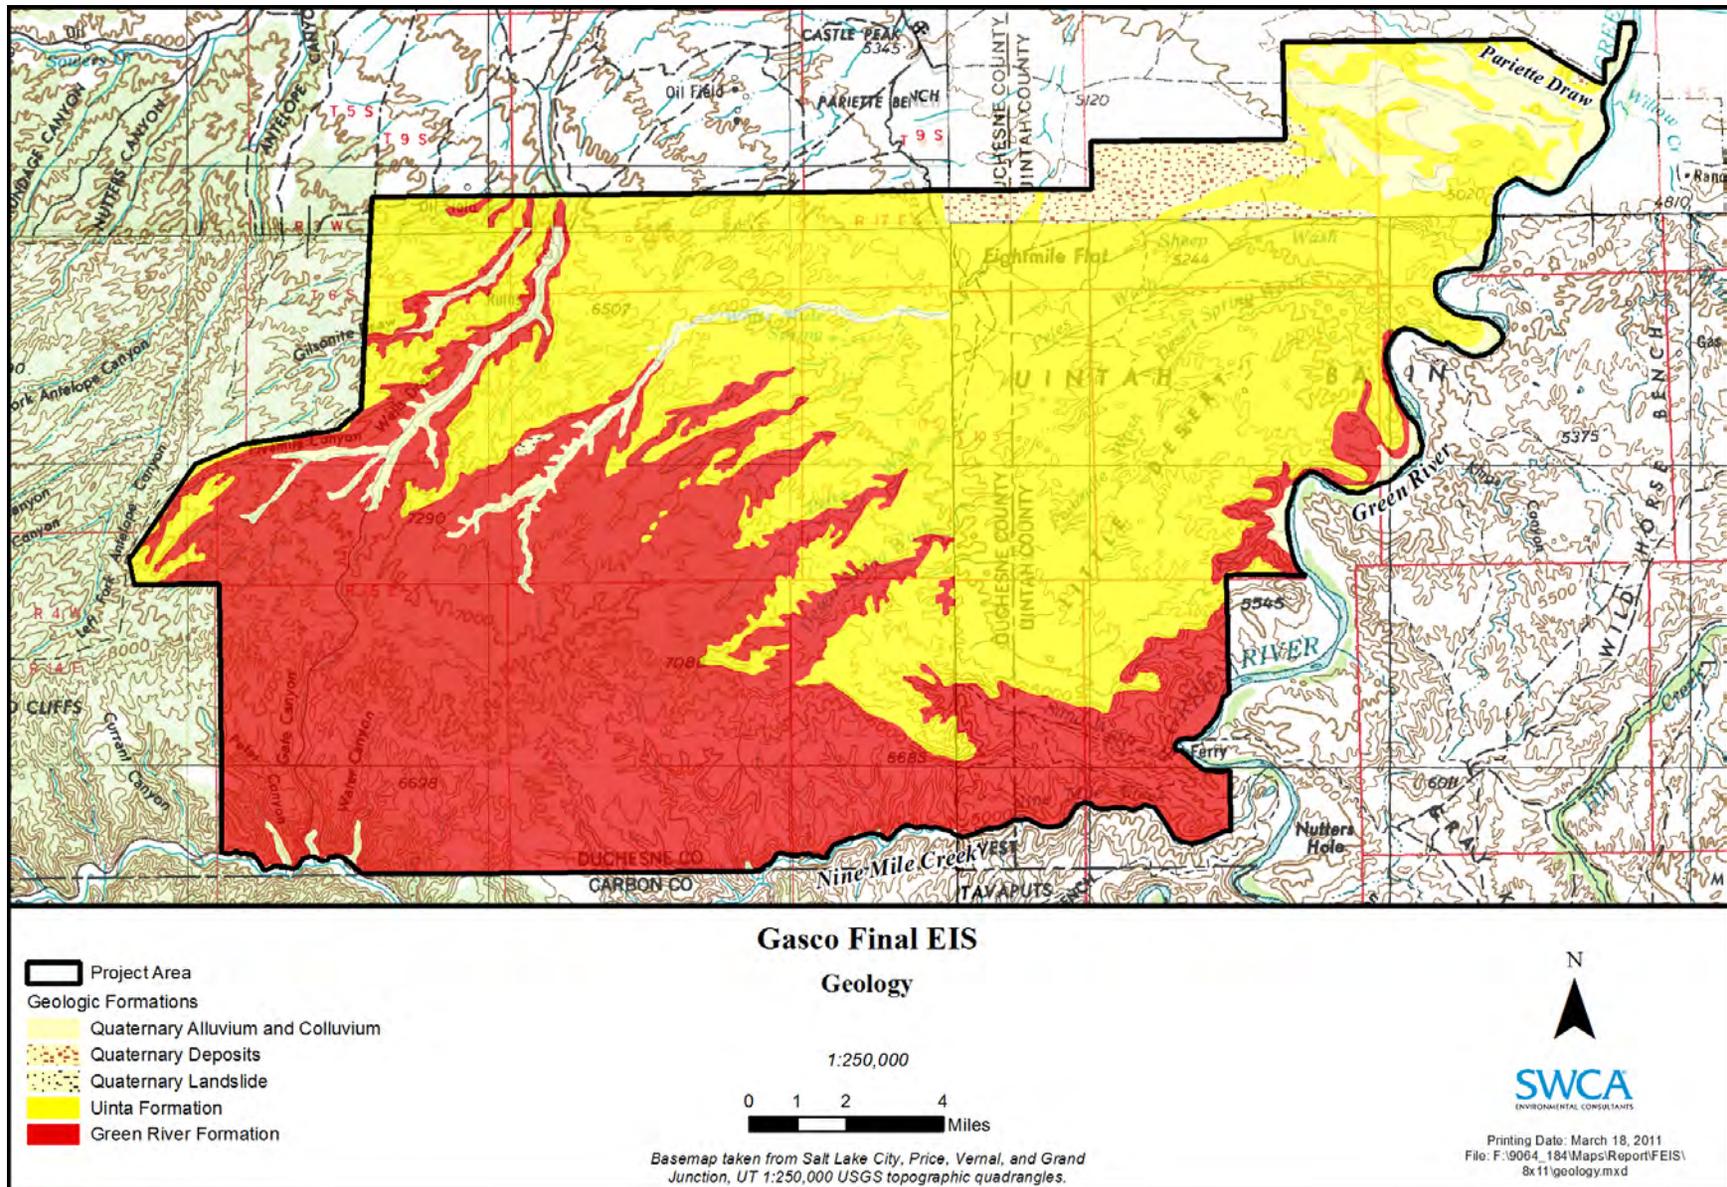

Map 6. Alternative D, including proposed well pads, roads, pipelines, and evaporation facilities.

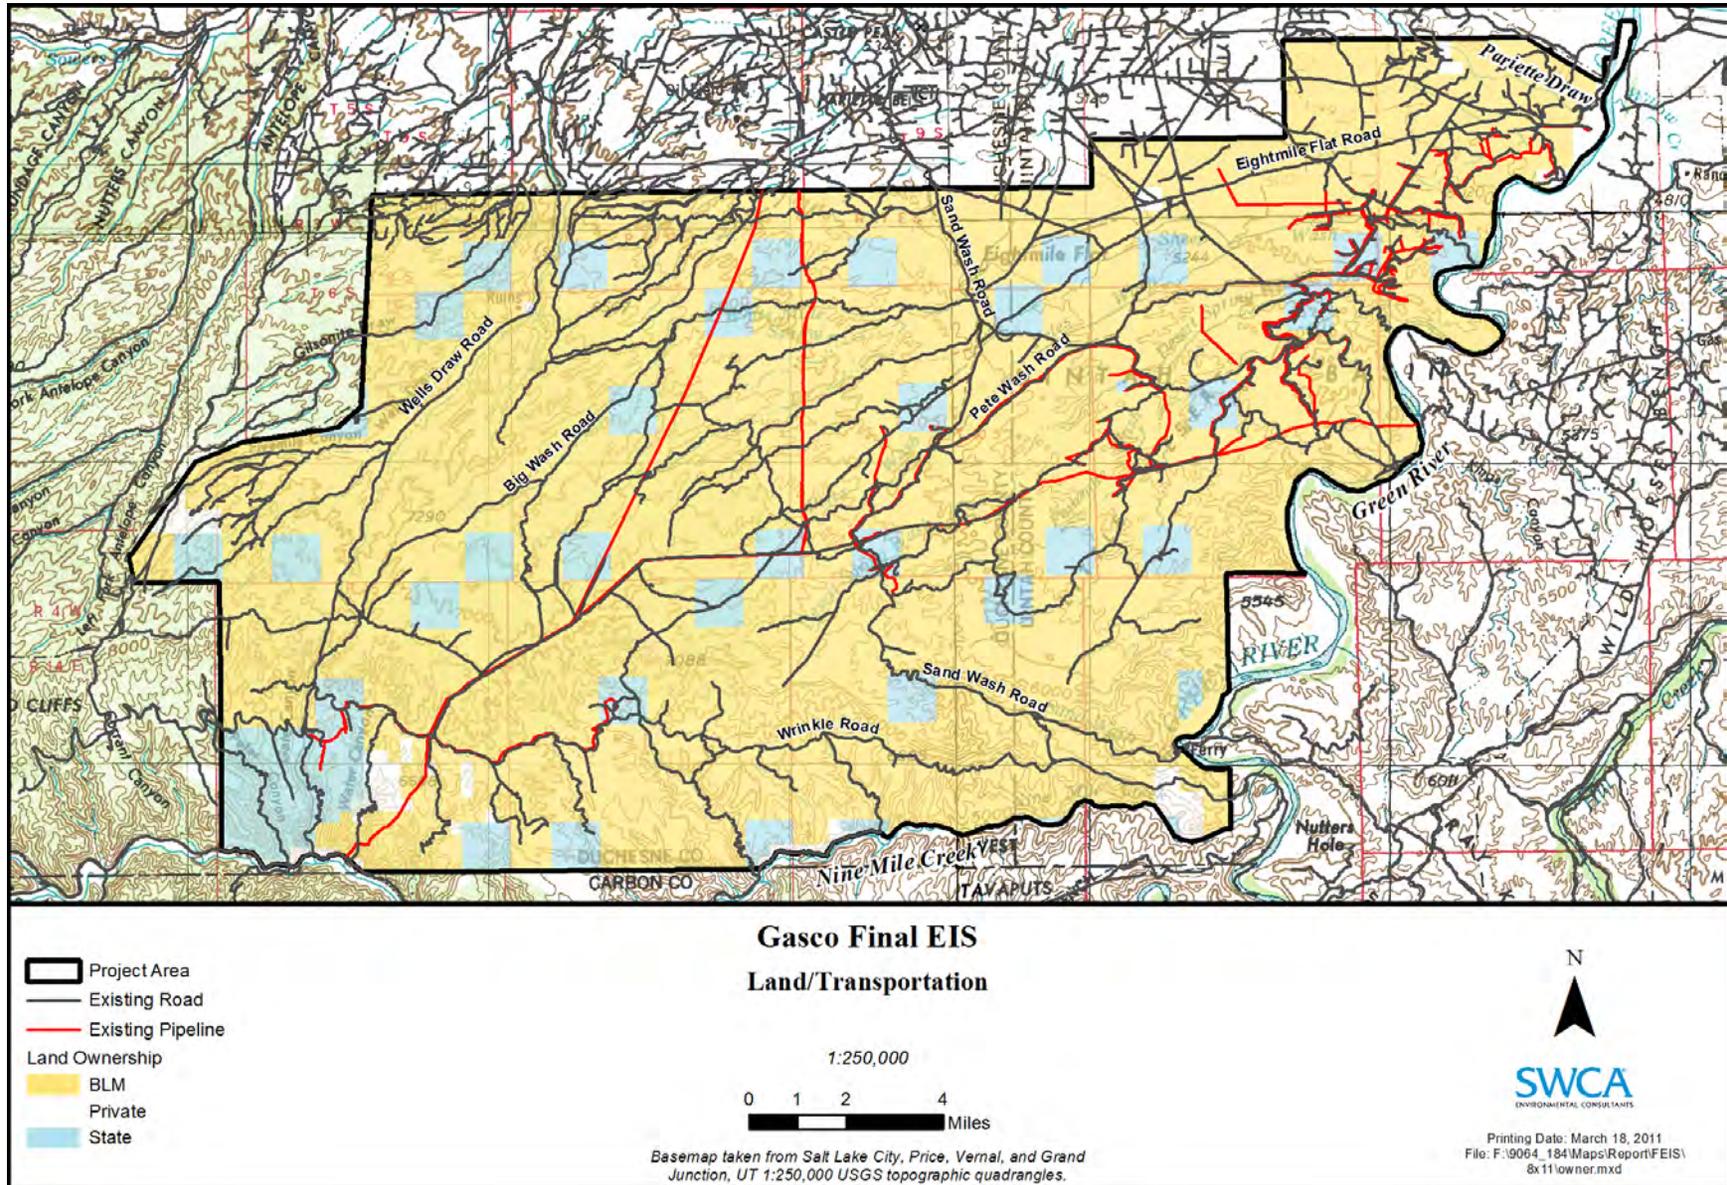

Map 7. Alternative E, including proposed well pads, roads, pipelines, and evaporation facilities.

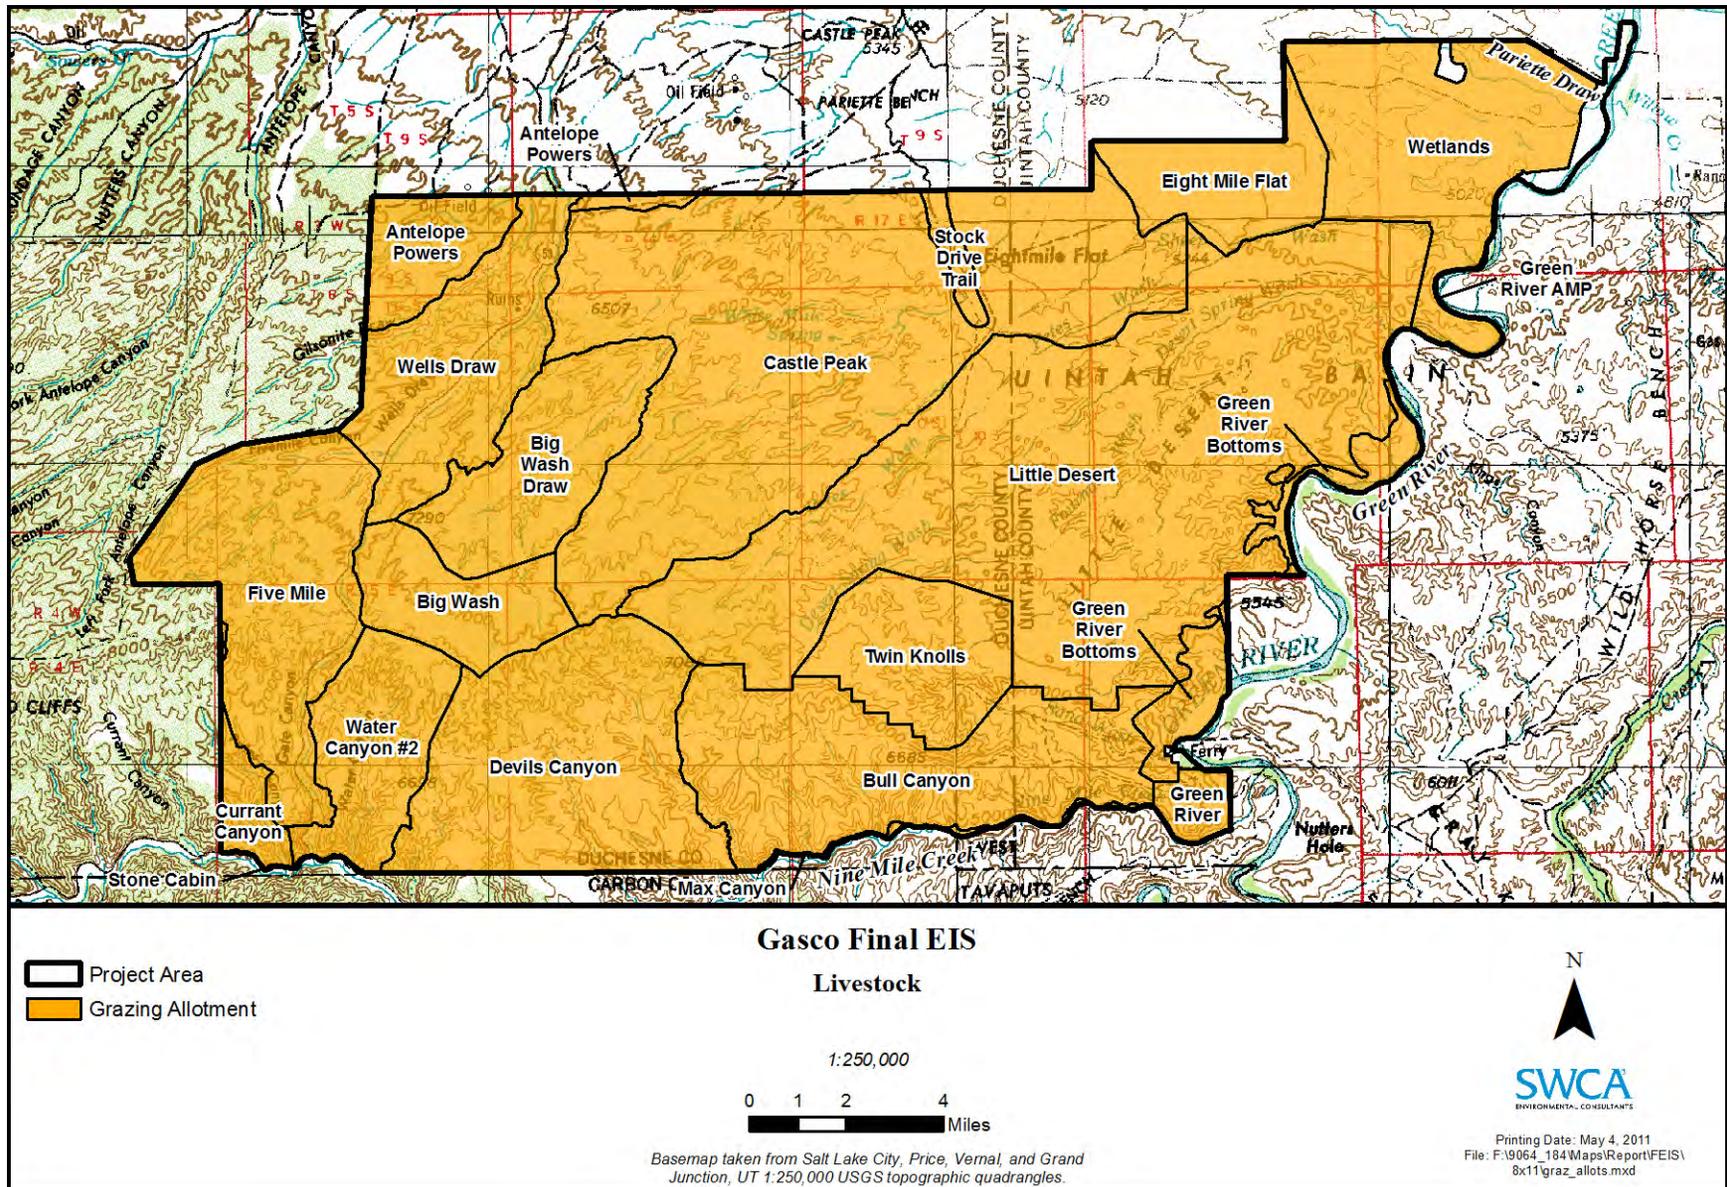

Map 8. Alternative F, including proposed well pads, roads, pipelines, and evaporation facilities.

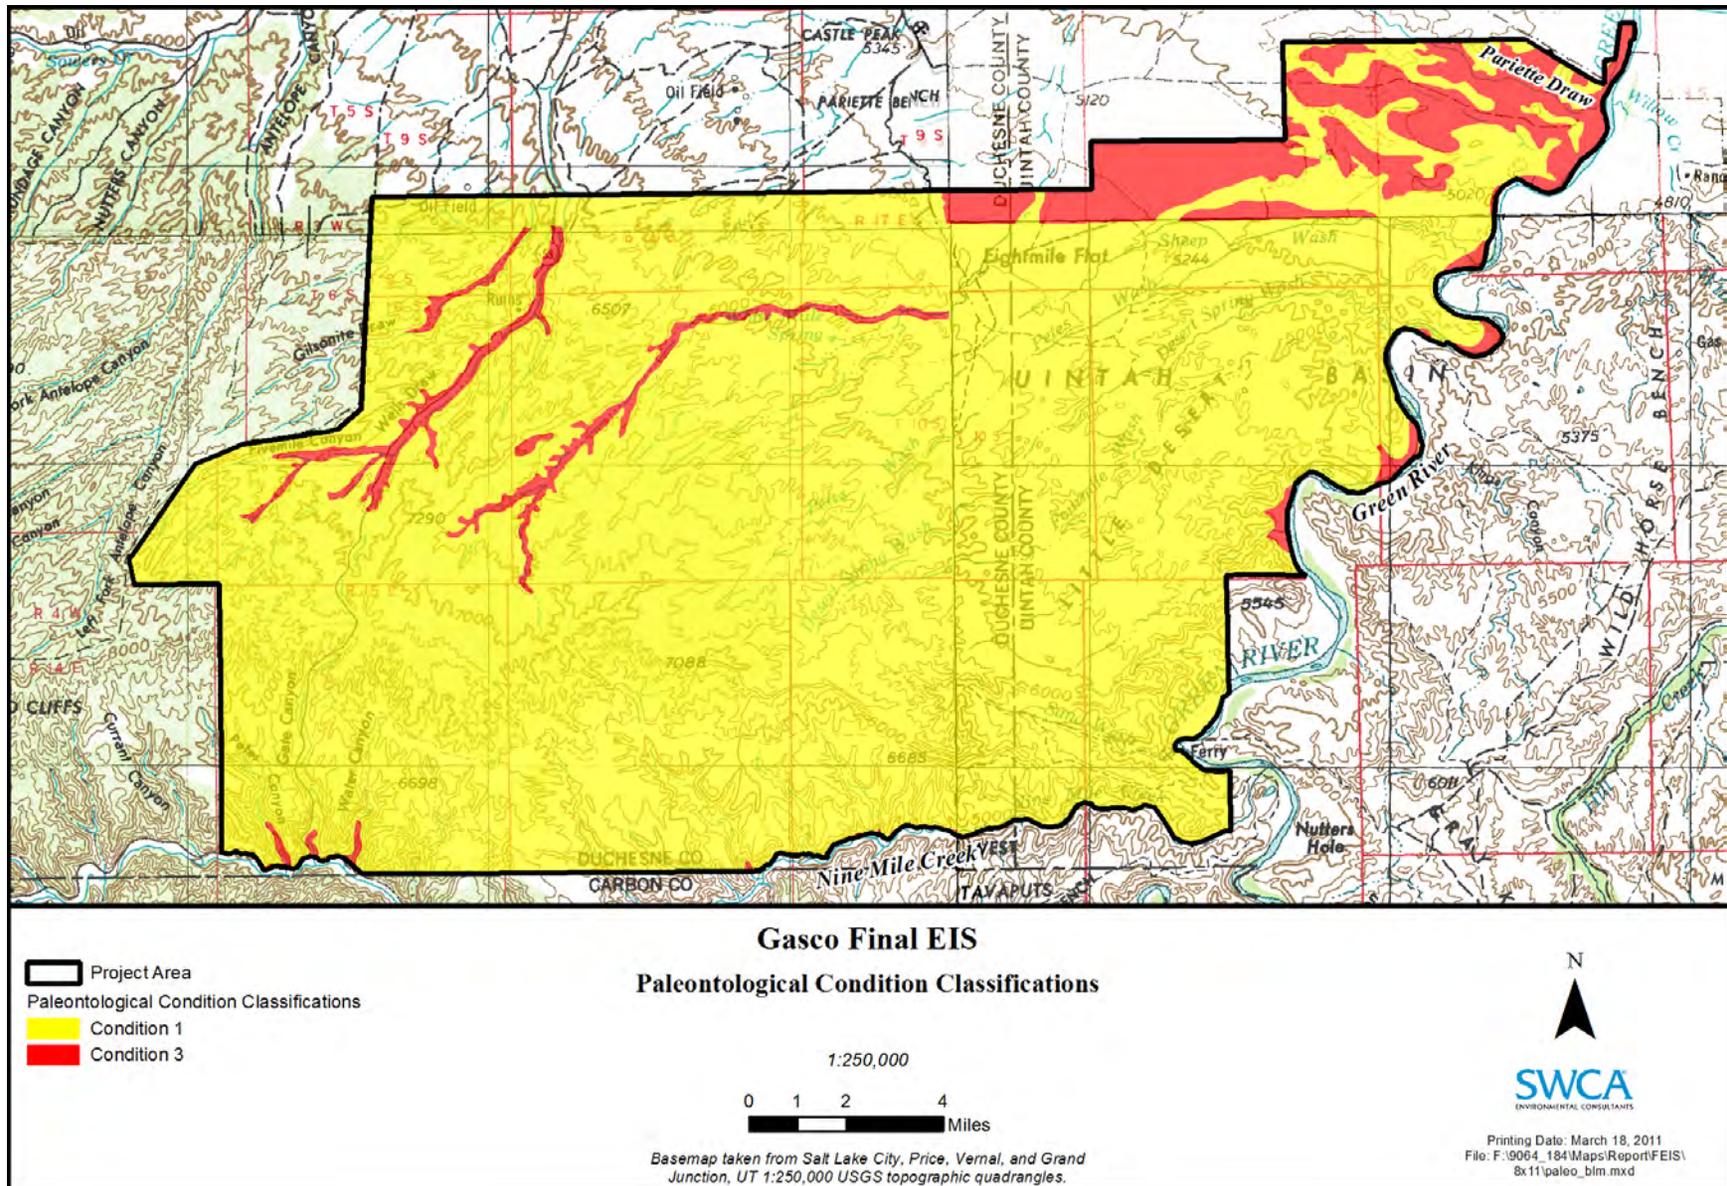

Map 9. Geologic formations and deposits.

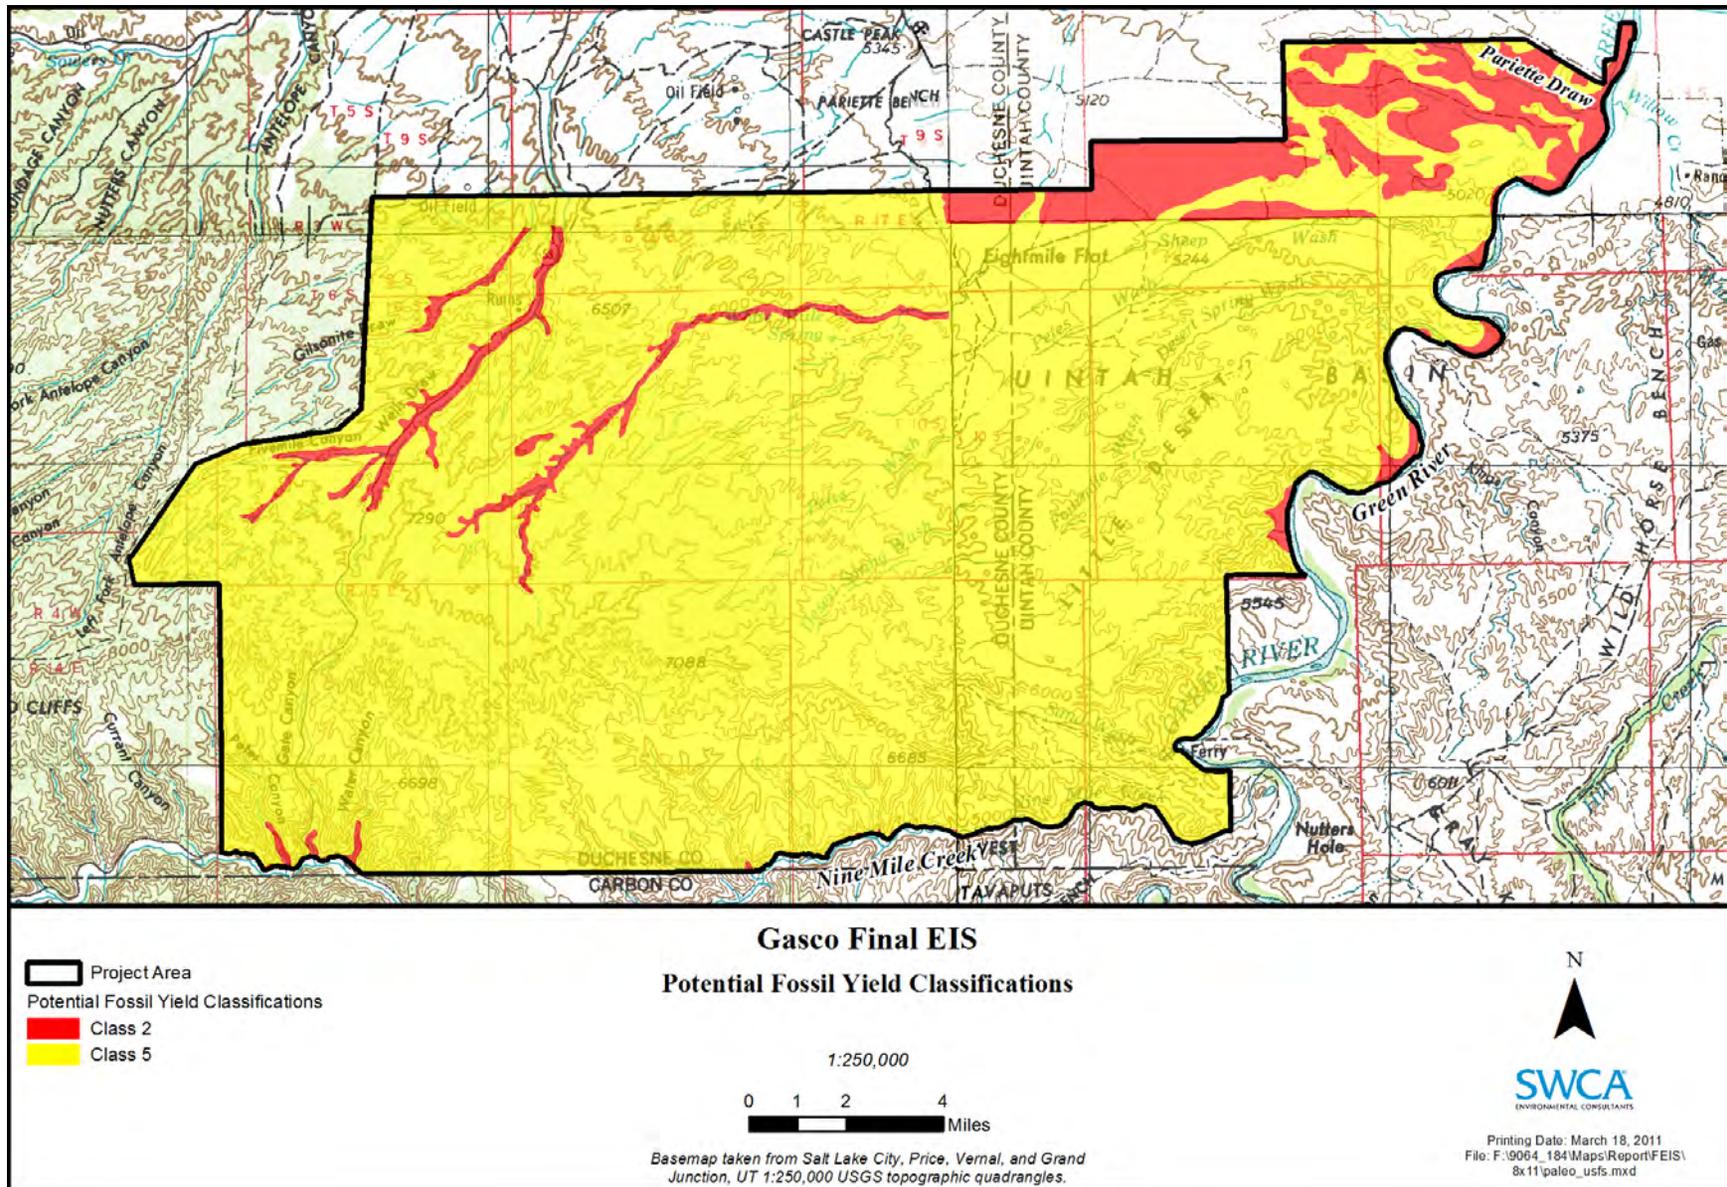

Map 10. Land ownership with existing roads and pipelines.

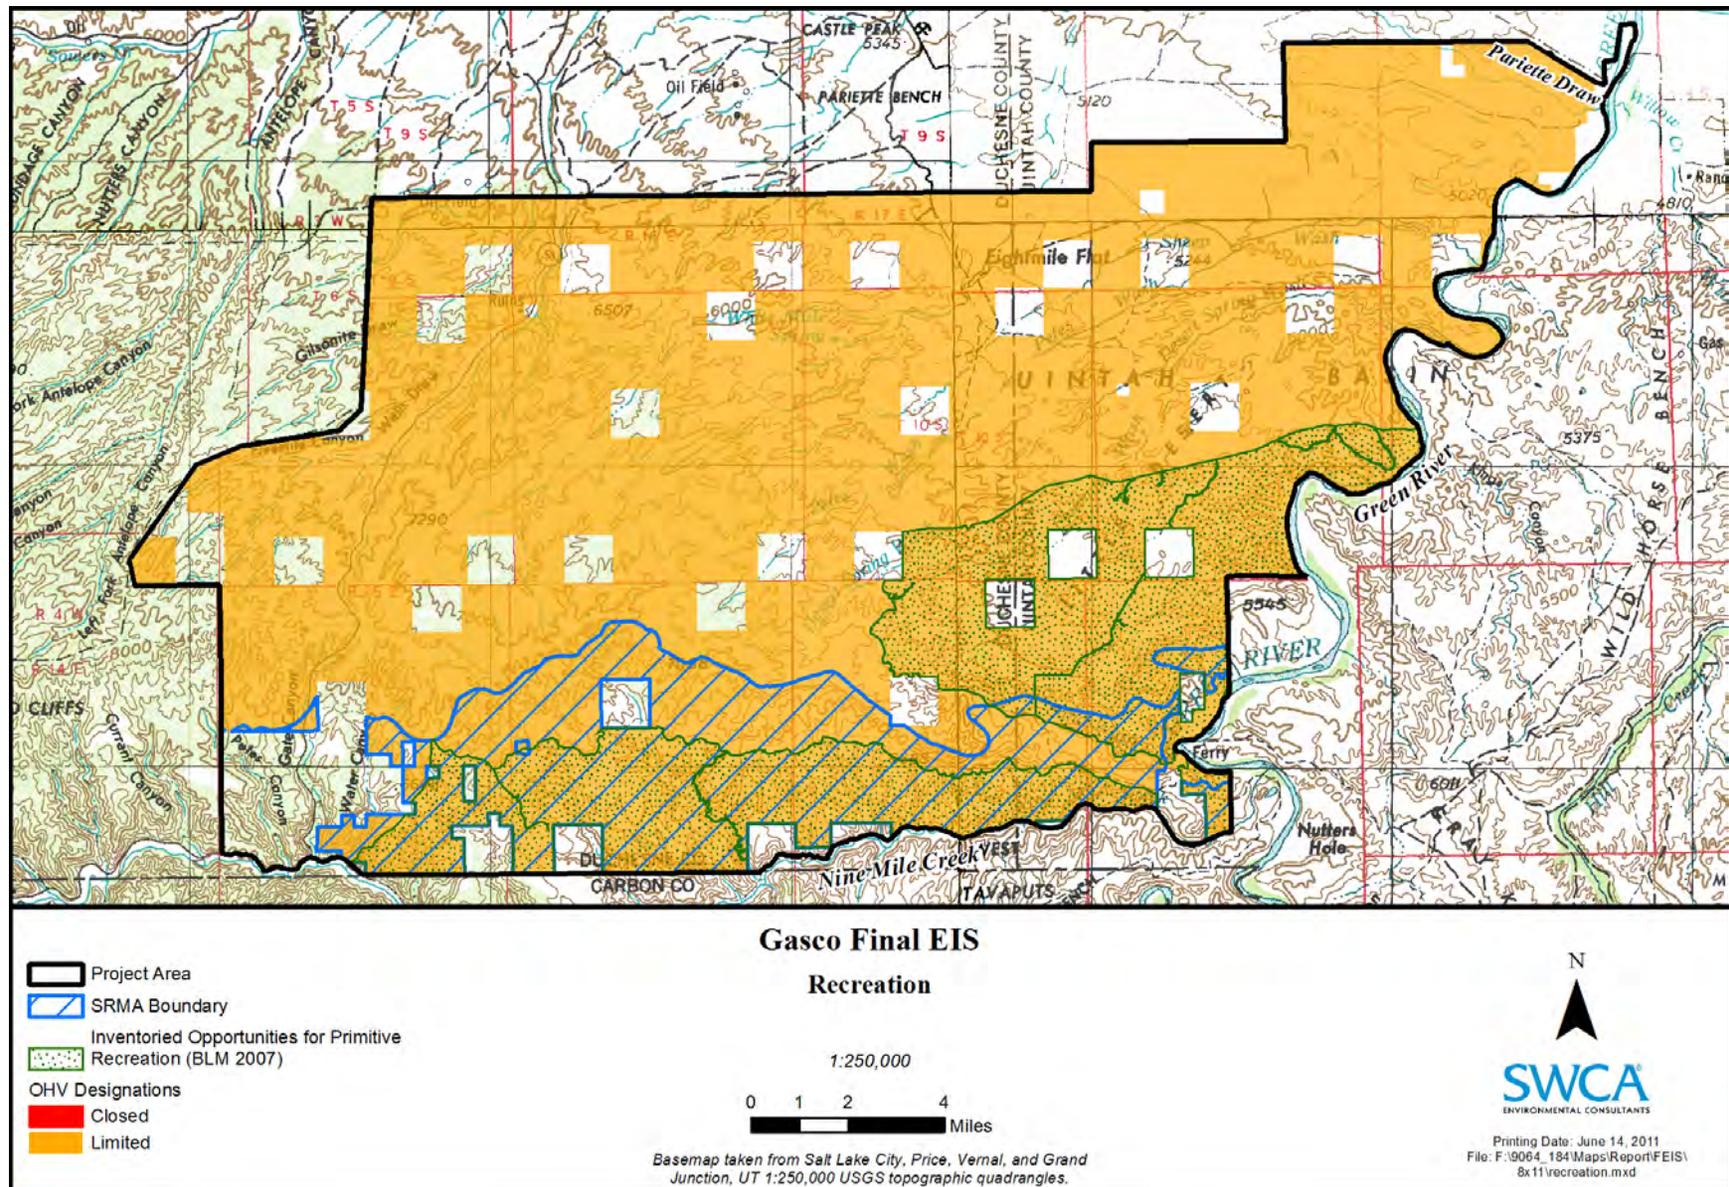

Map 11. Grazing allotments.

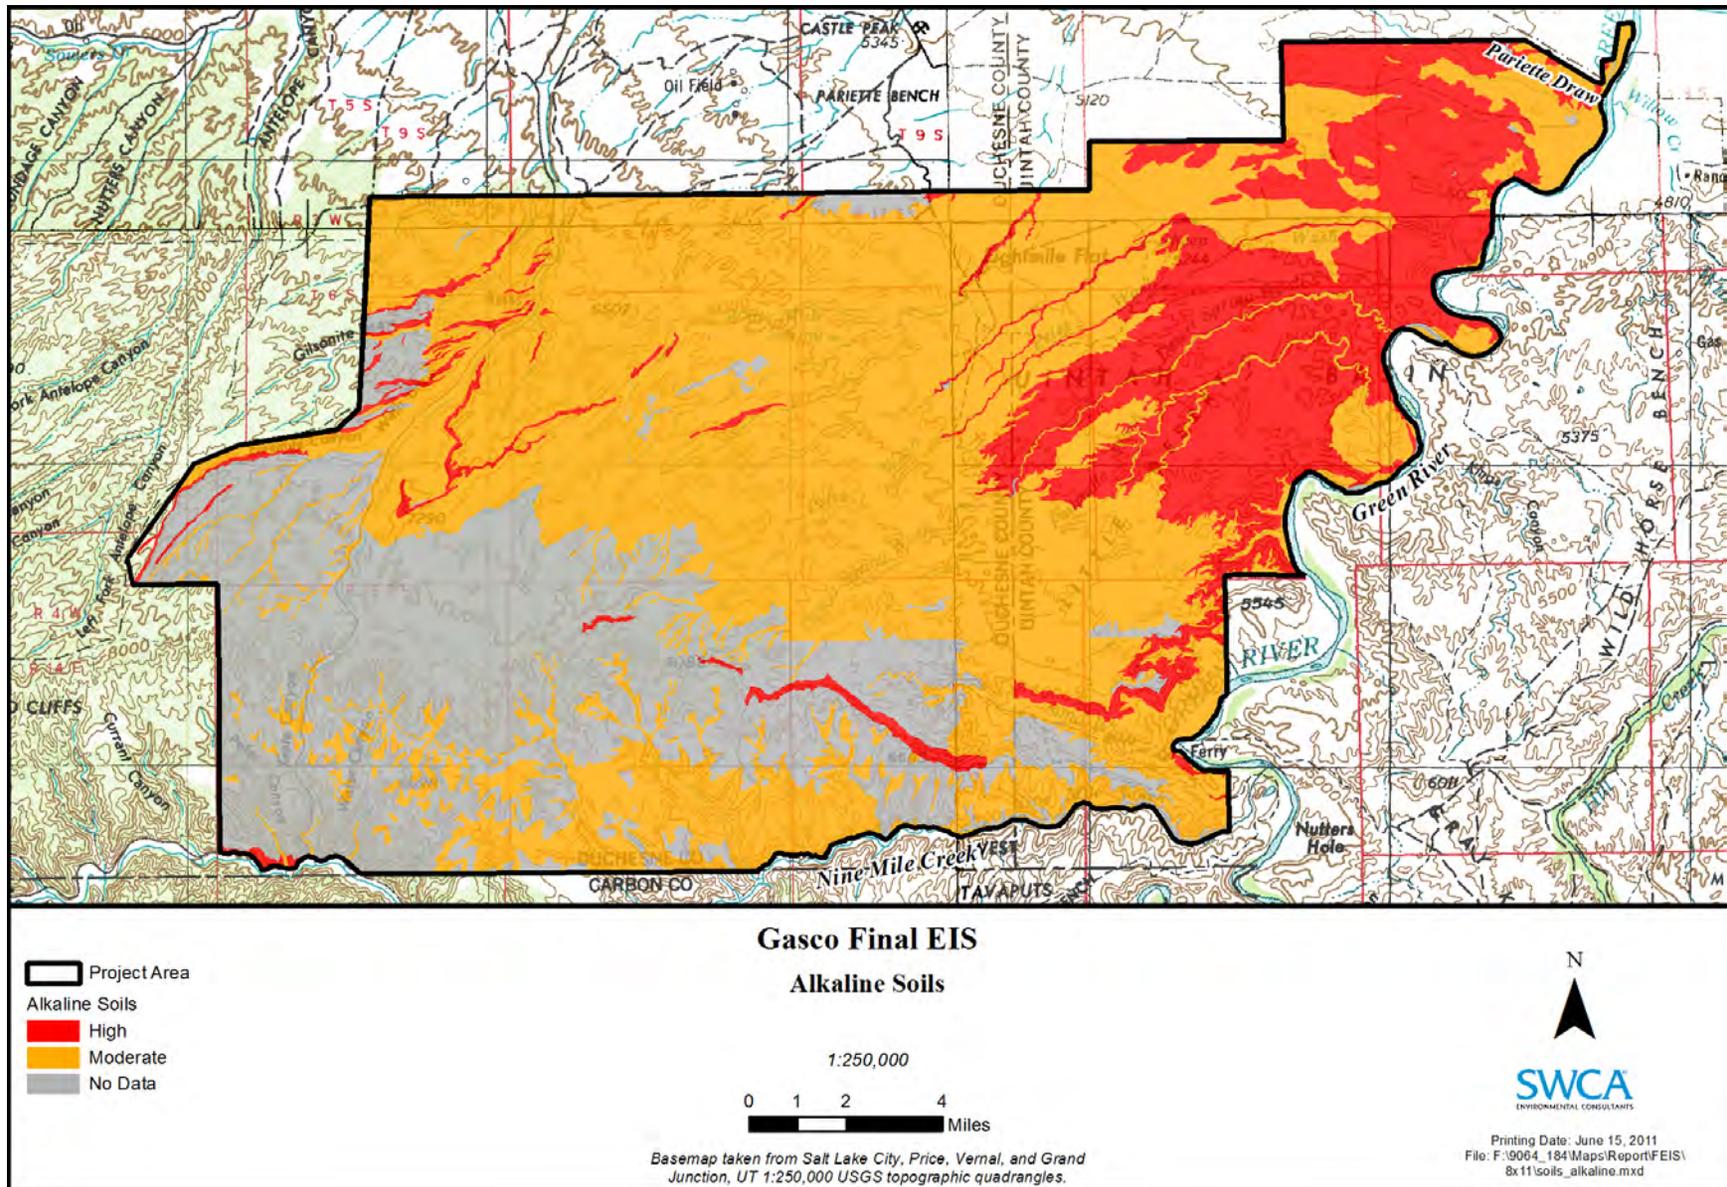

Map 12. Paleontological condition classifications.

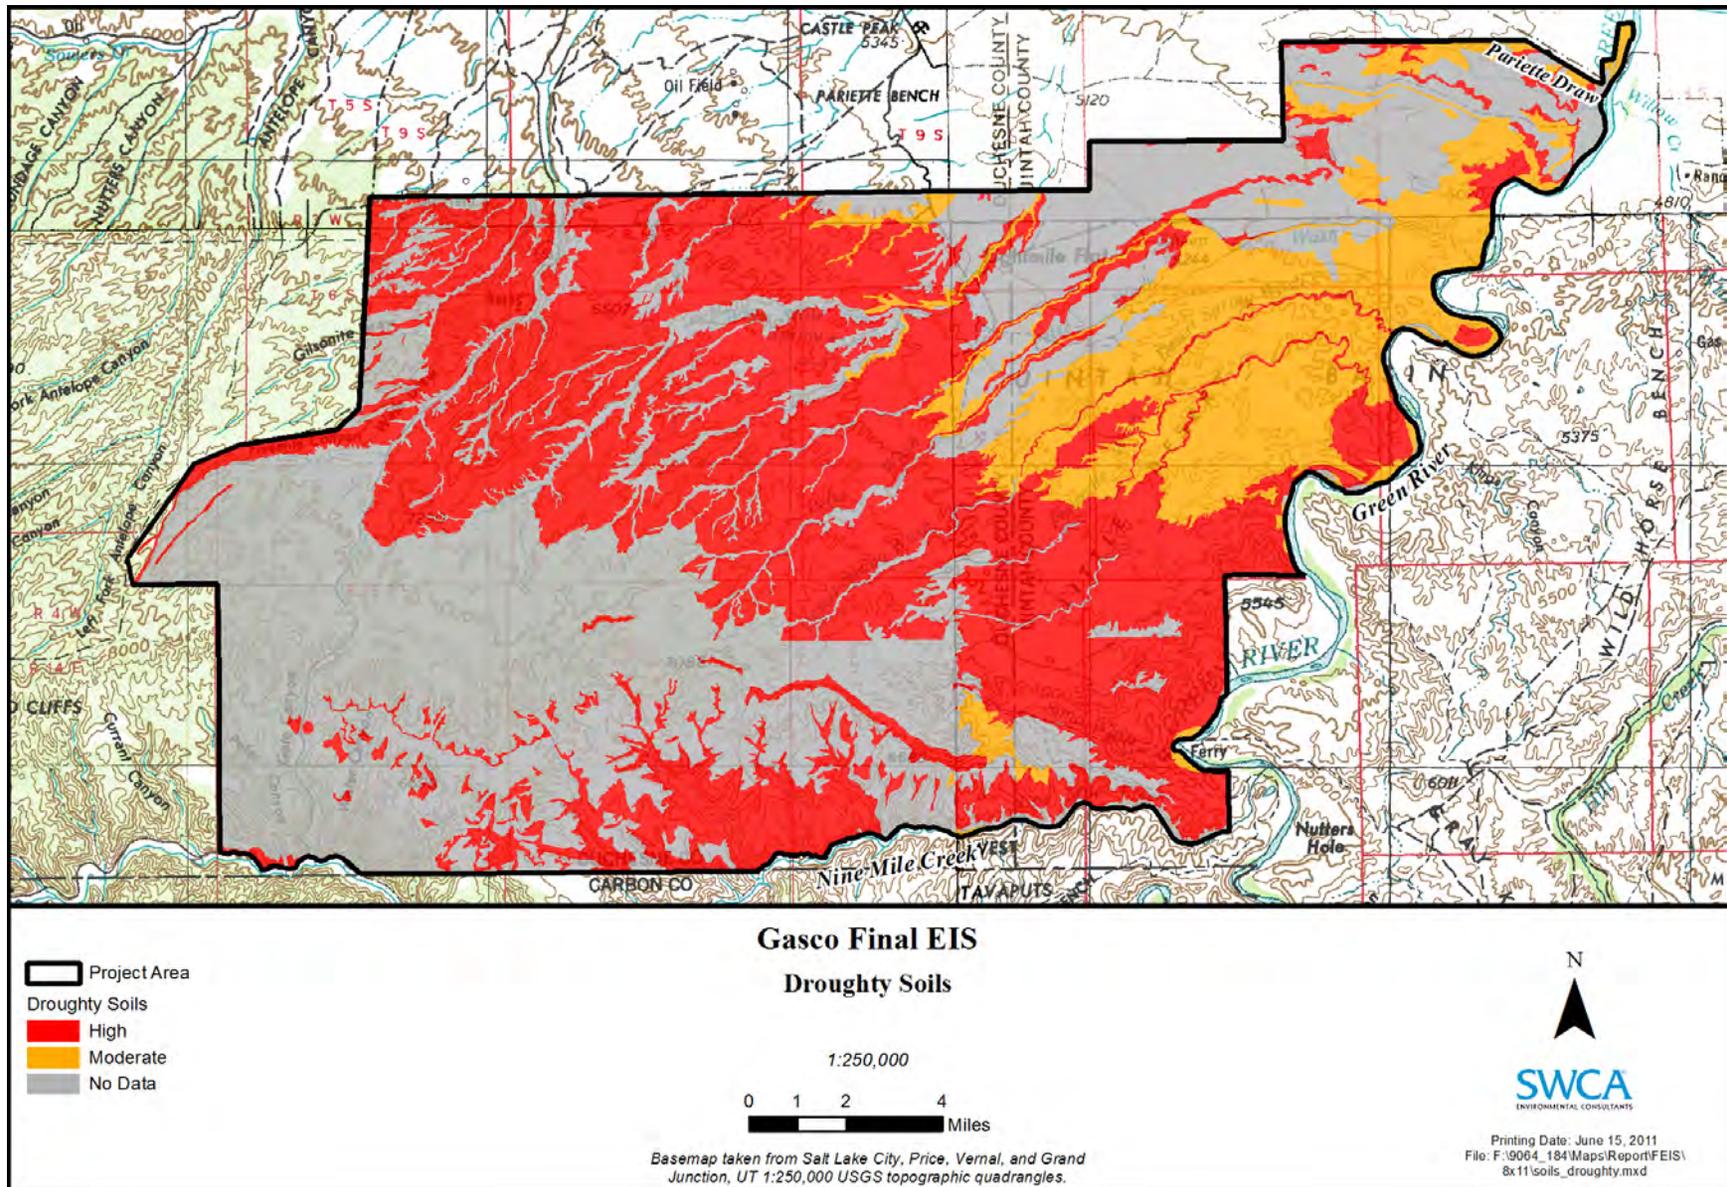

Map 13. Potential Fossil Yield Classifications.

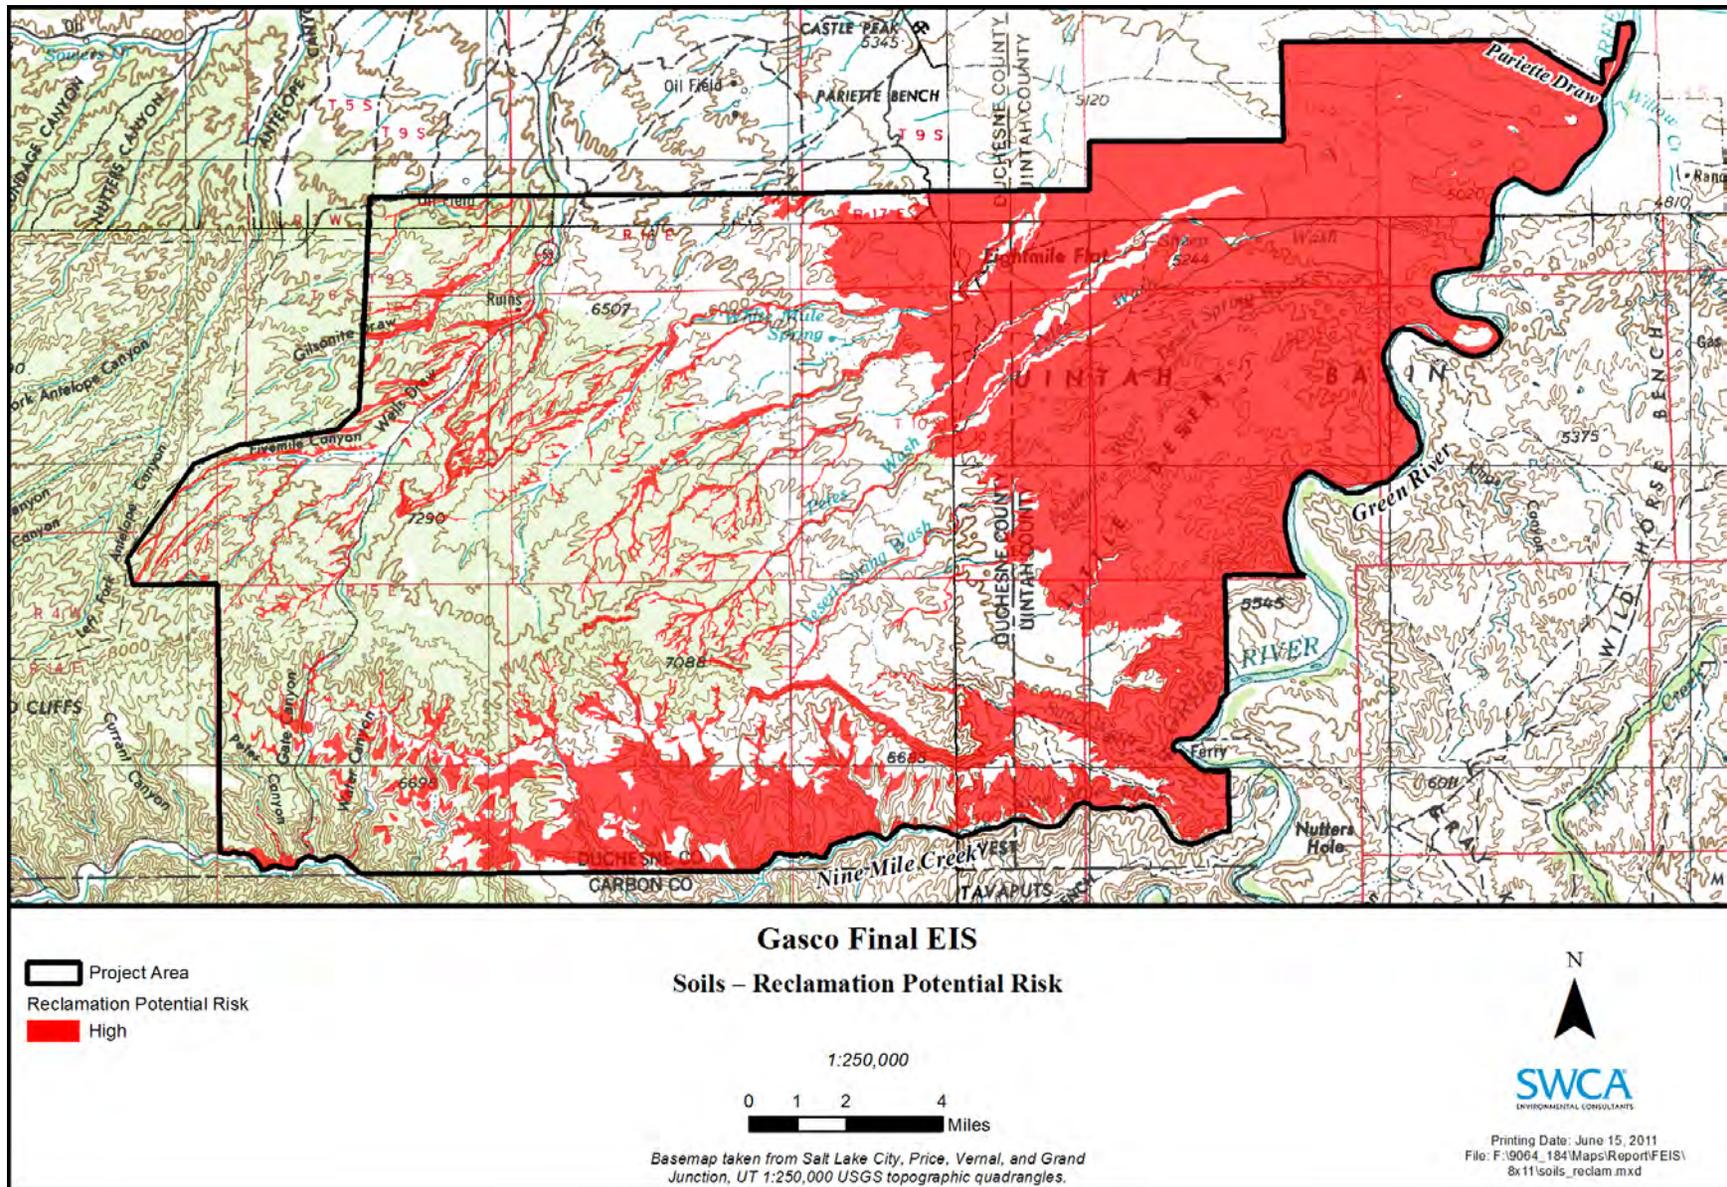

Map 14. Recreation designations and resources, including OHV designations and SRMA boundaries.

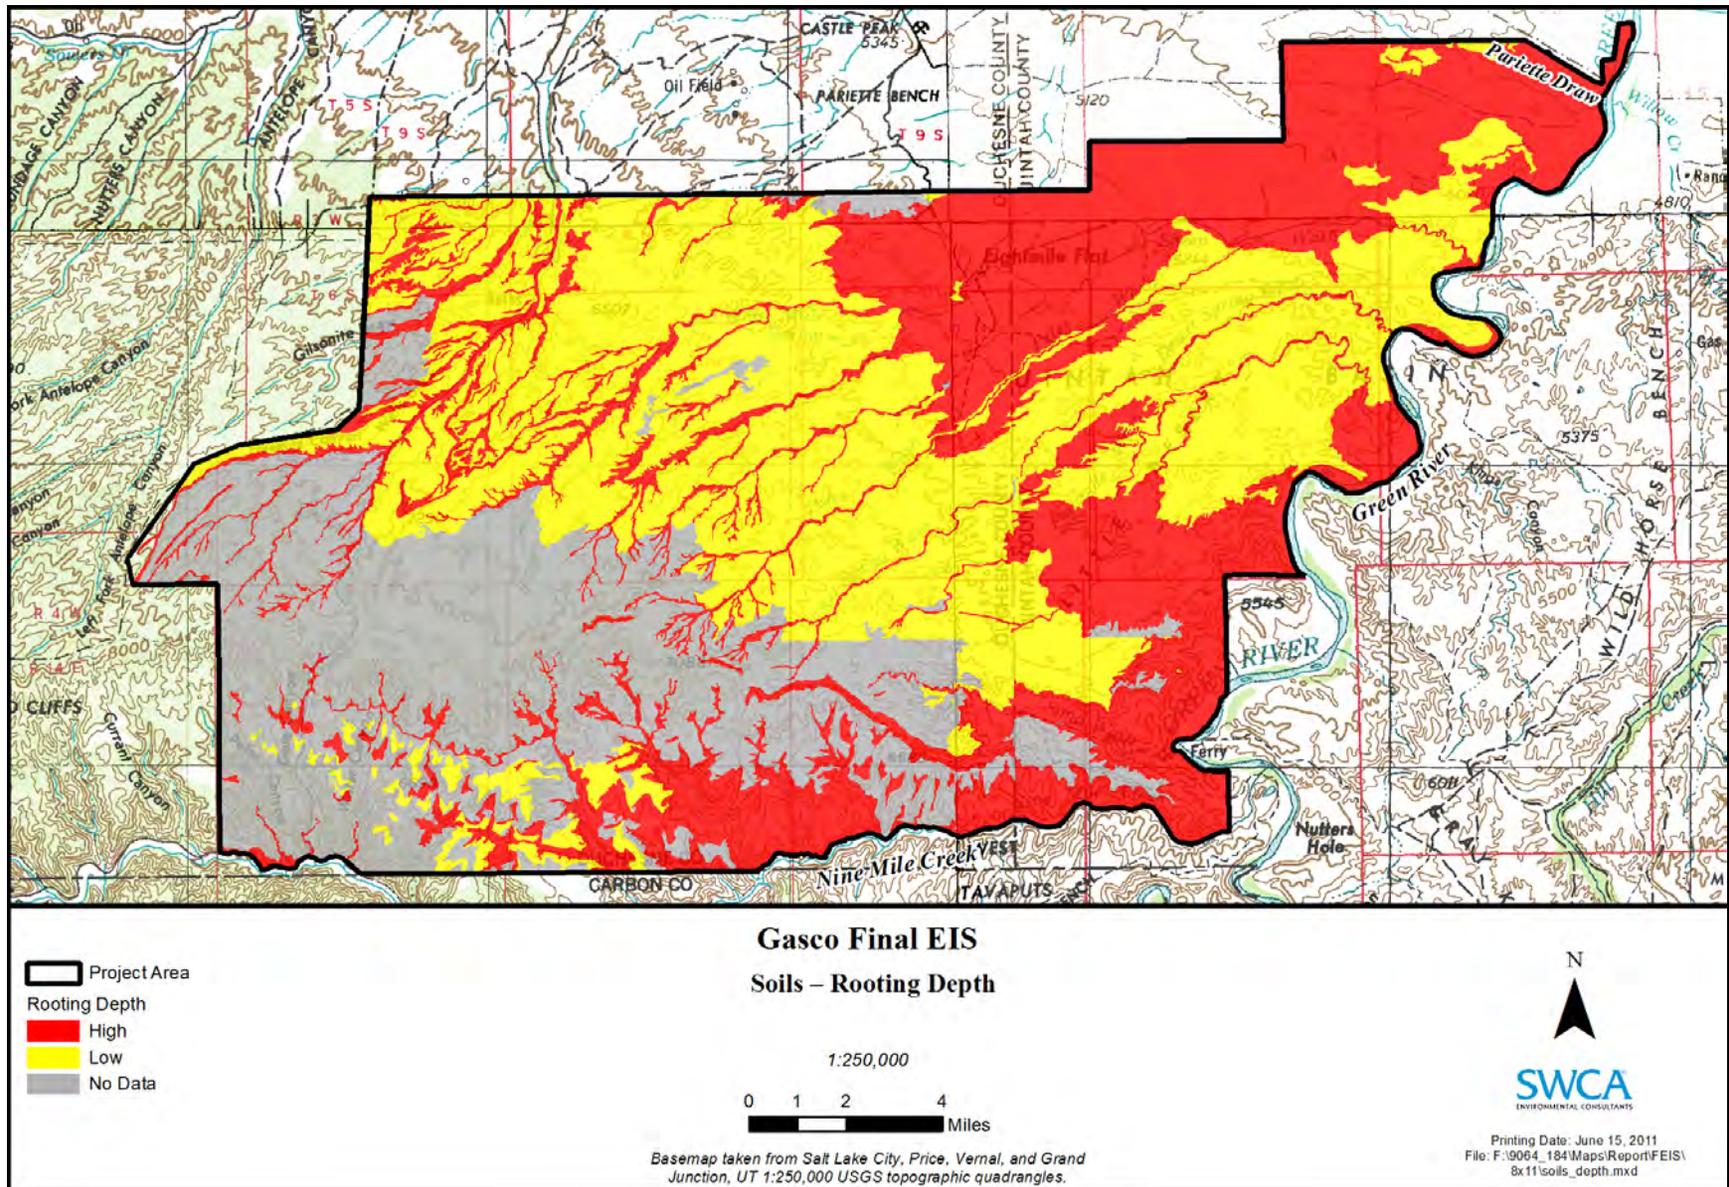

Map 15. Alkaline soils, including degree of restrictiveness.

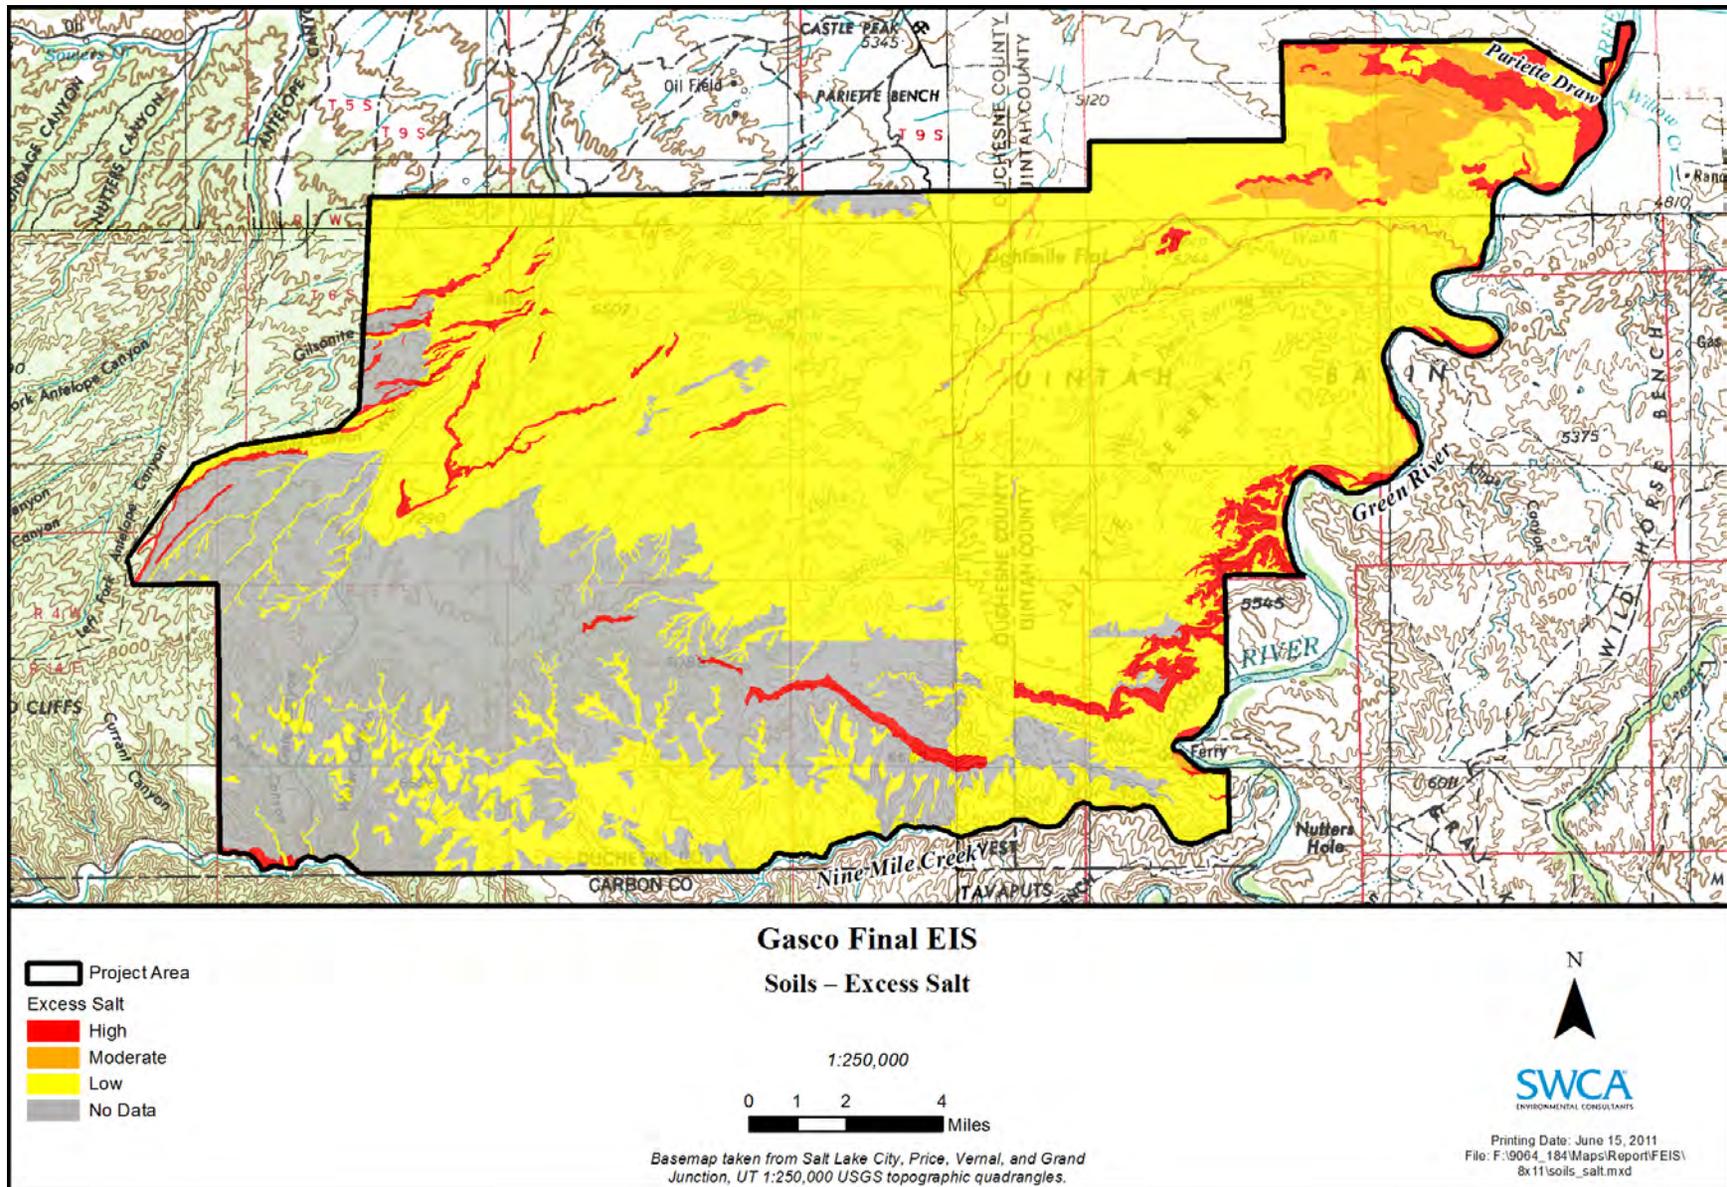

Map 16. Droughty soils, including degree of restrictiveness.

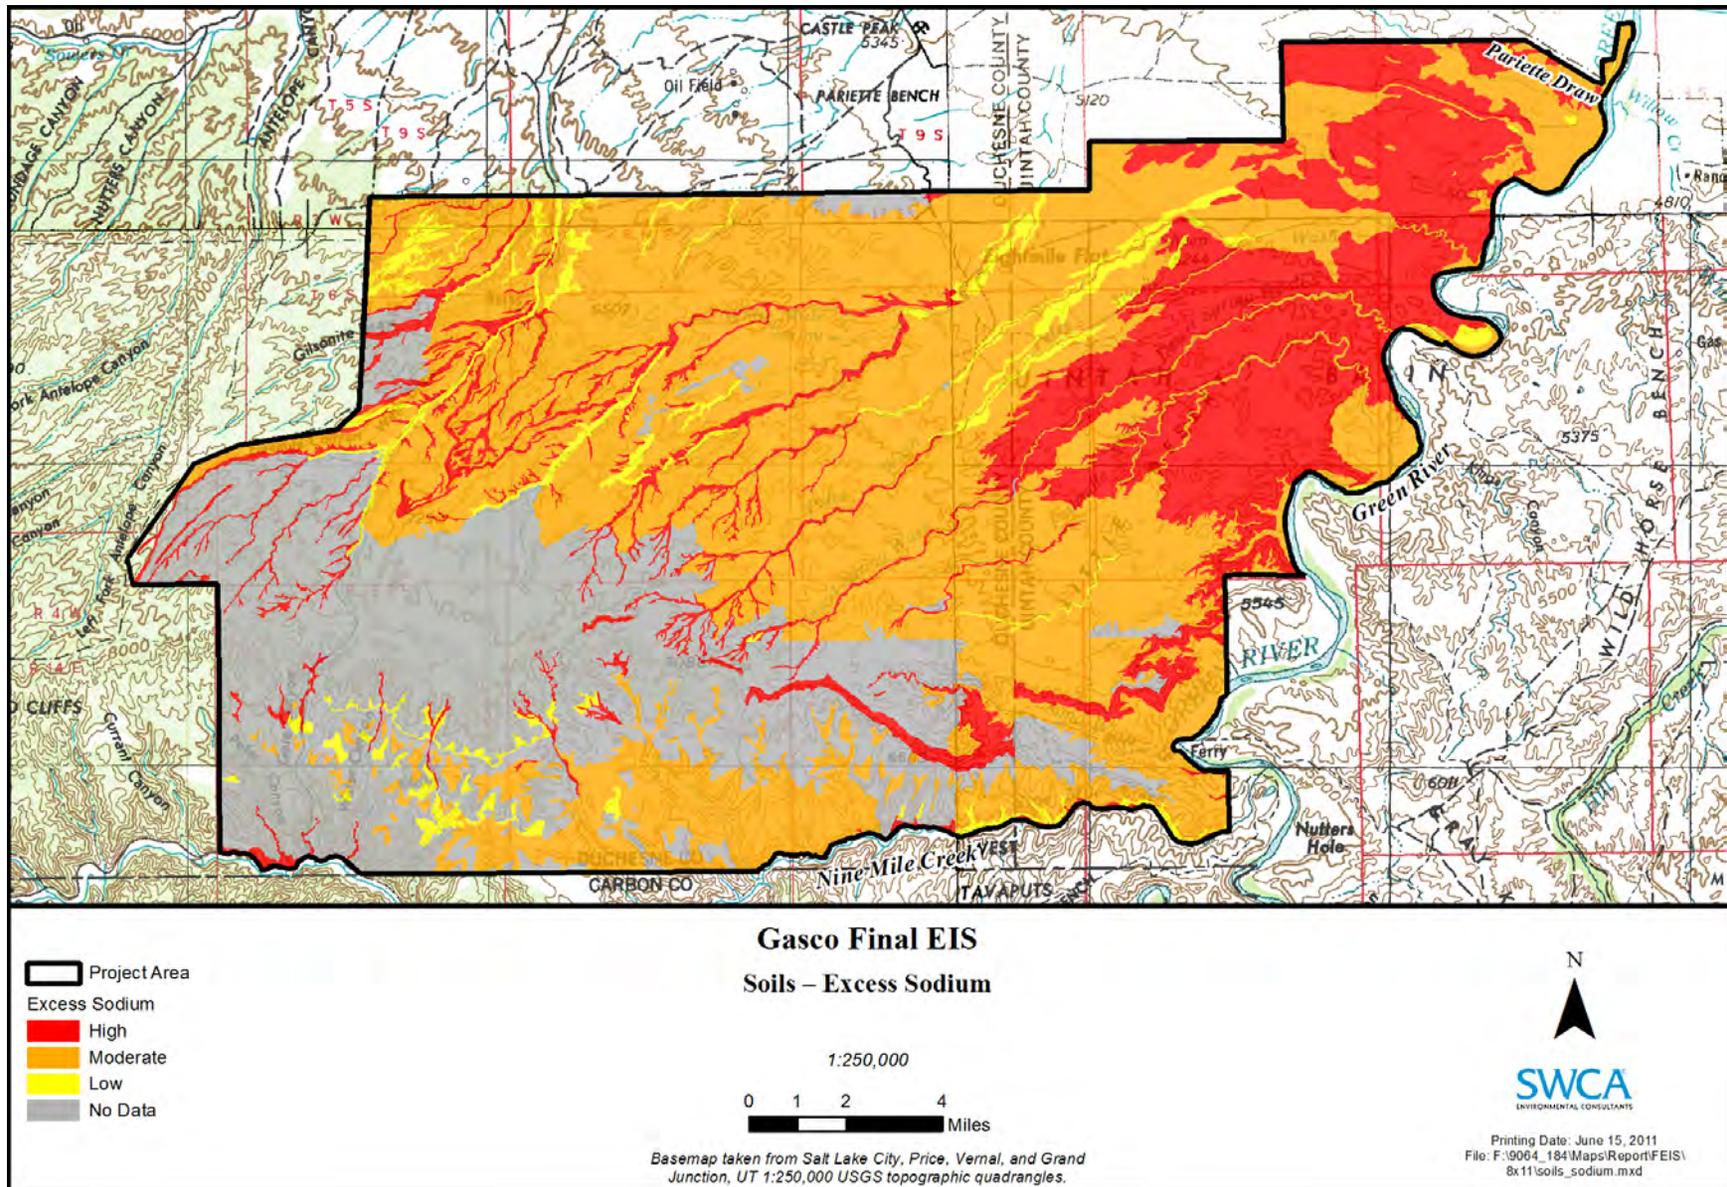

Map 17. Soil reclamation potential risk.

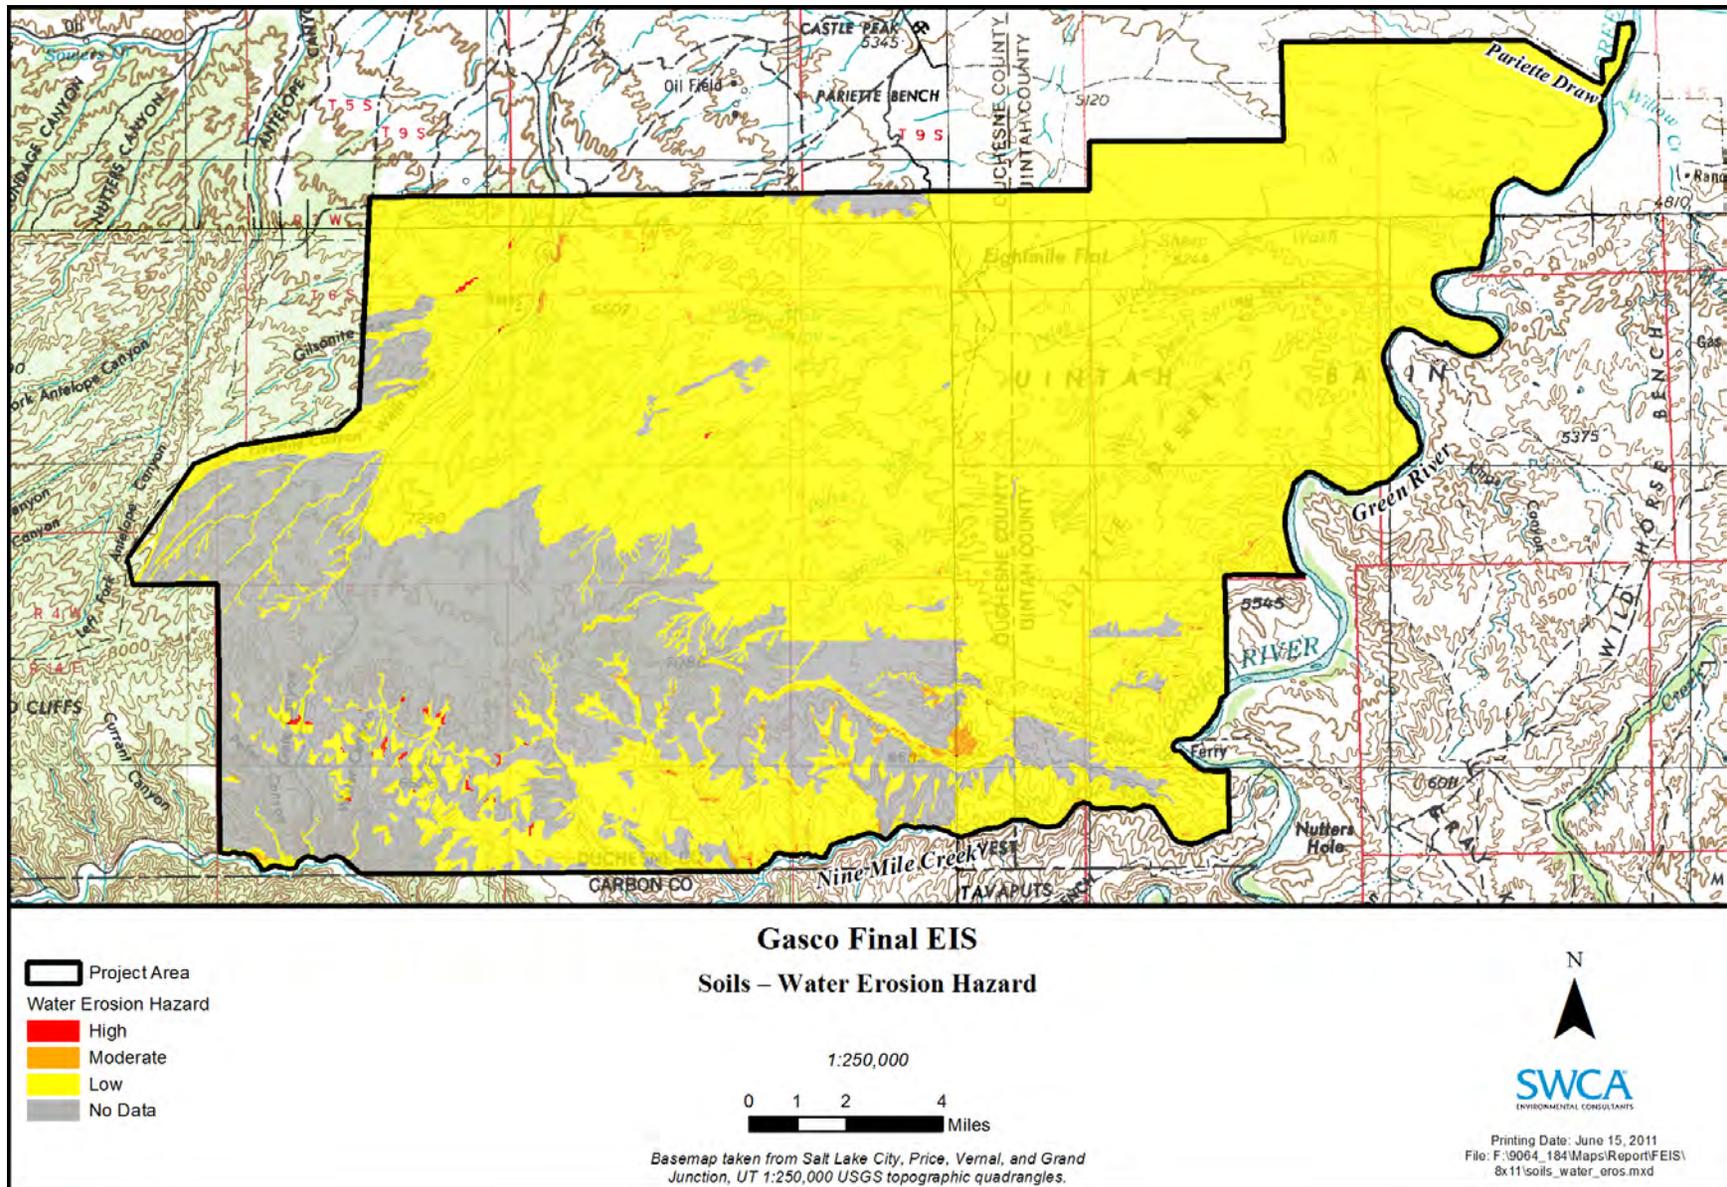

Map 18. Soil rooting depth, including degree of restrictiveness.

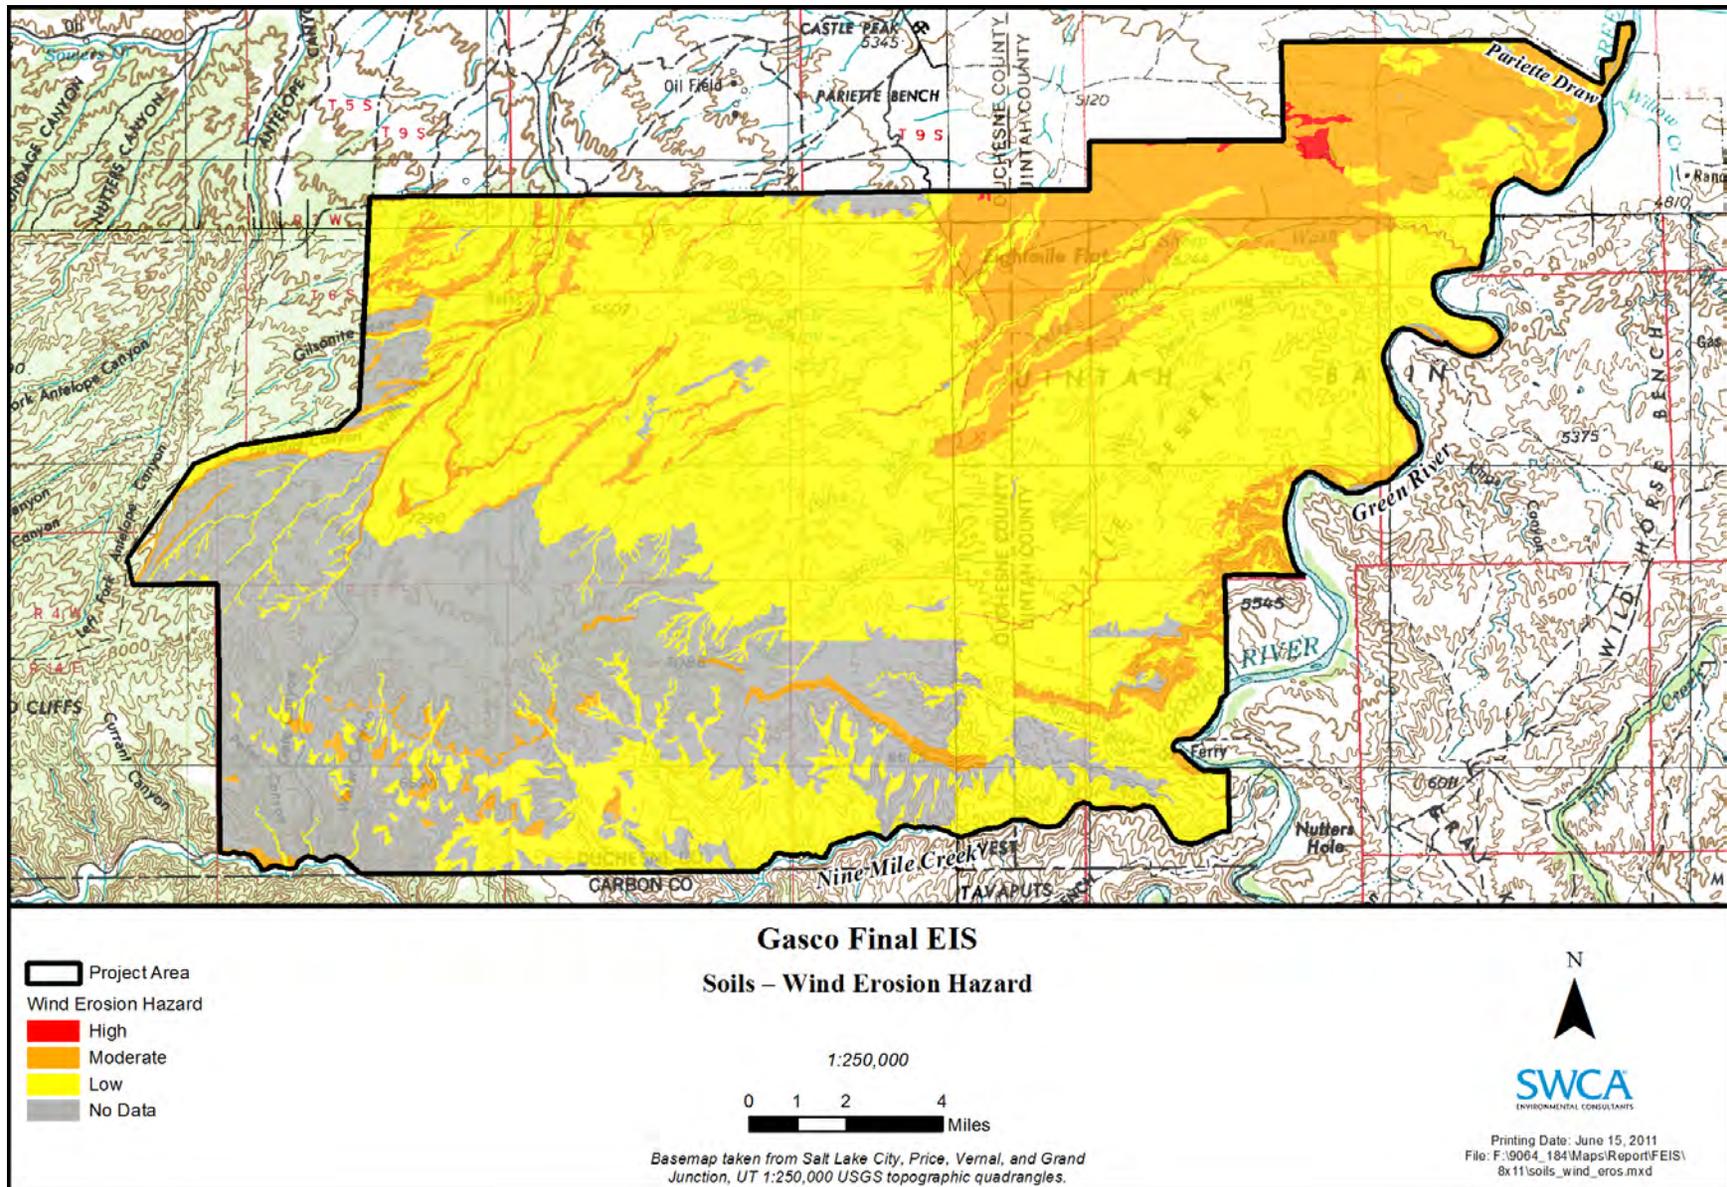

Map 19. Soils with excess salt, including degree of restrictiveness.

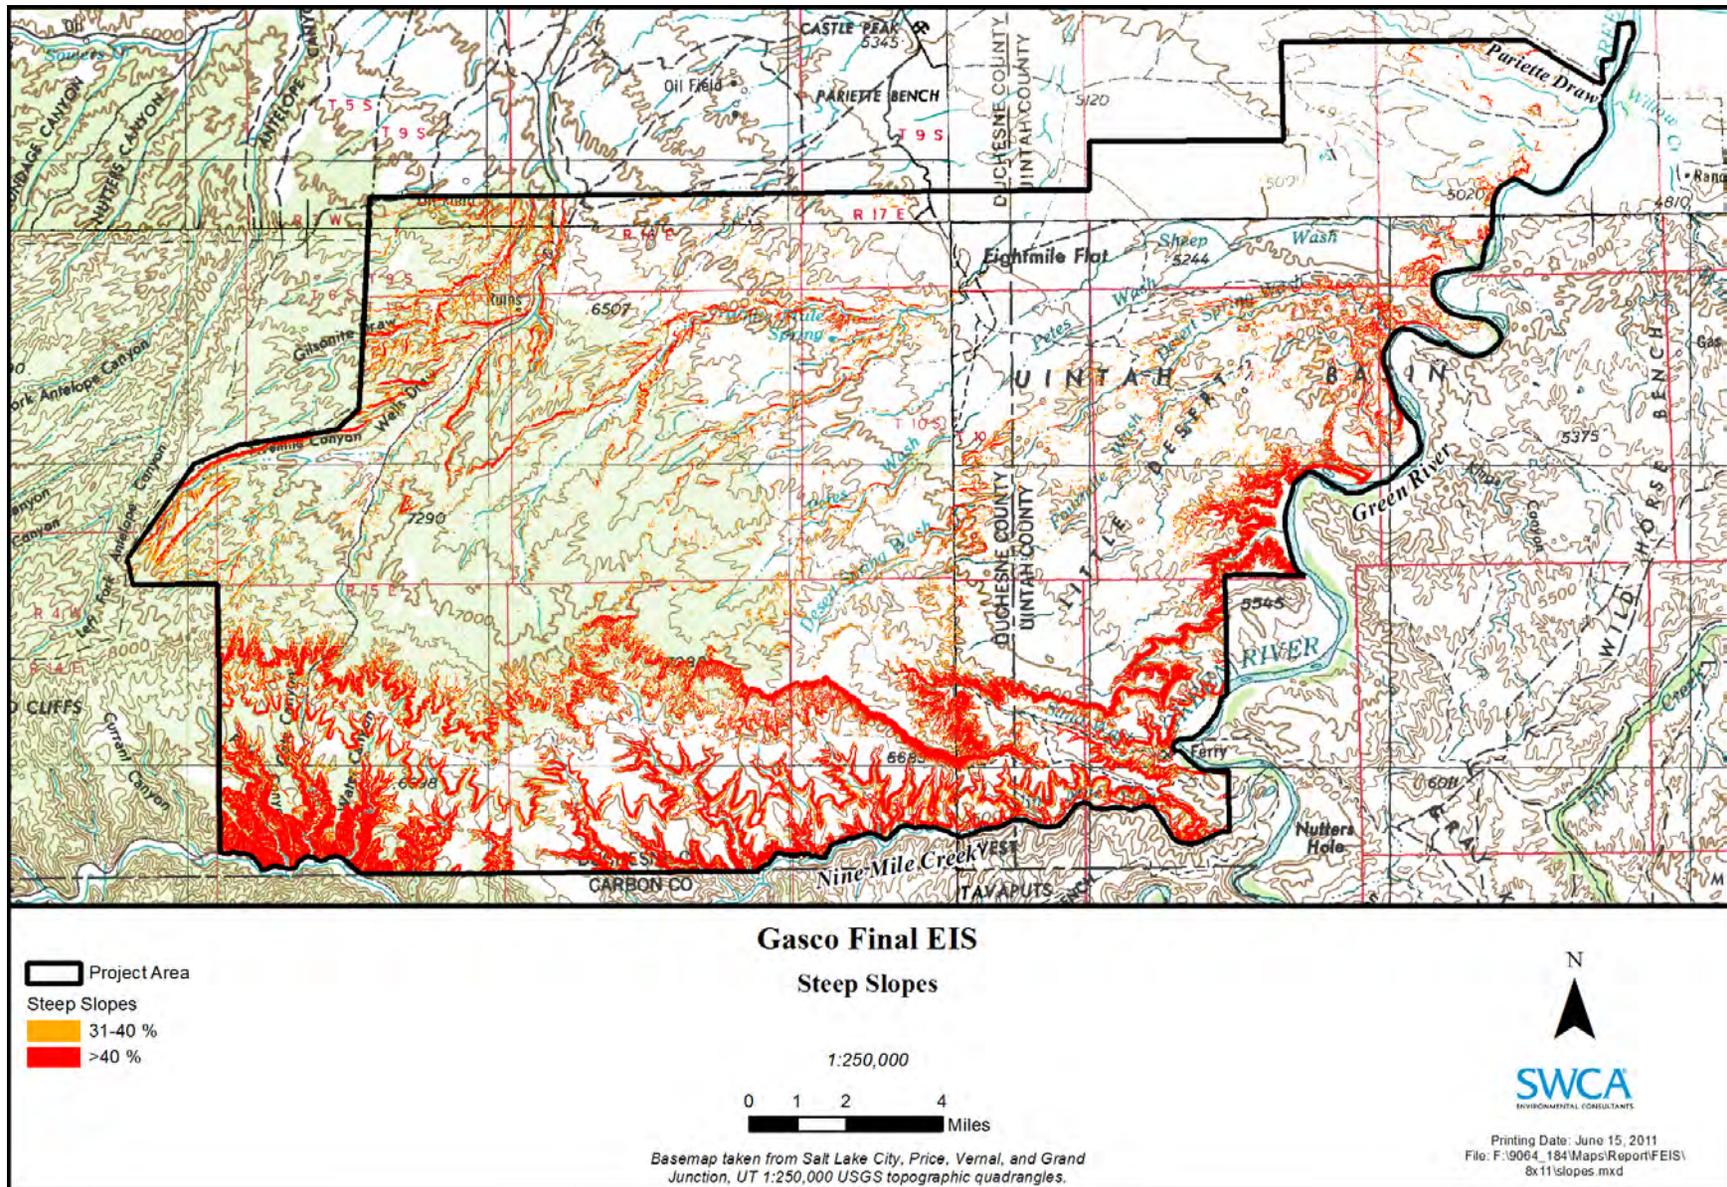

Map 20. Soils with excess sodium, including degree of restrictiveness.

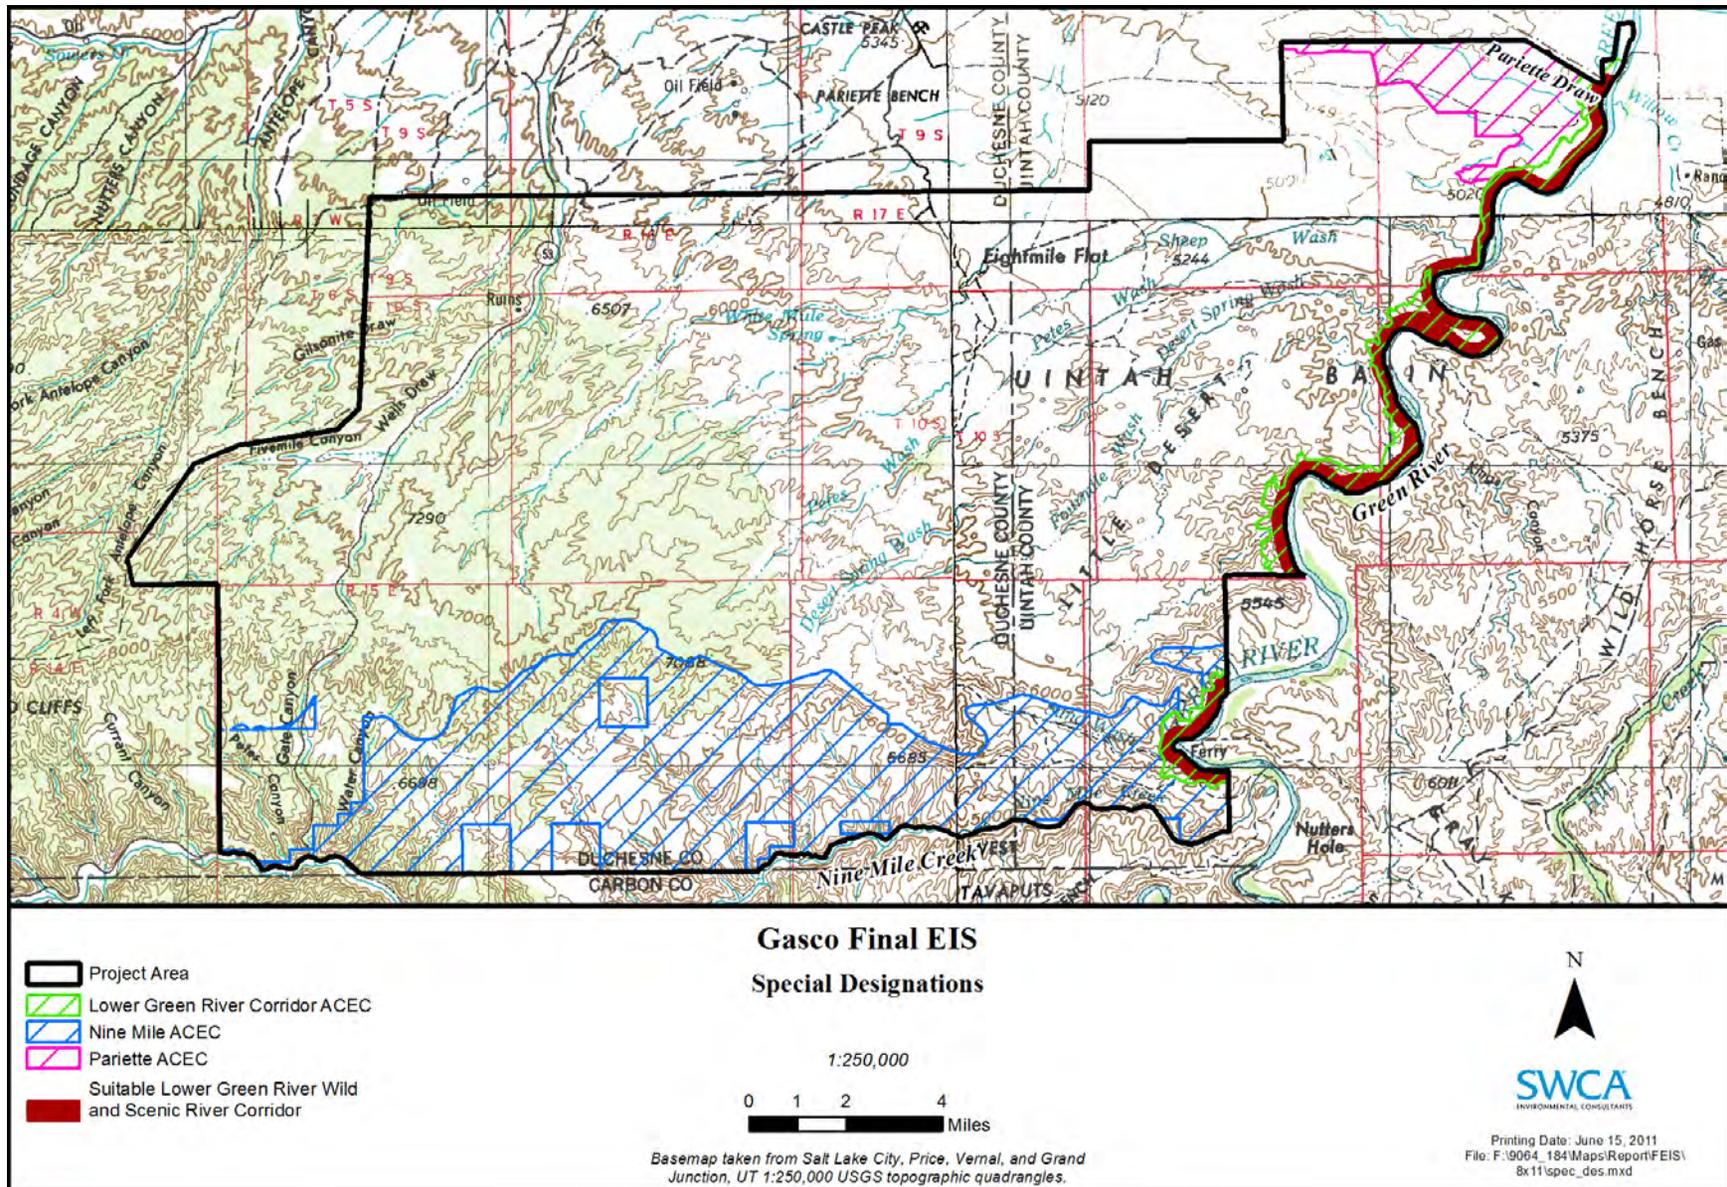

Map 21. Soils with water erosion hazard, including degree of hazard.

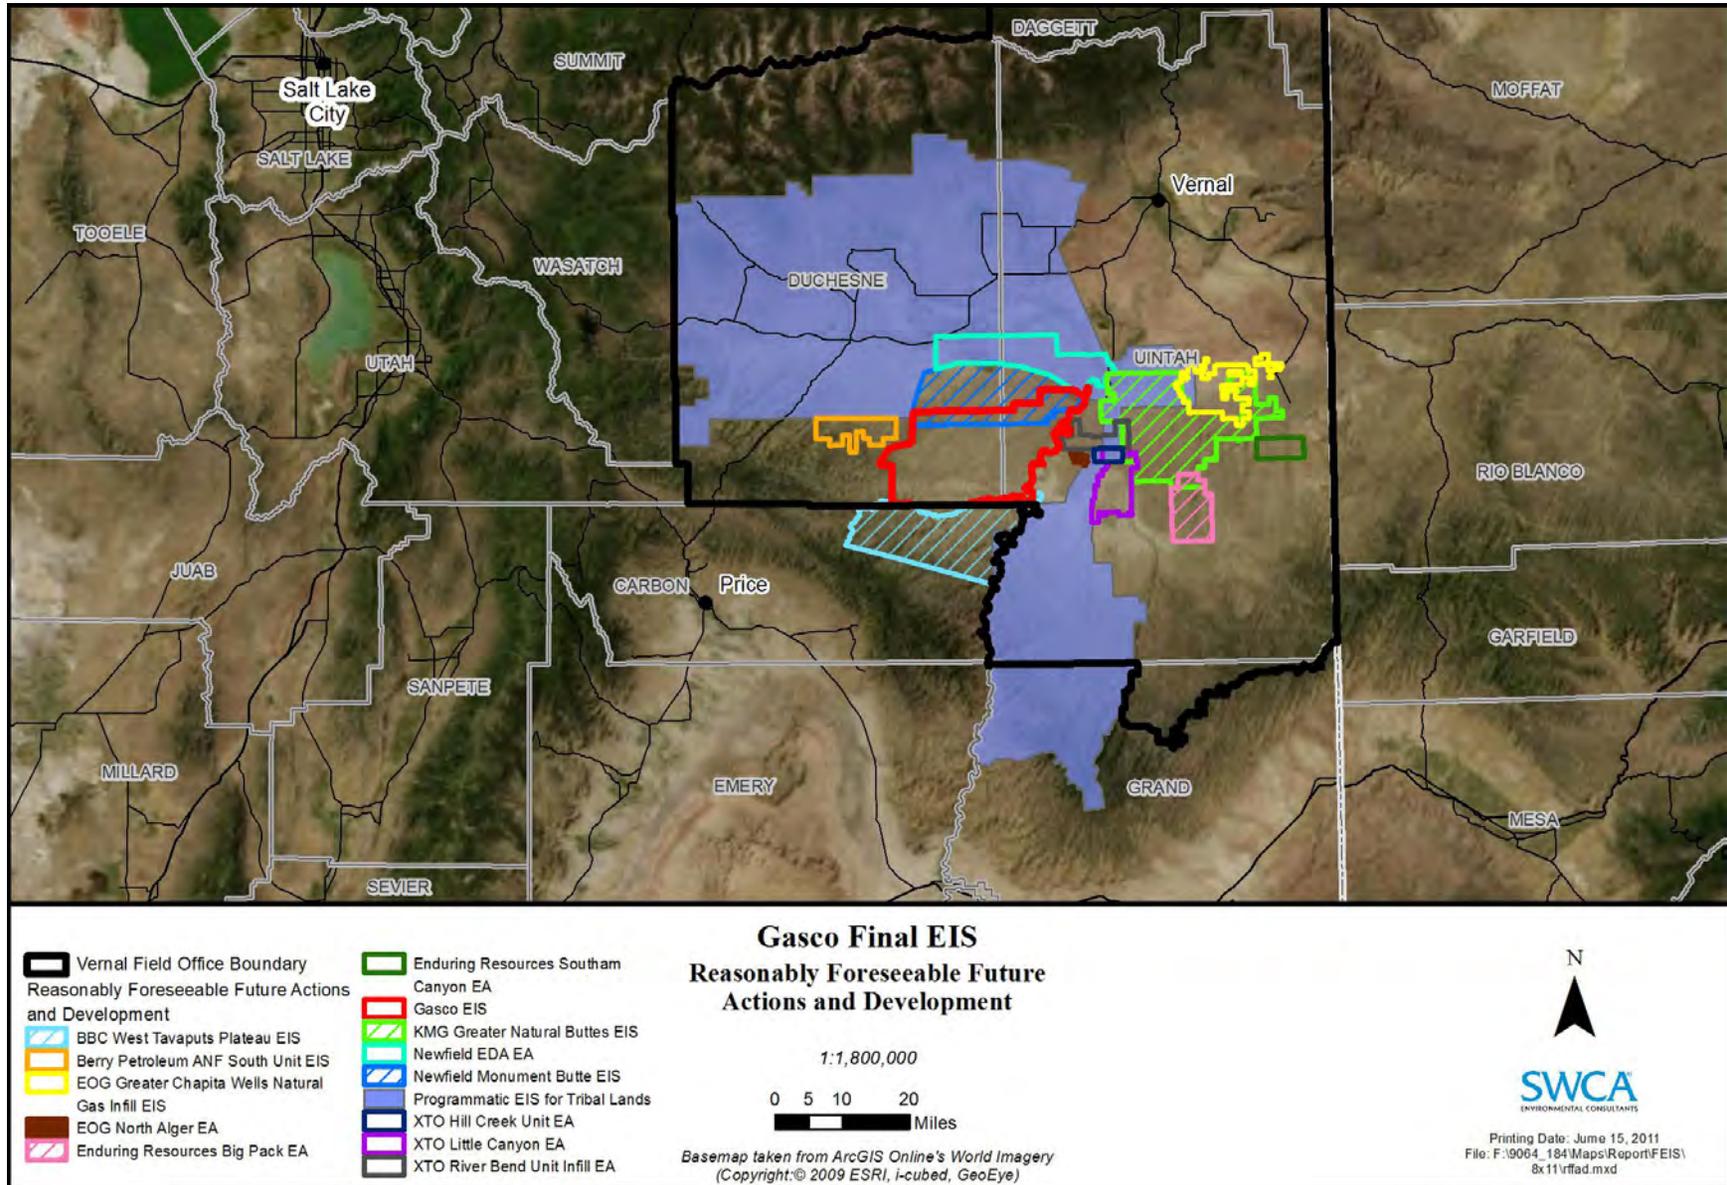

Map 22. Soils with wind erosion hazard, including degree of hazard.

Map 23. Steep slopes.

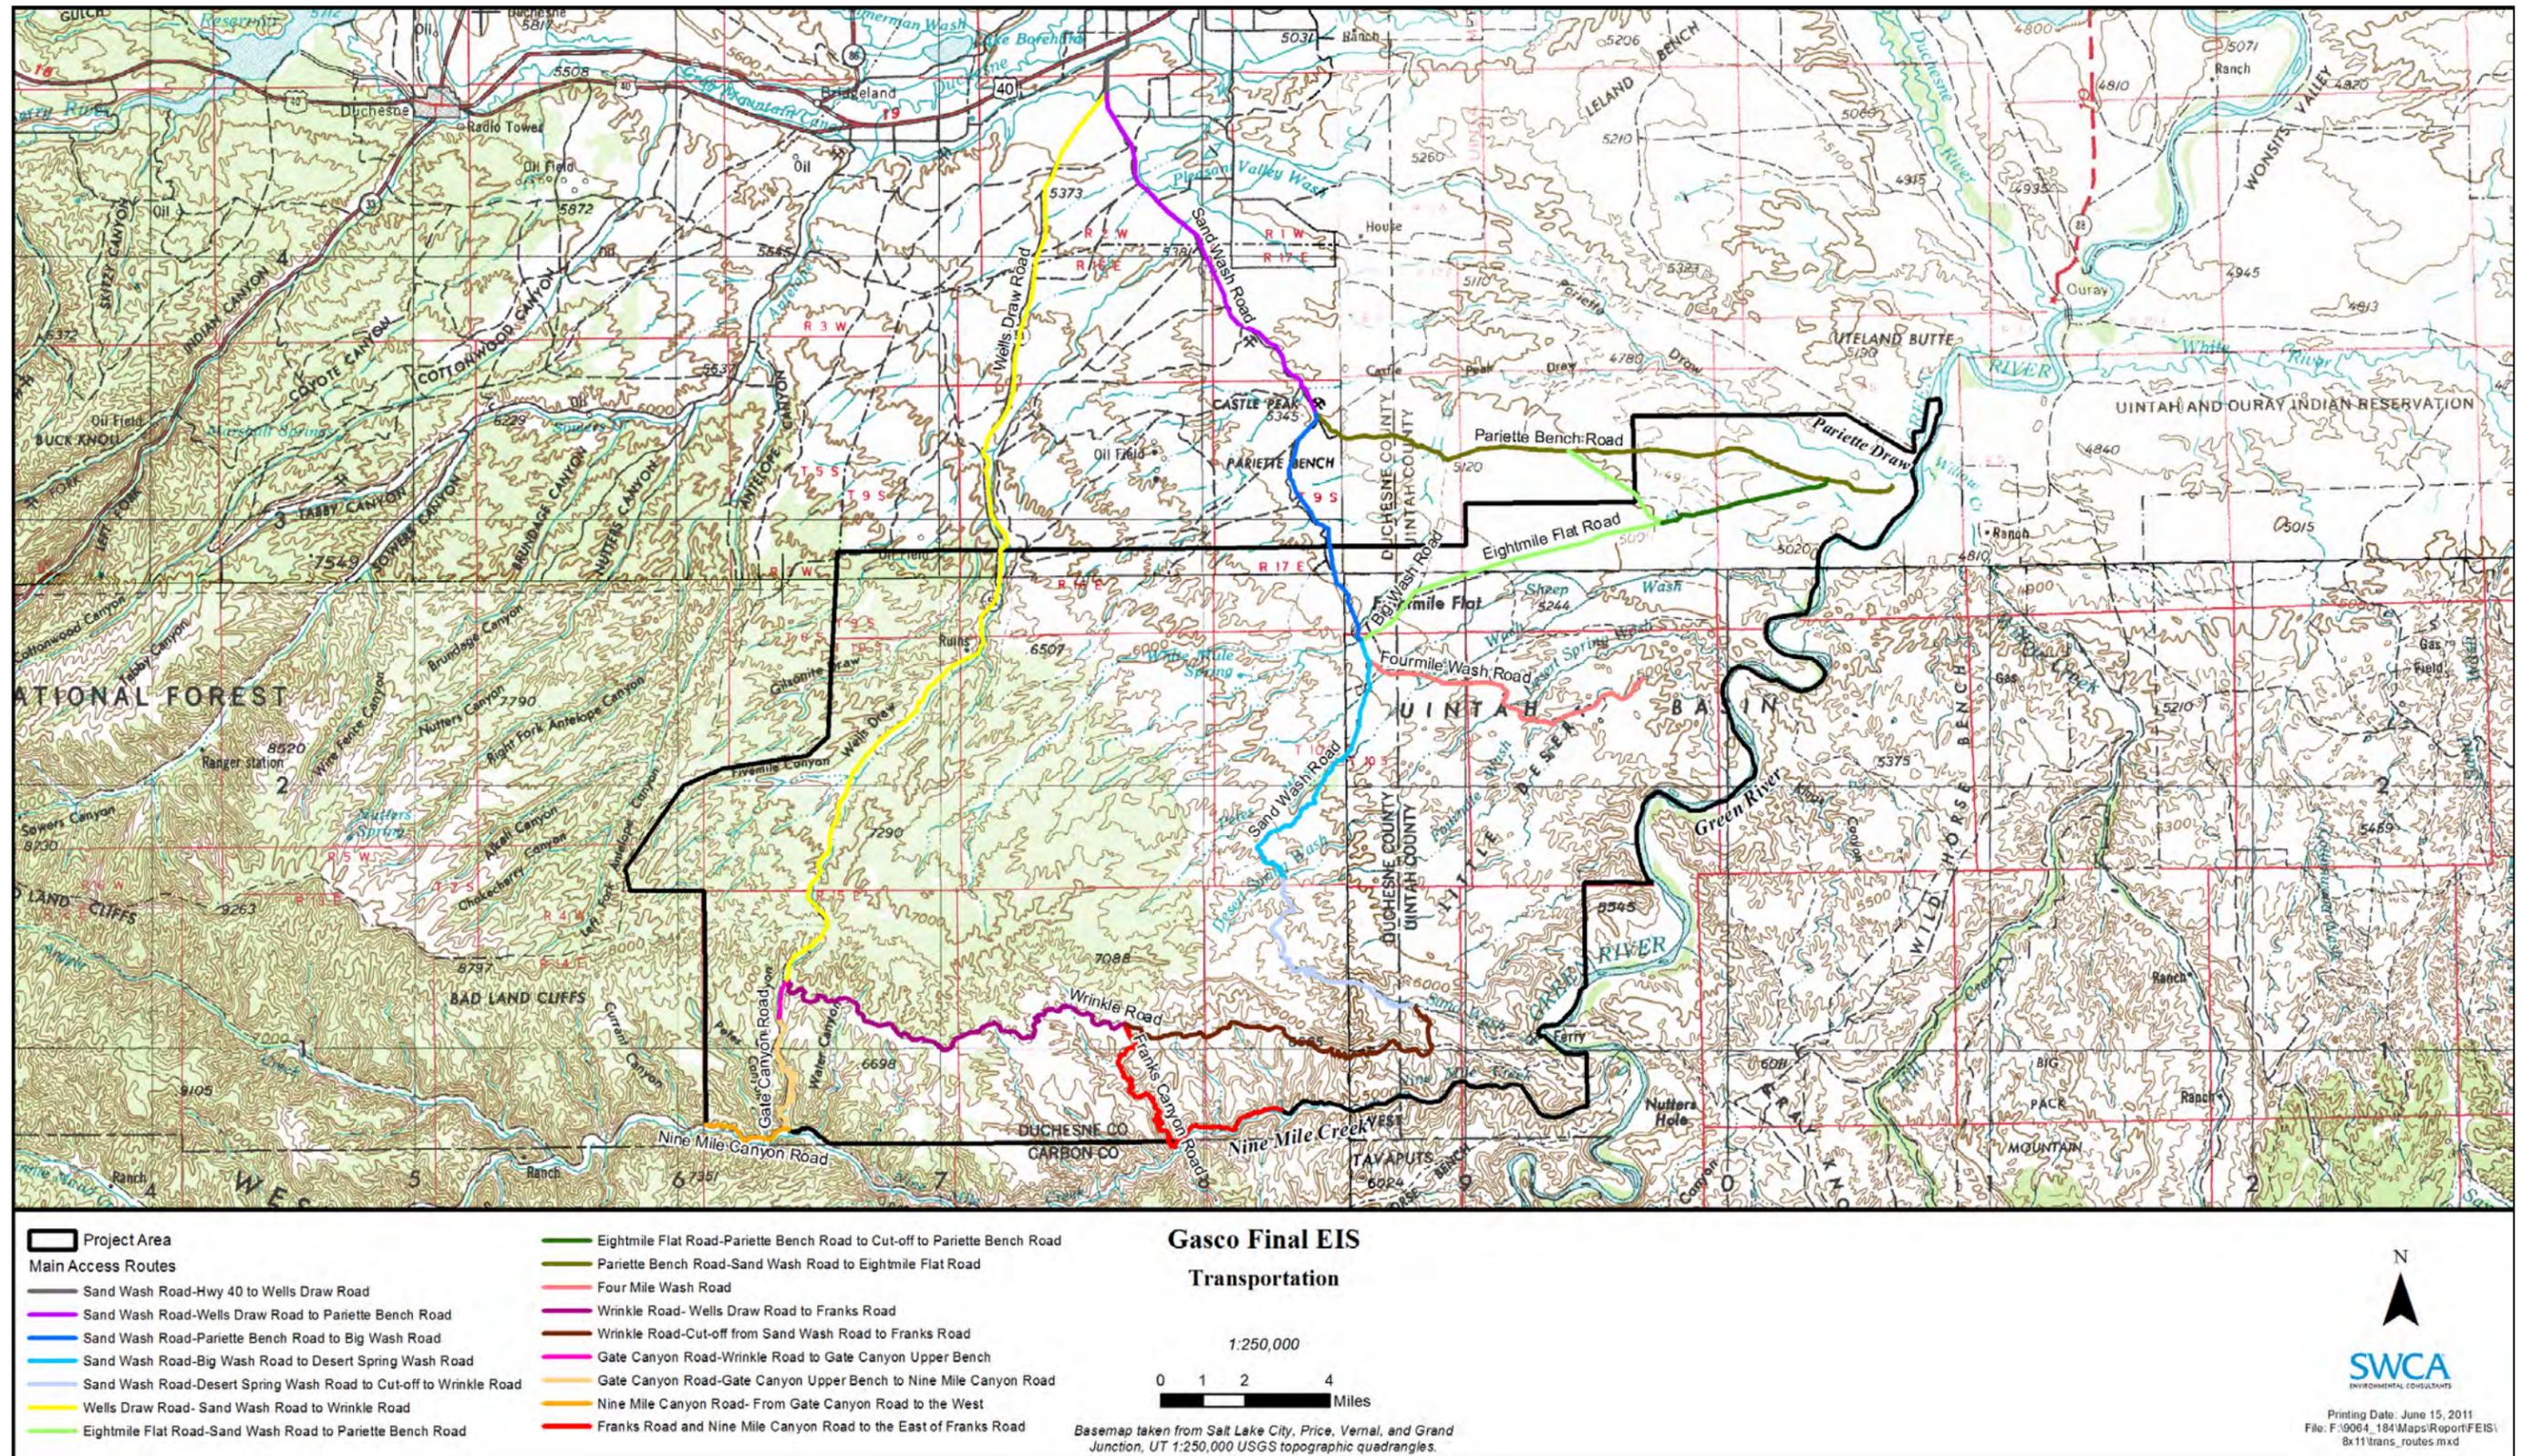

Map 24. Special designations including ACECs and WSRs.

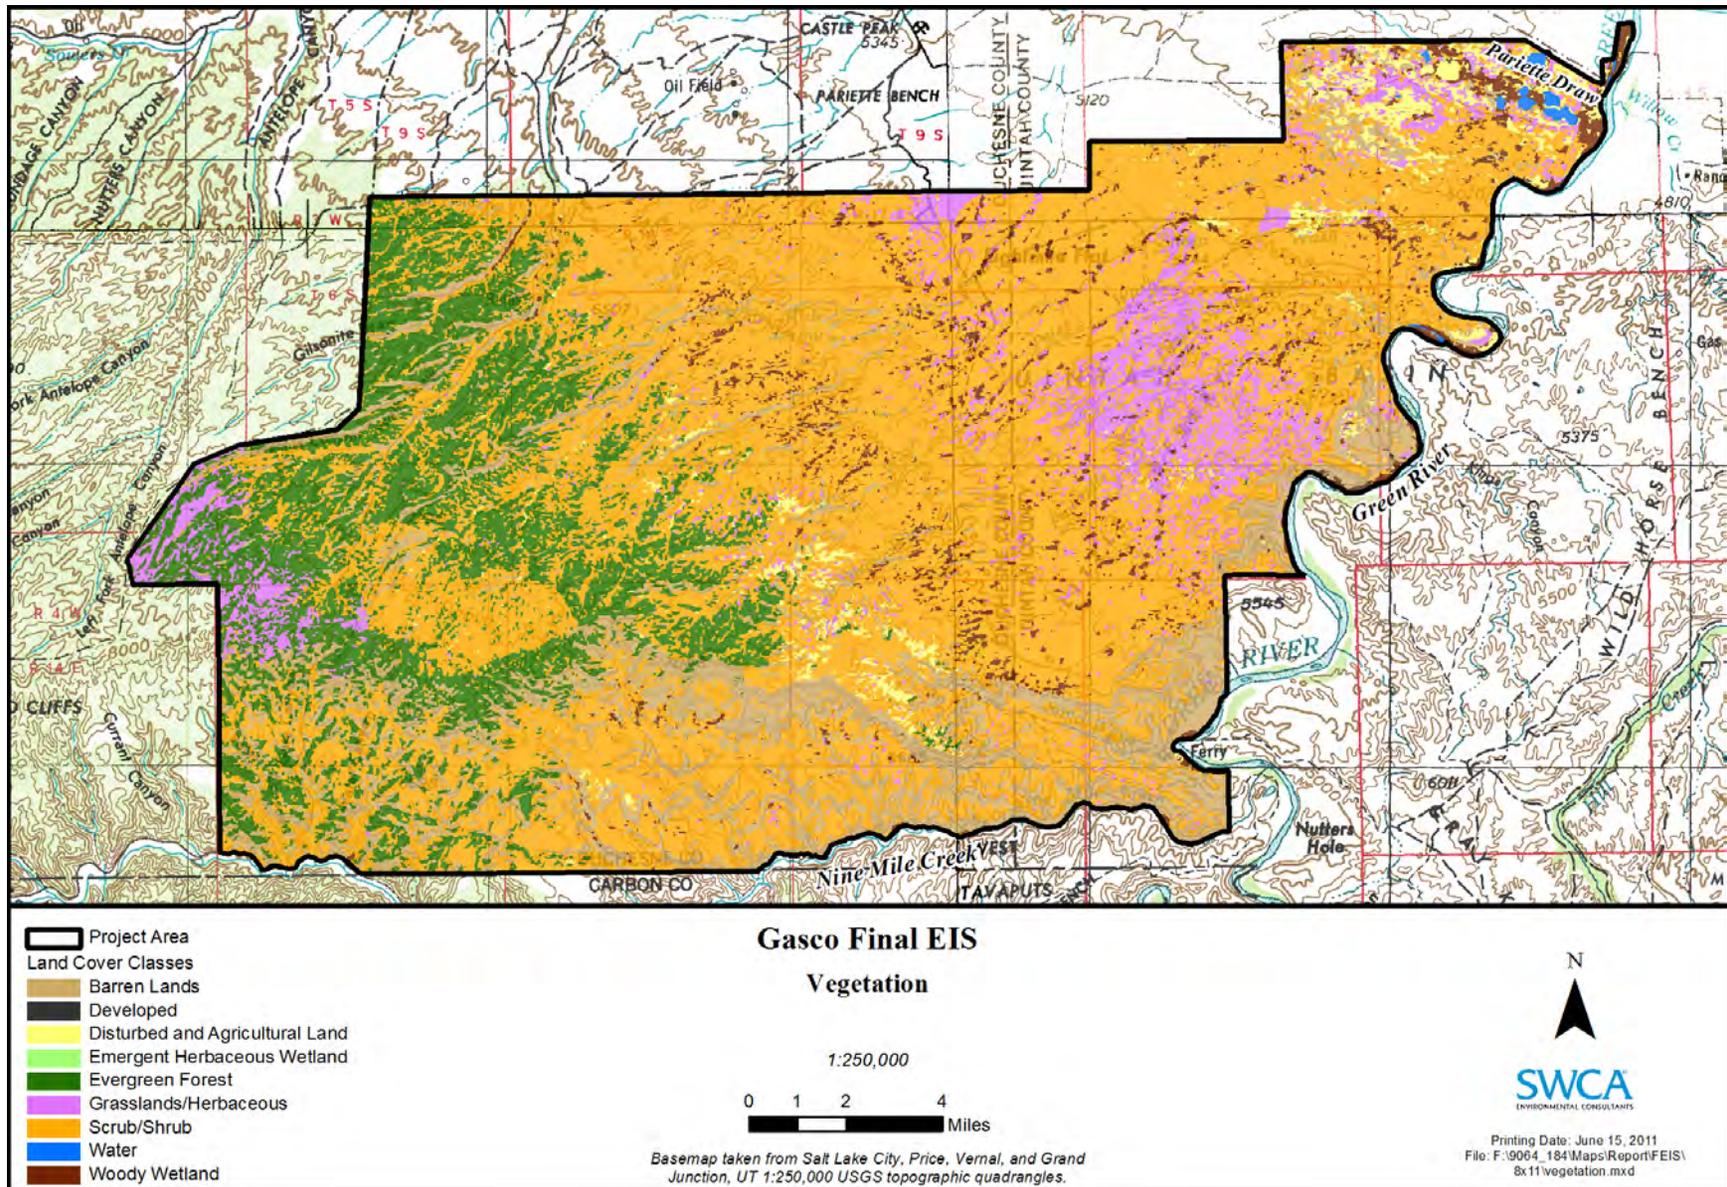

Map 25. Reasonably foreseeable future actions and development.

This Page Intentionally Left Blank

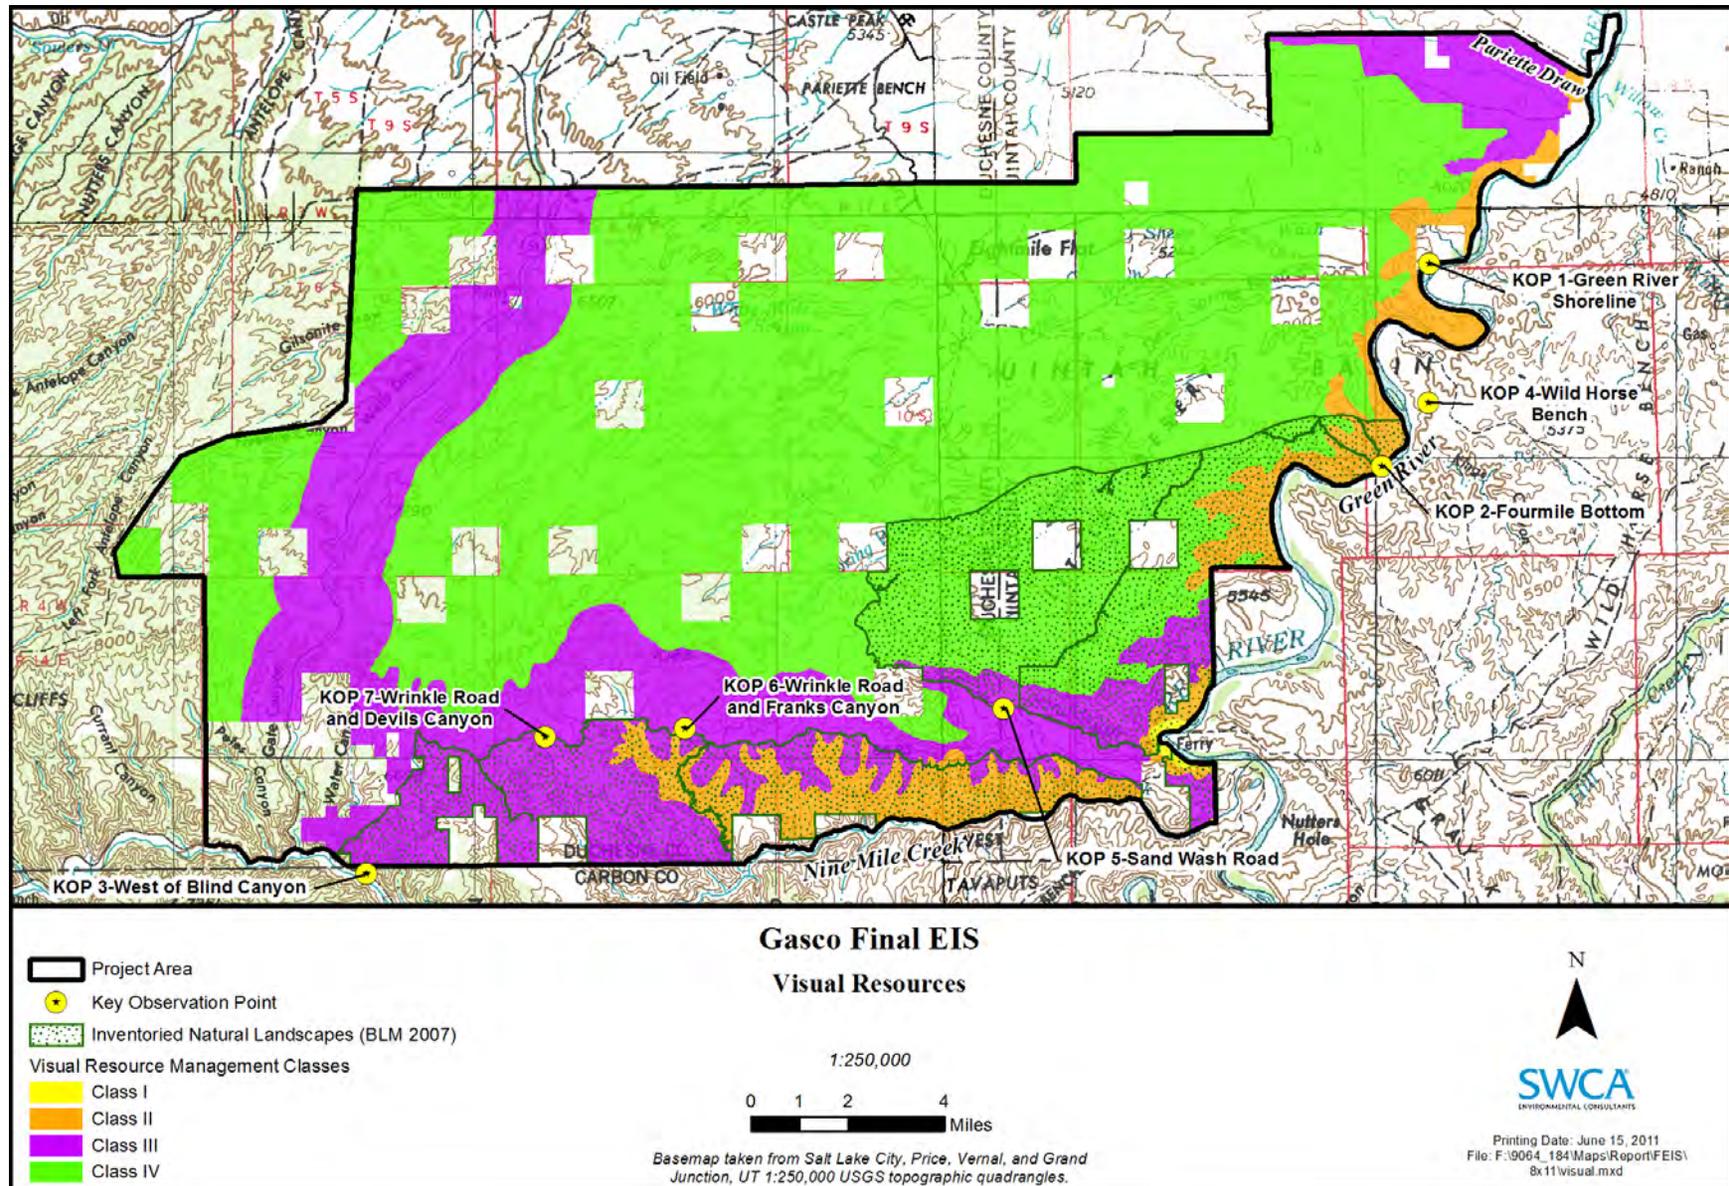

Map 26. Main transportation routes.

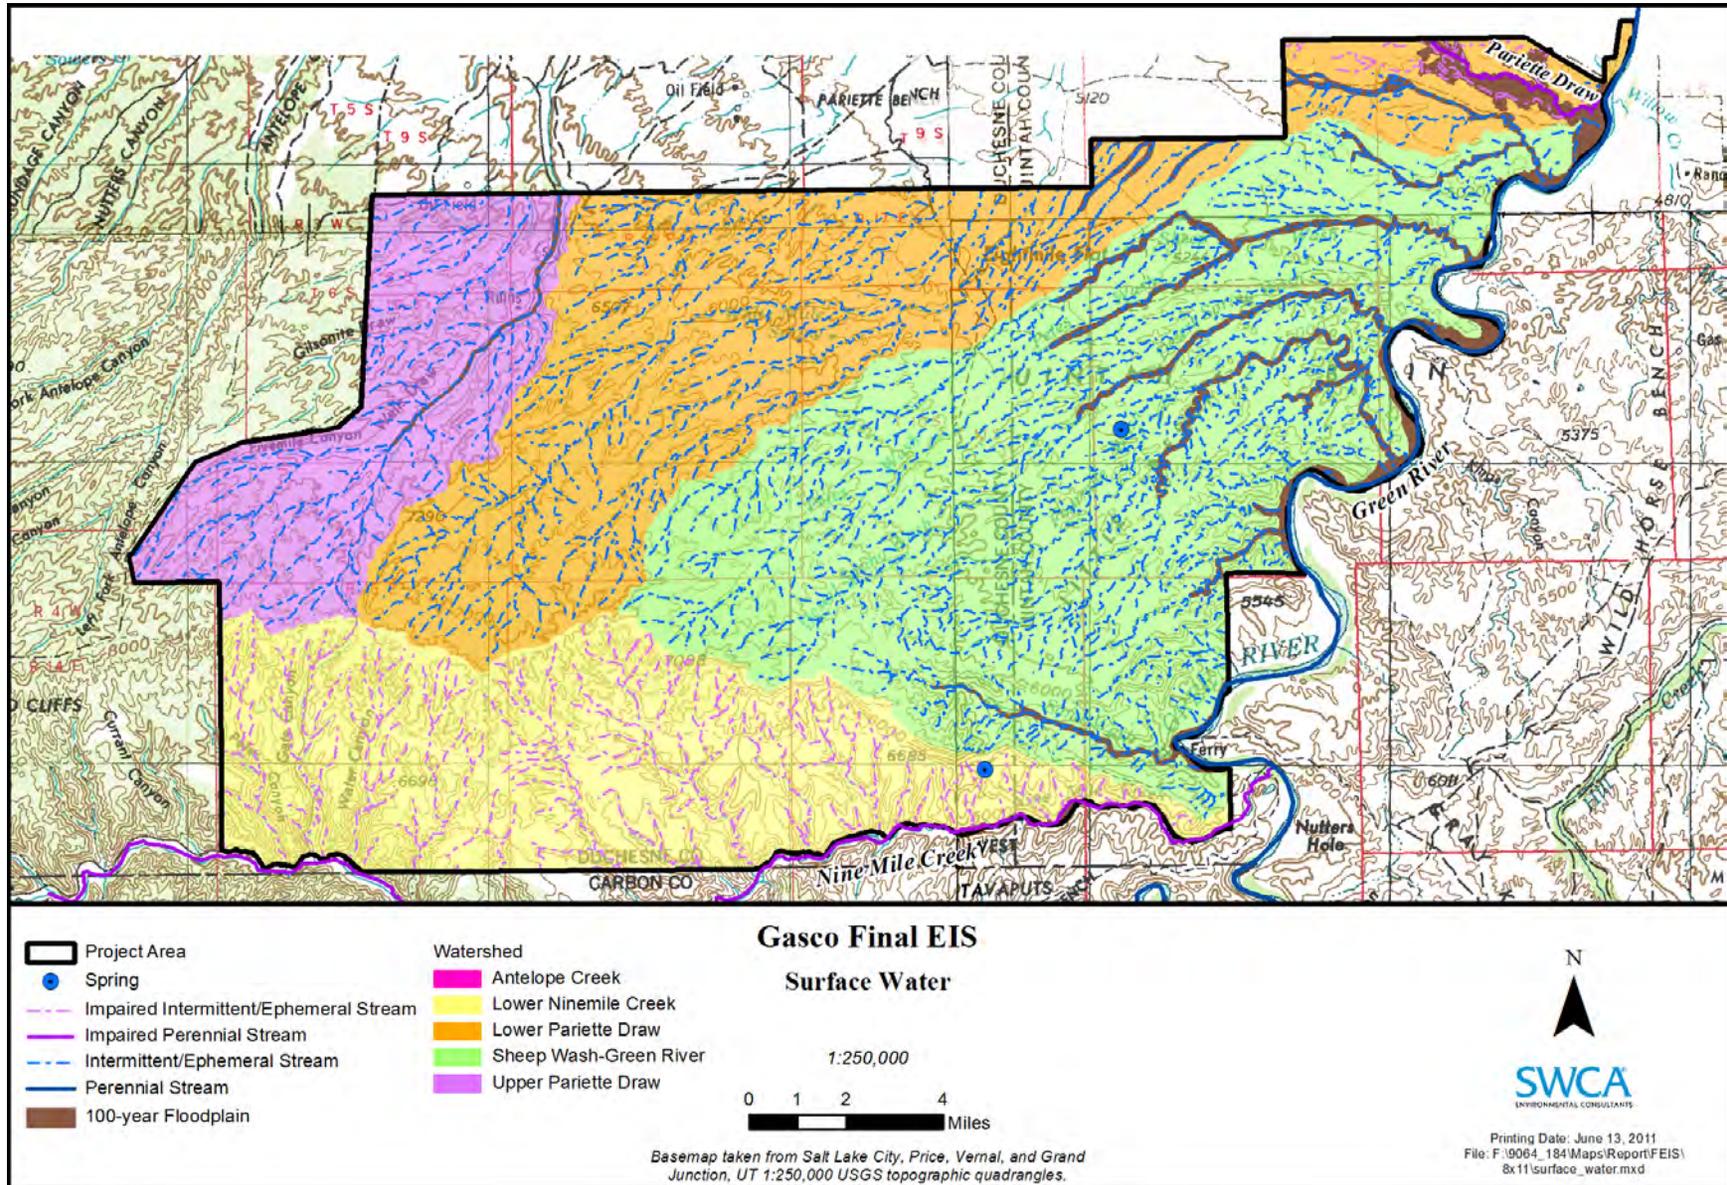

This Page Intentionally Left Blank

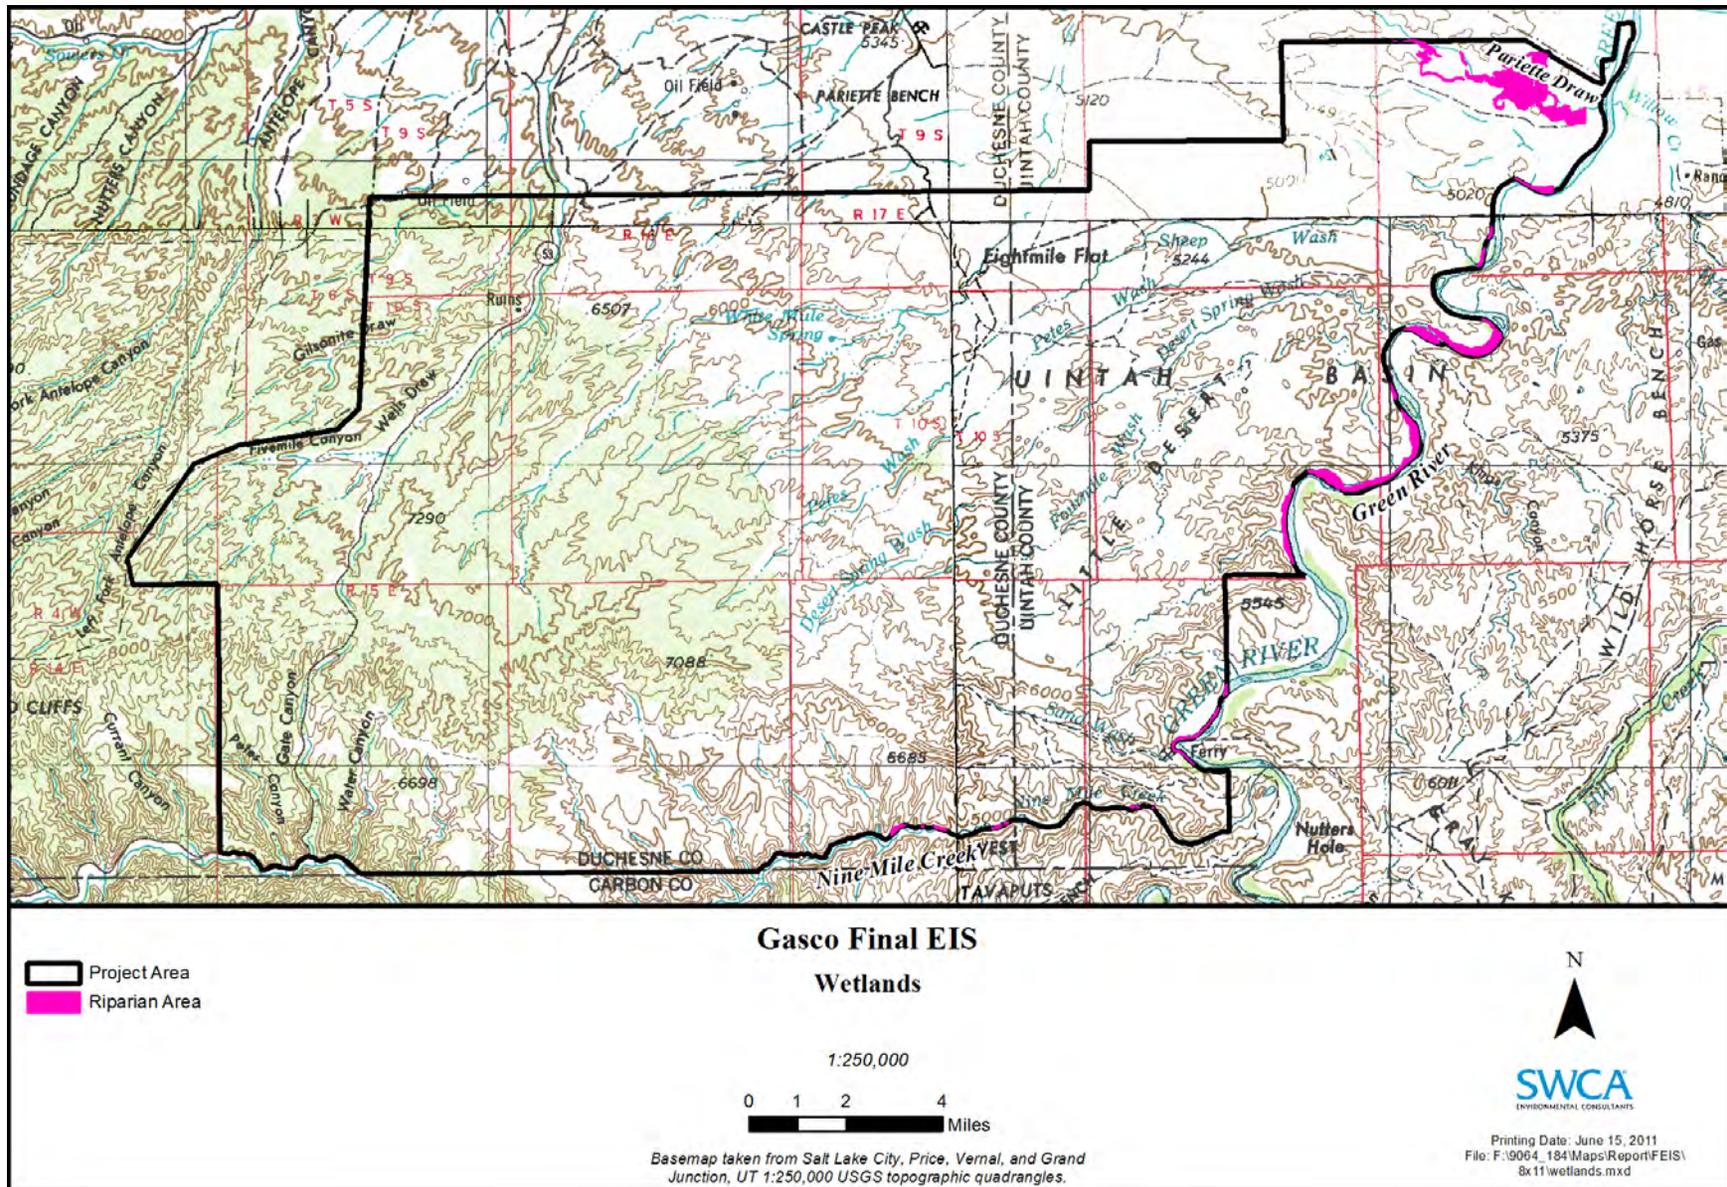

Map 27. Vegetation types.

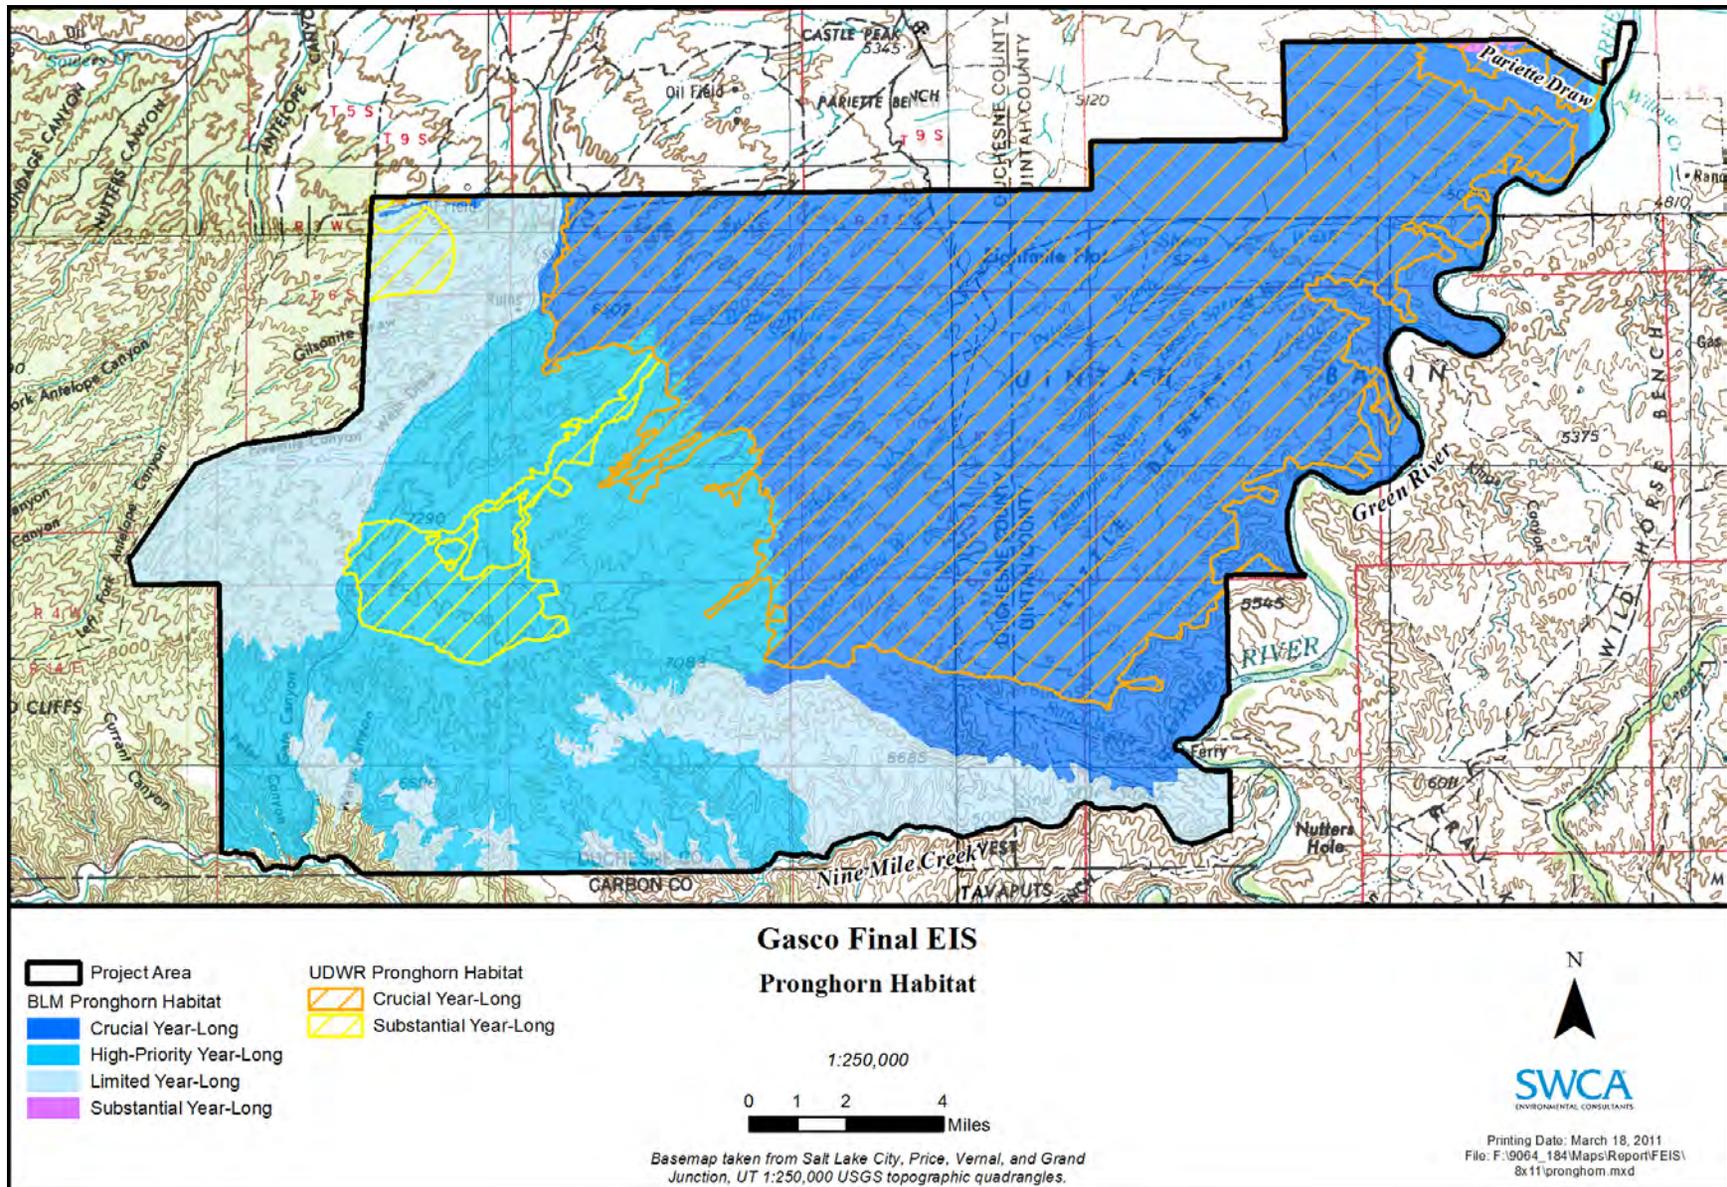

Map 28. Visual Resource Management classes, key observation points, and natural landscapes.

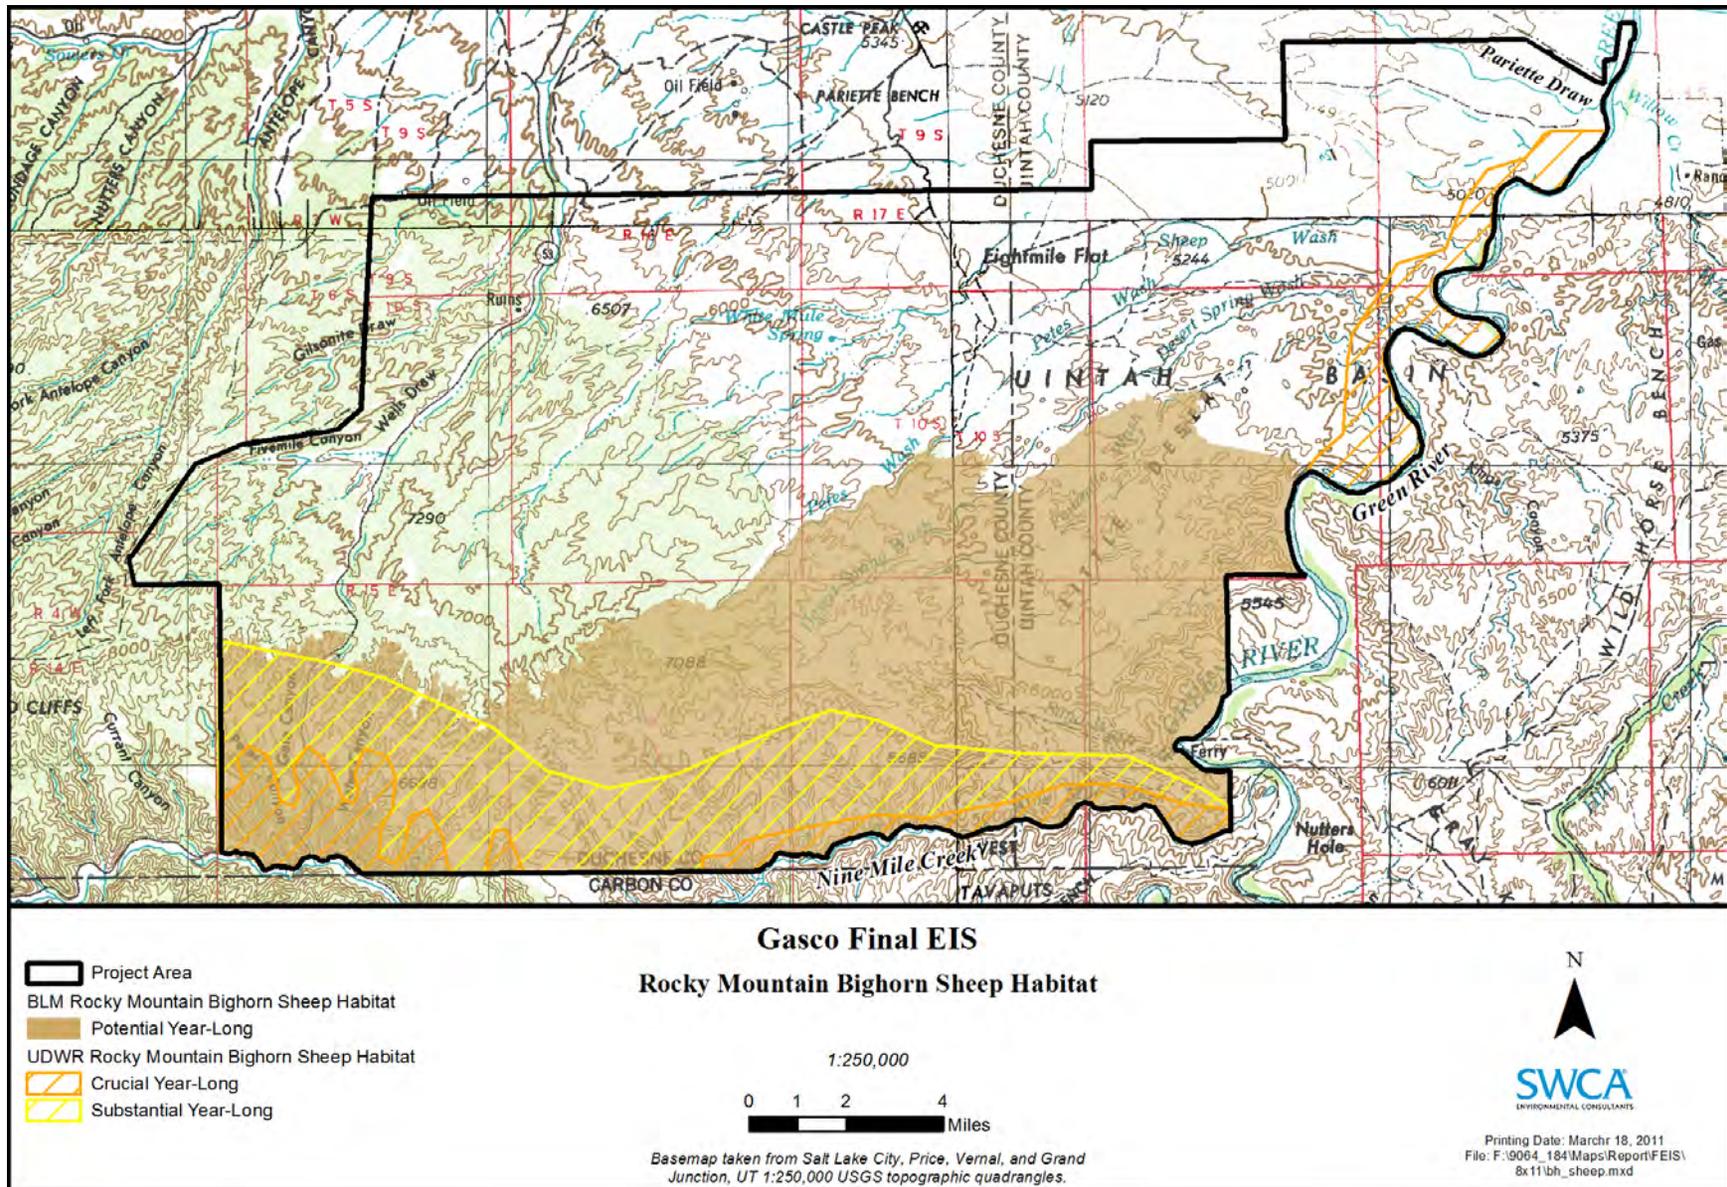

Map 29. Watershed boundaries, impaired streams, perennial versus intermittent streams, and floodplains.

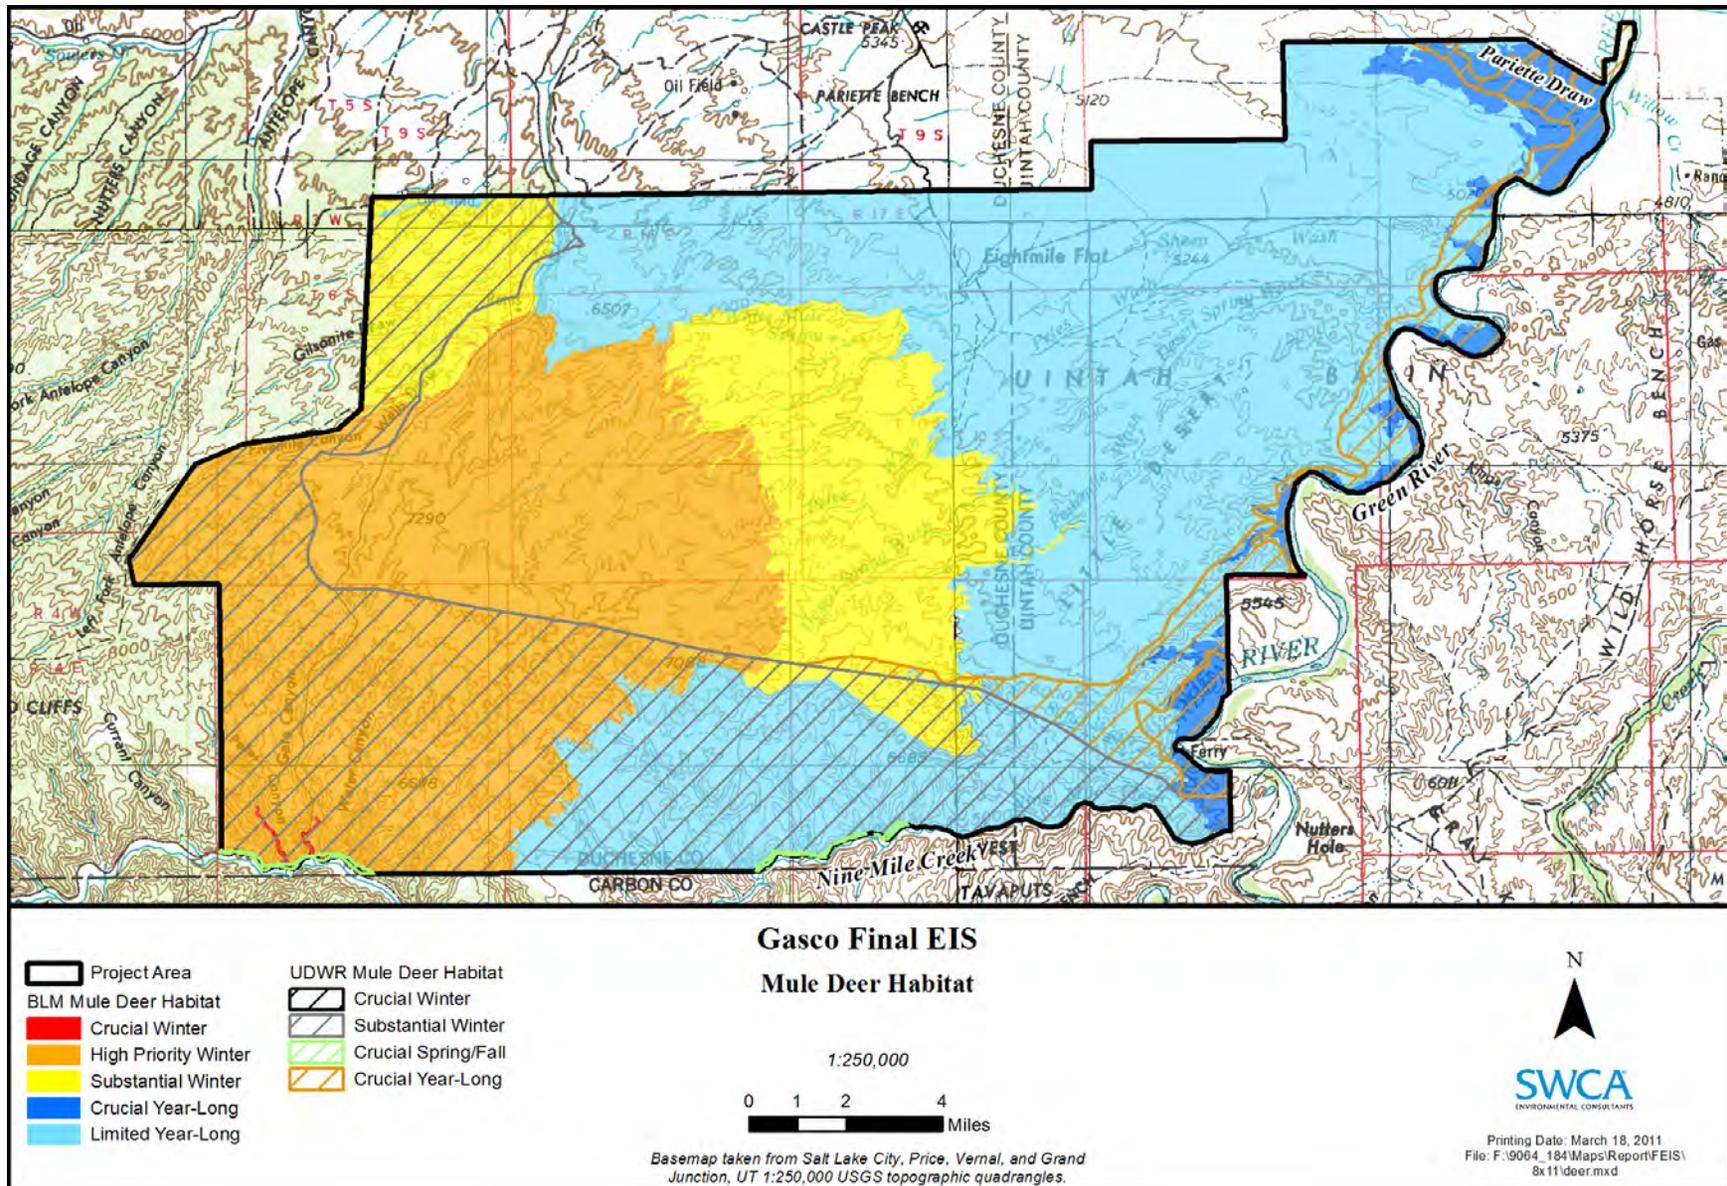

Map 30. Wetlands and riparian areas.

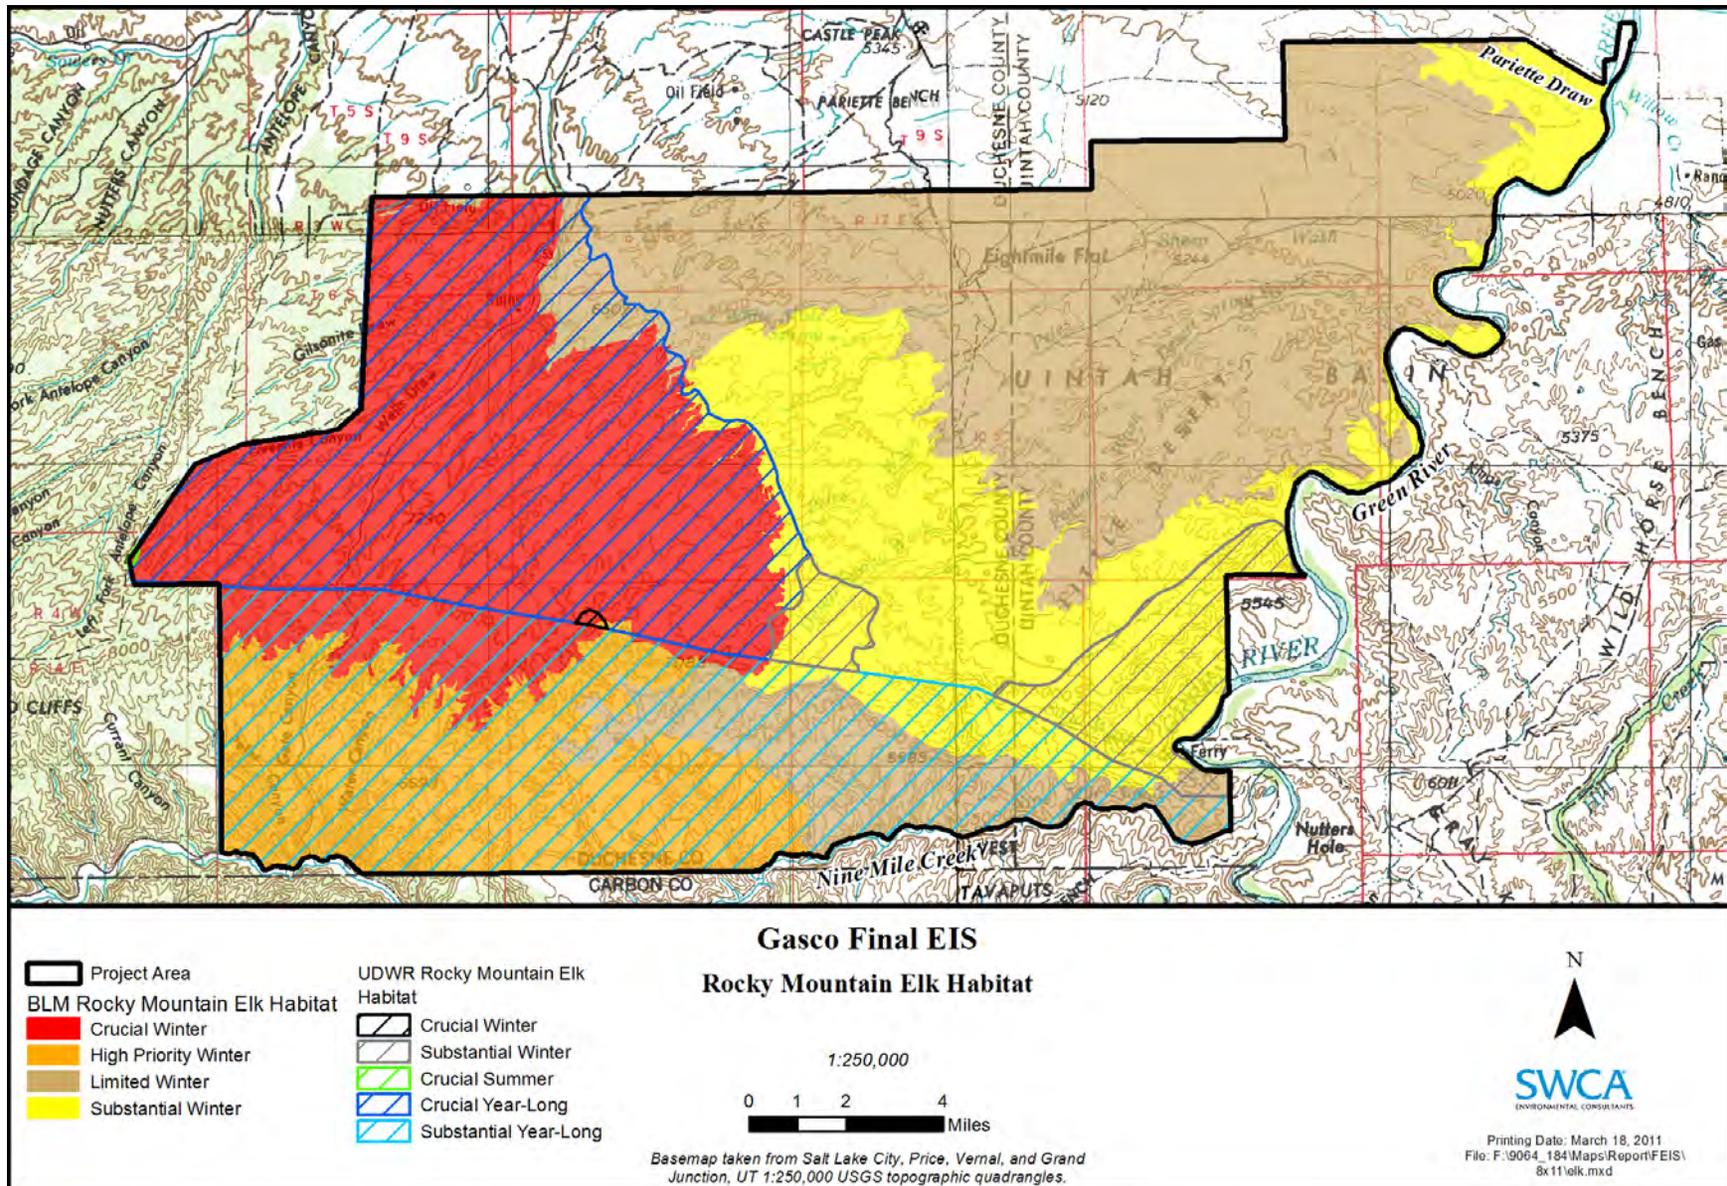

Map 31. Pronghorn antelope habitat.

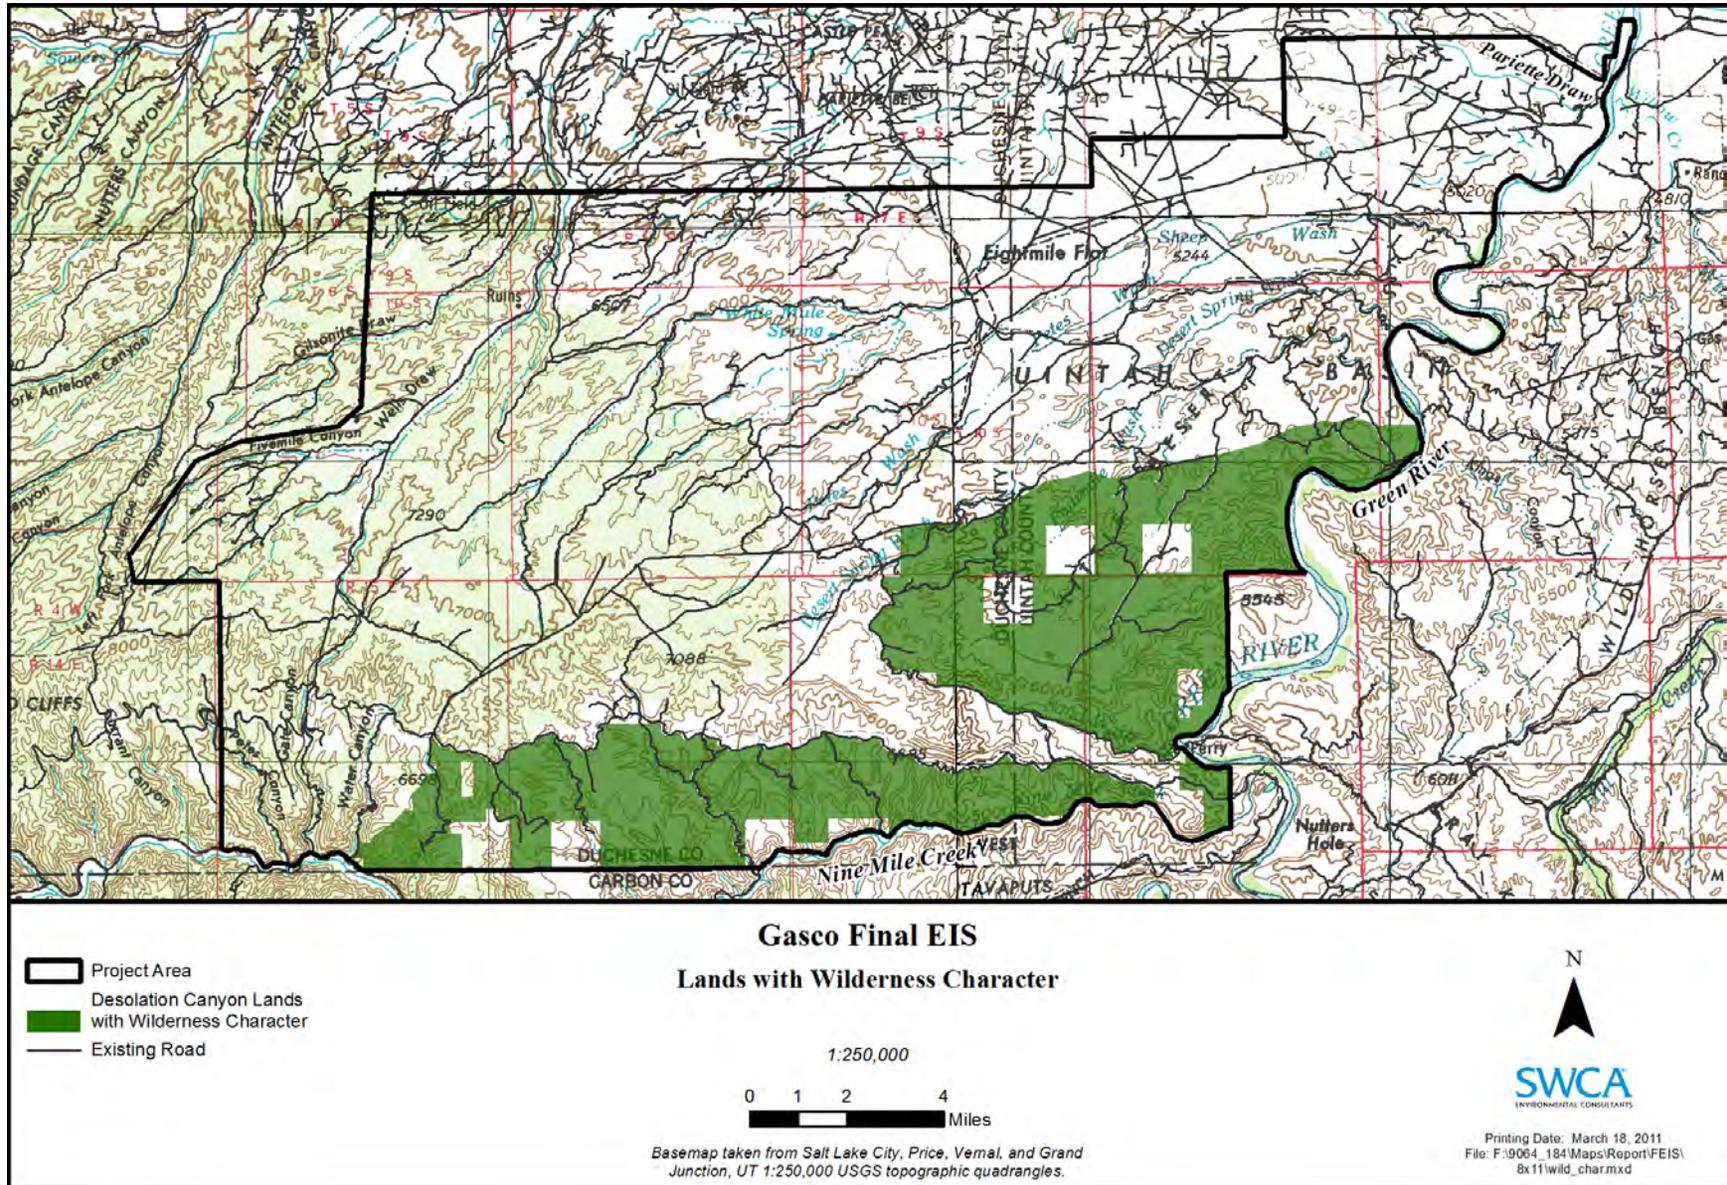

Map 32. Rocky Mountain bighorn sheep habitat.

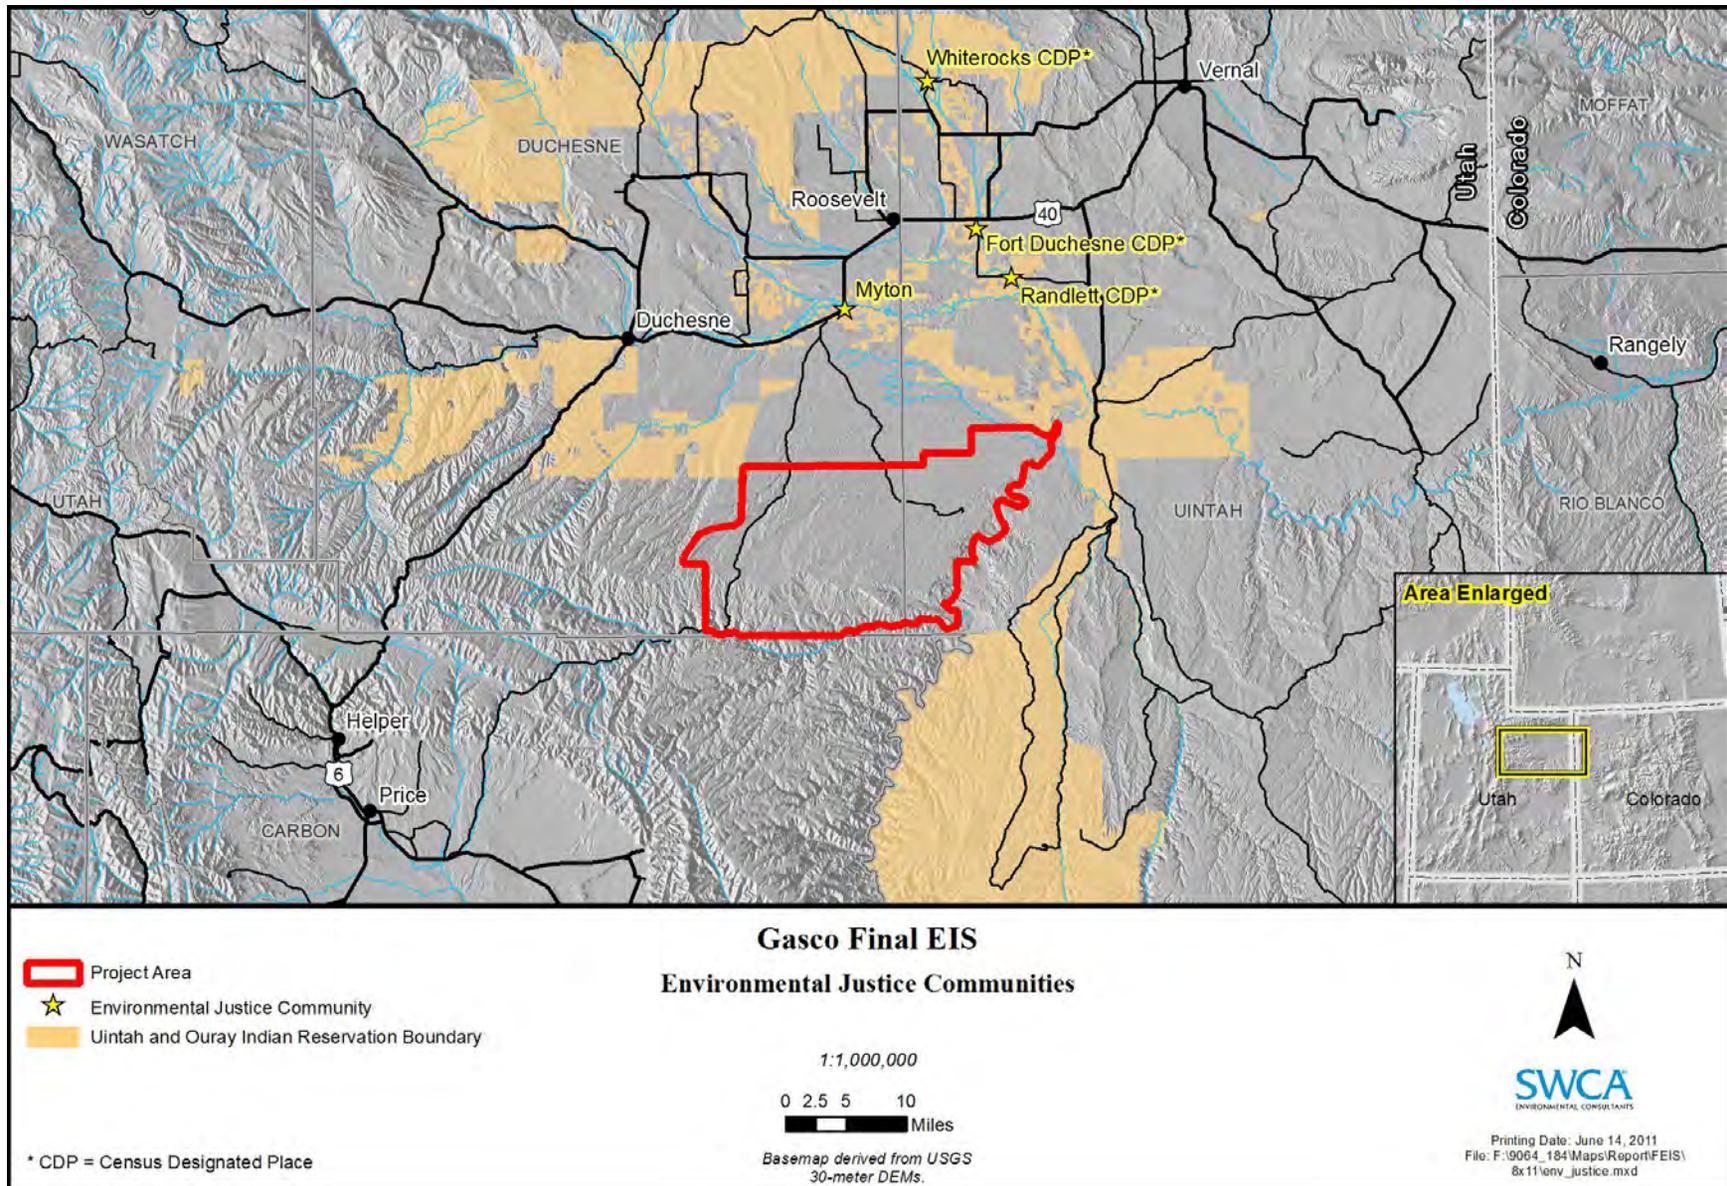

Map 33. Mule deer habitat.

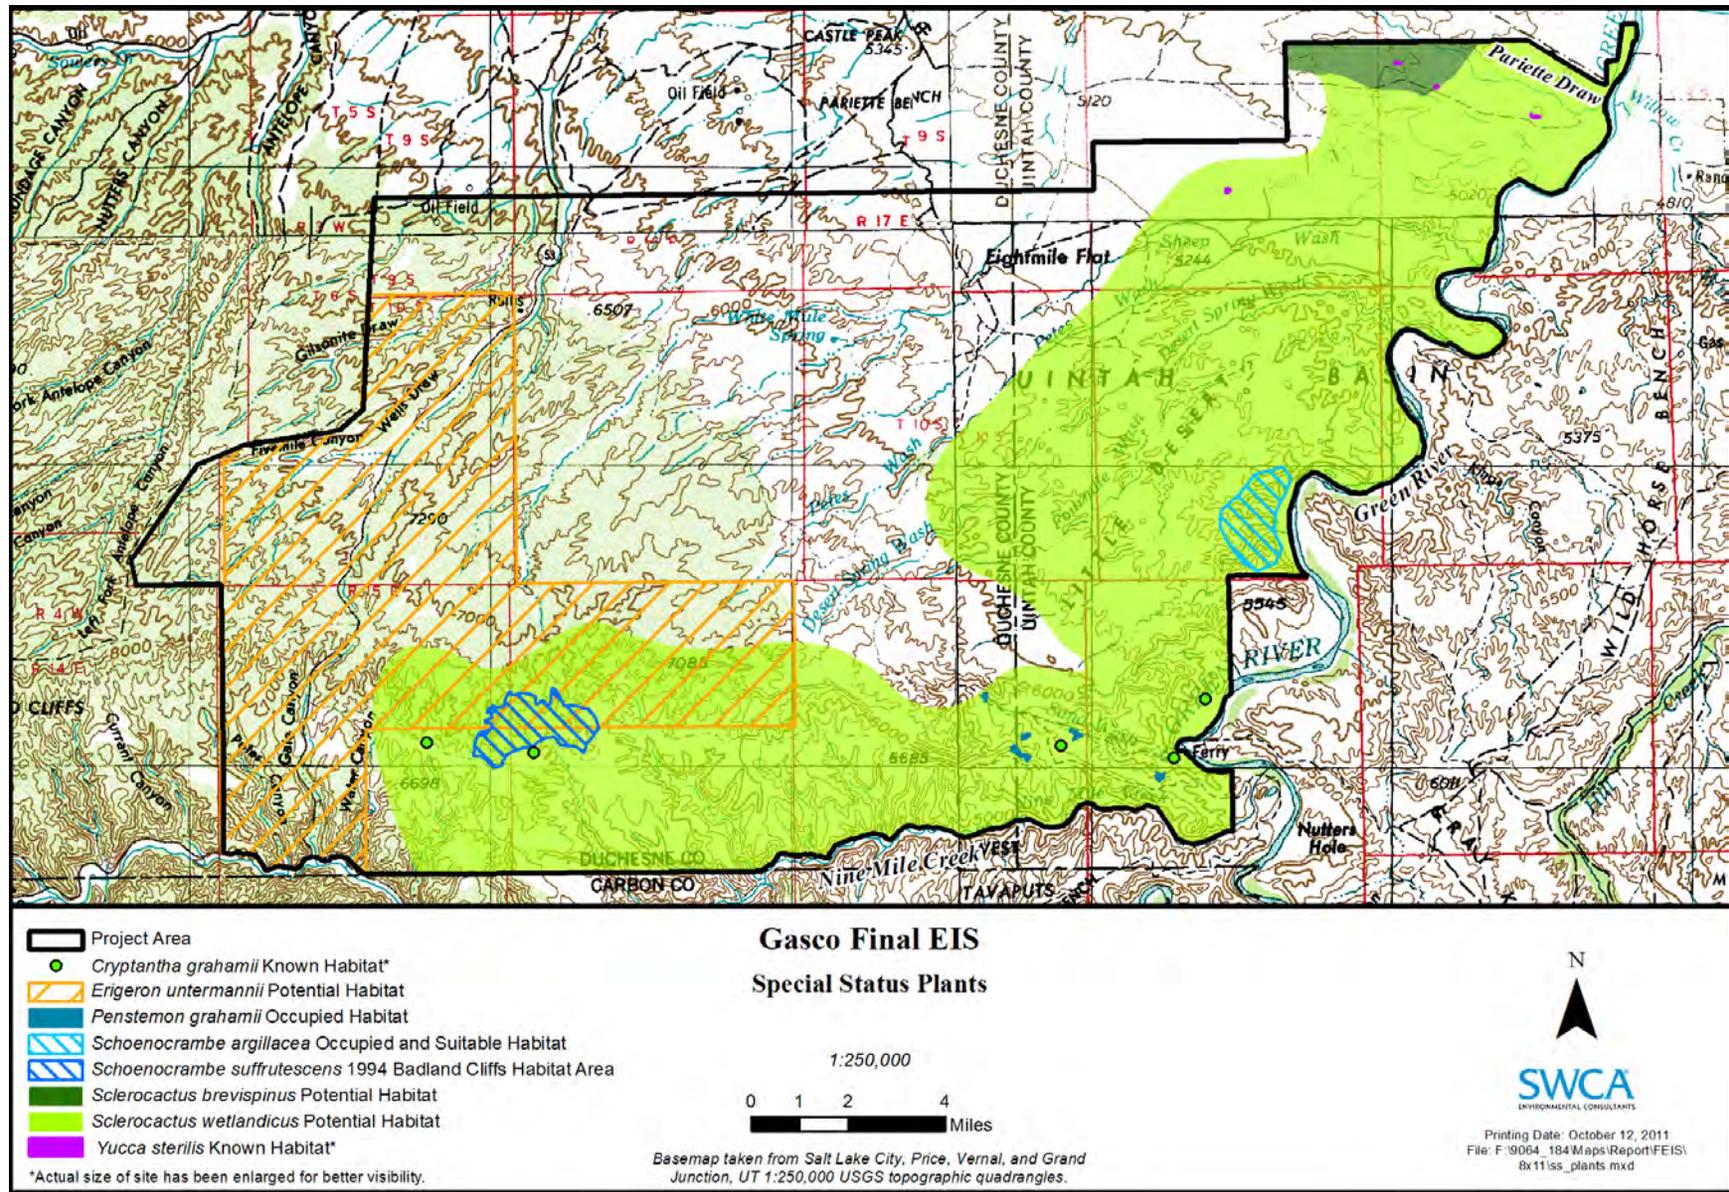

Map 34. Rocky Mountain elk habitat.

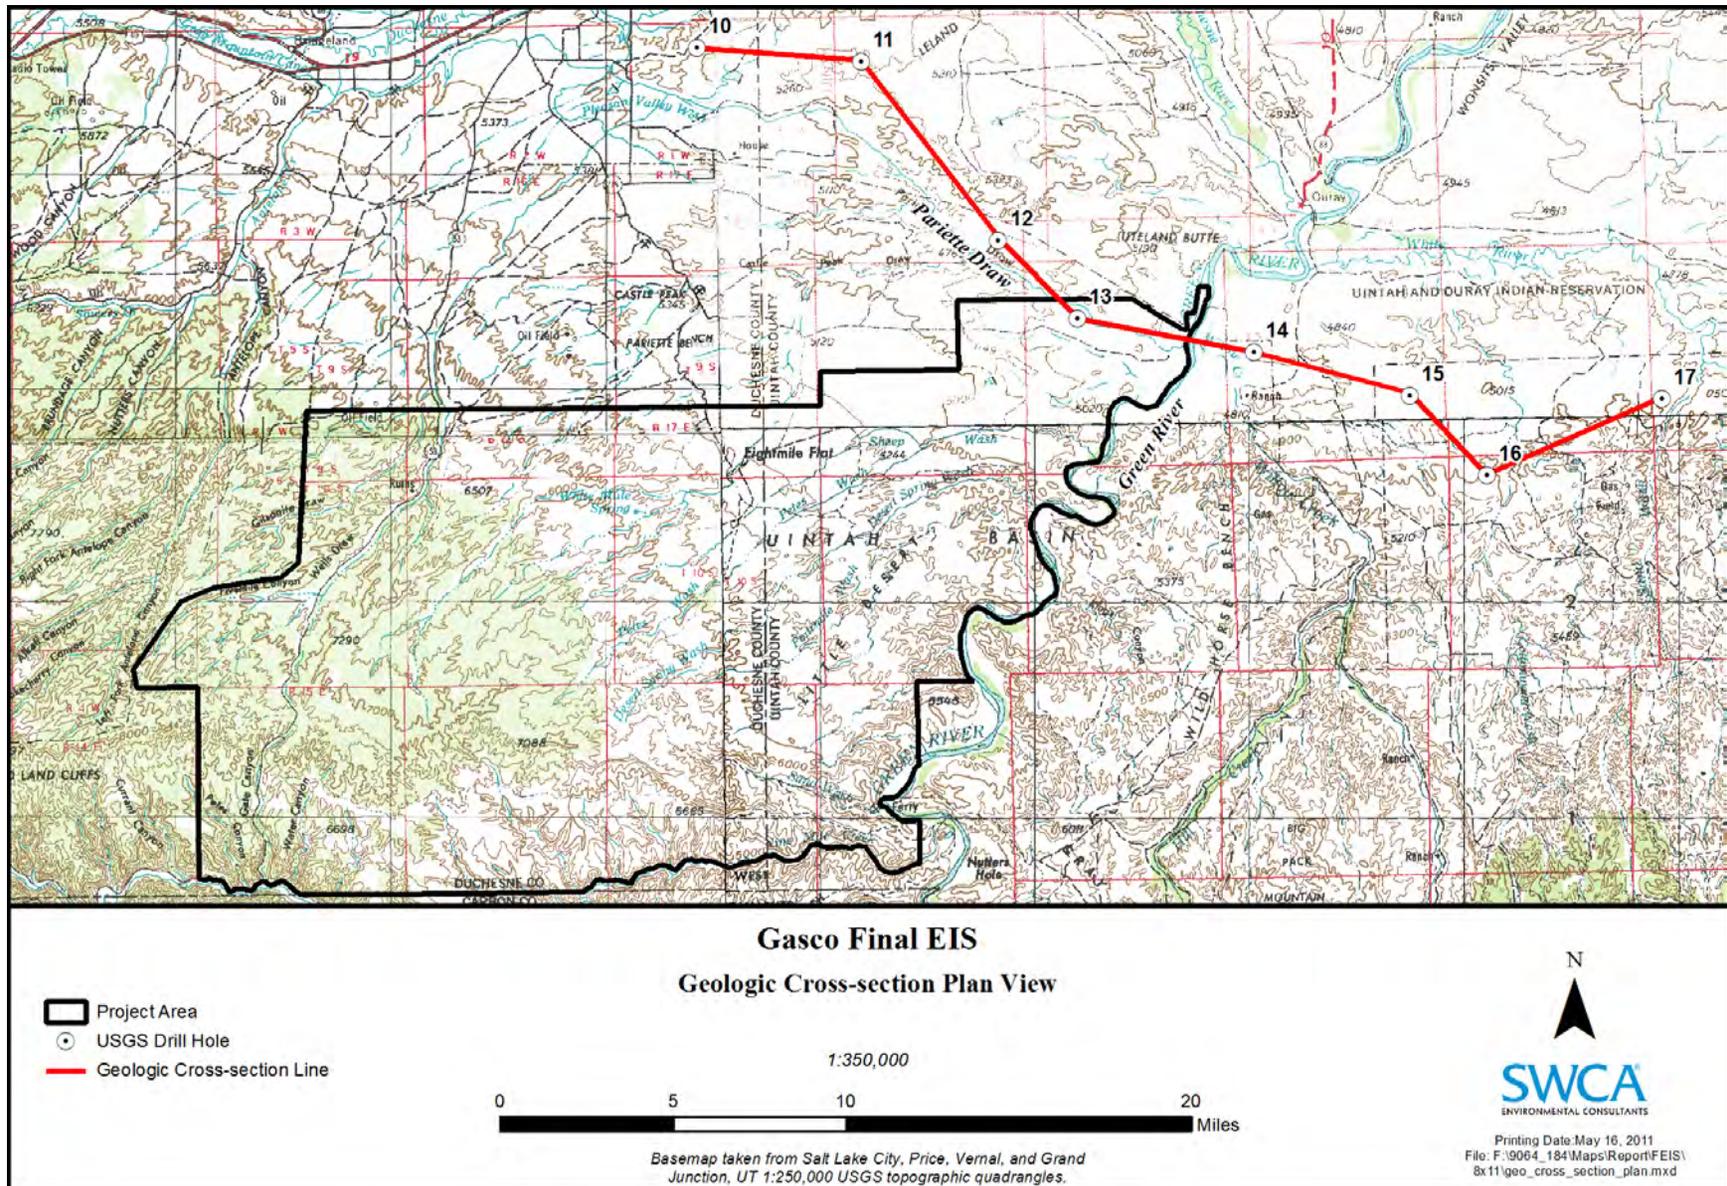

Map 35. Non-WSA lands with wilderness characteristics.

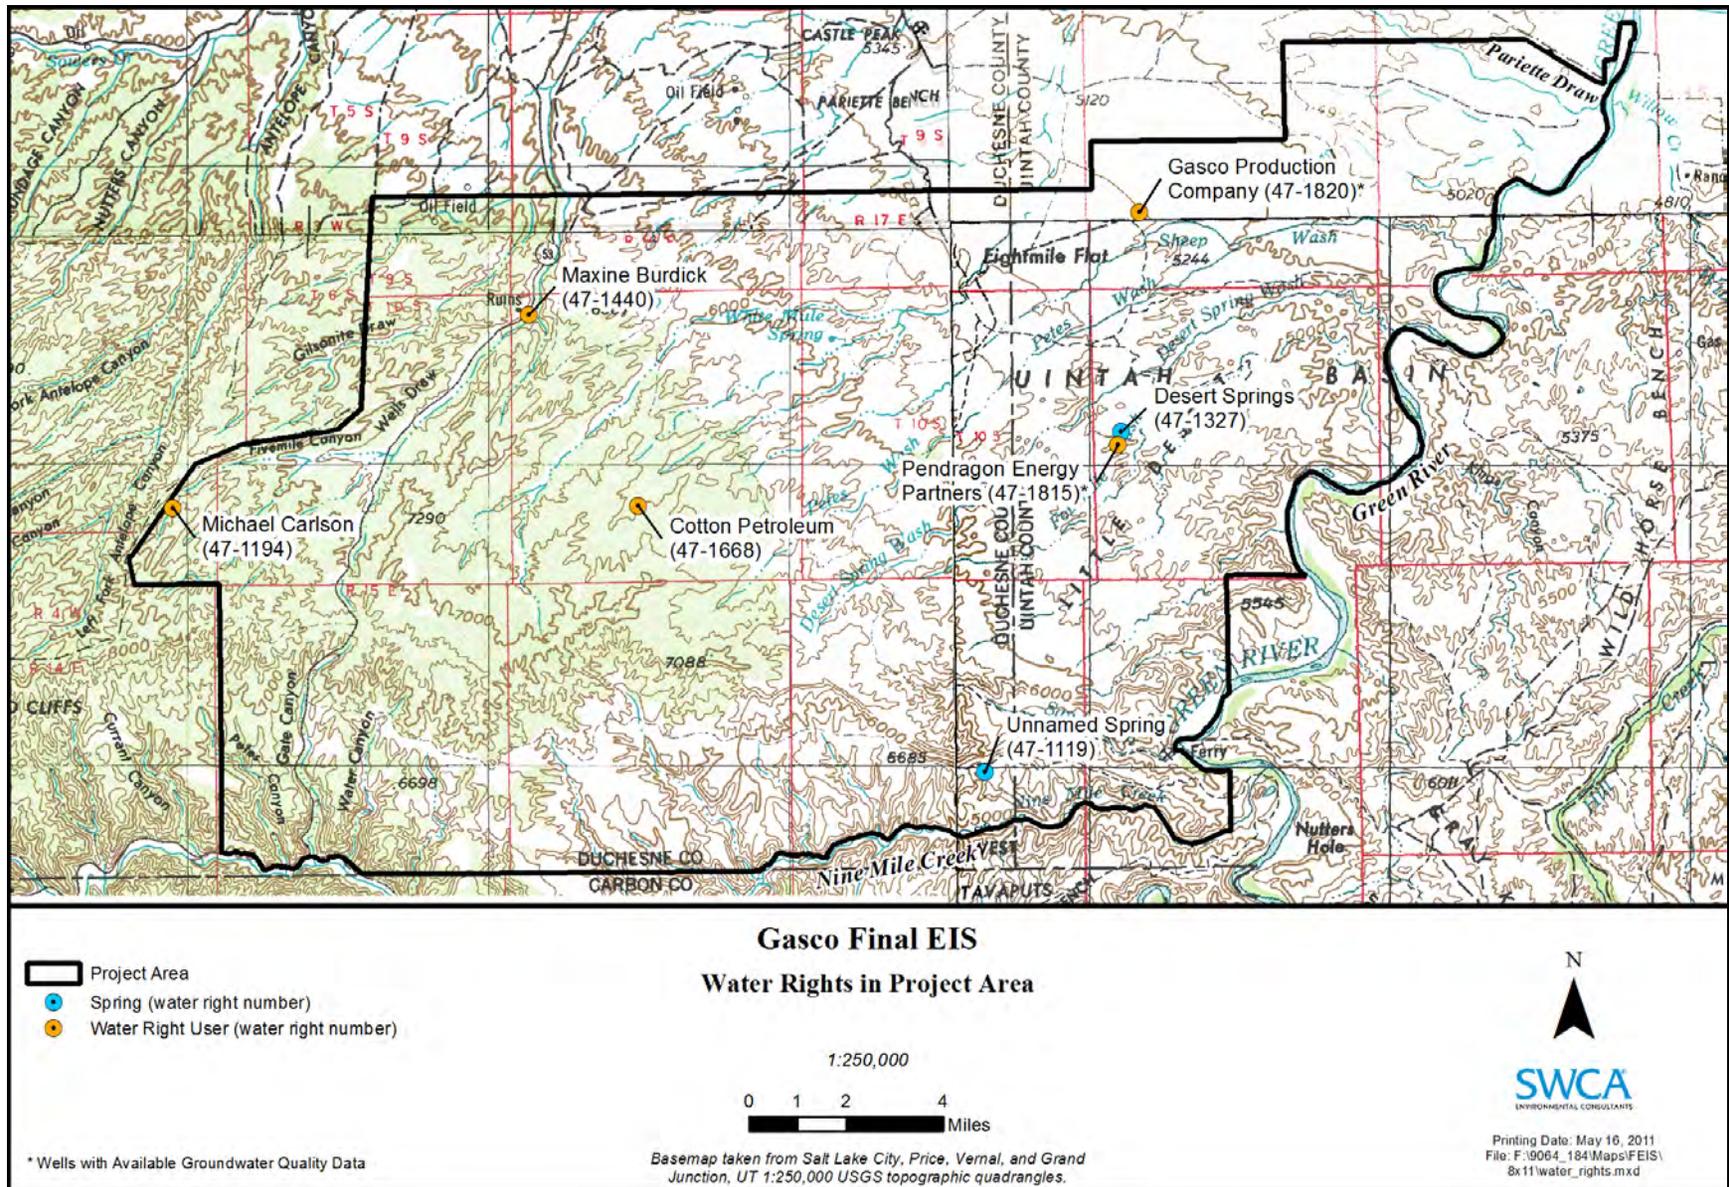

Map 36. Environmental justice communities.

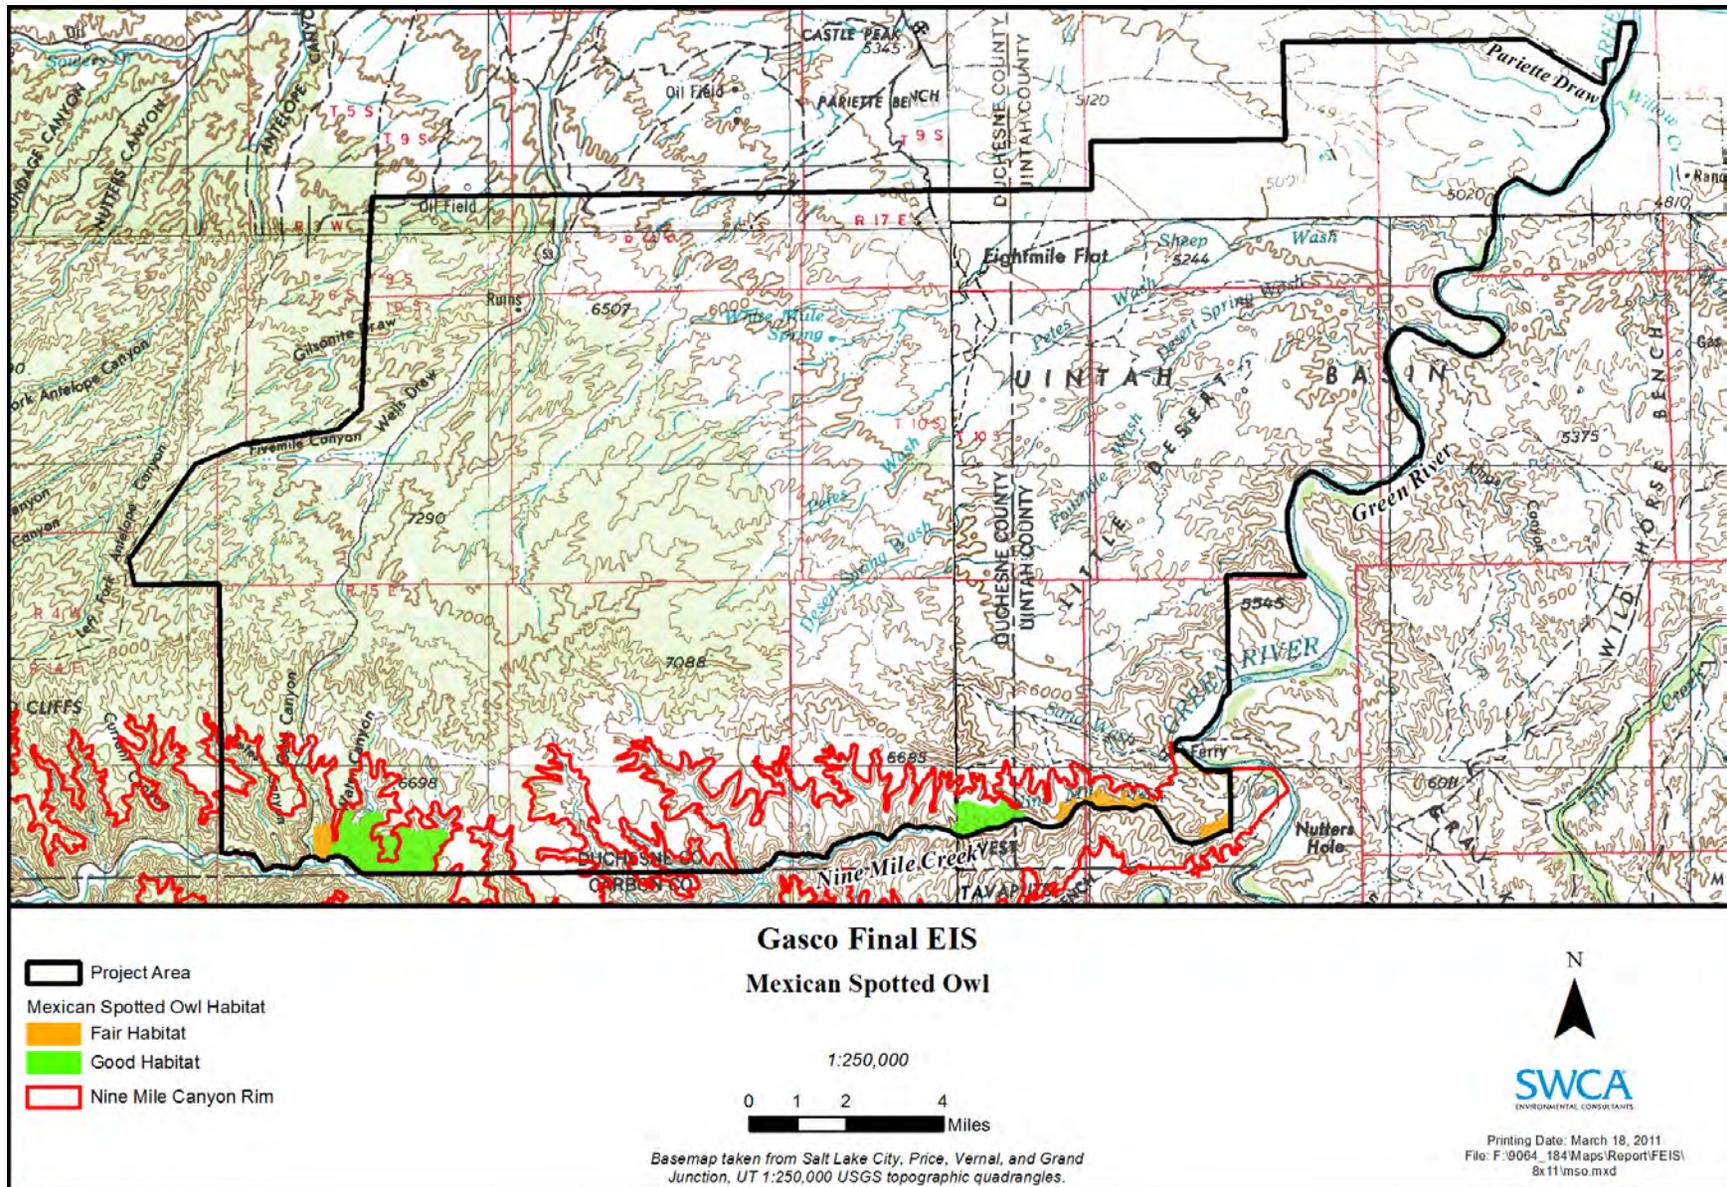

Map 37. Special status species plant distribution.

Map 38. Geologic cross-section plan view.

Map 39. Water rights in the project area.

Map 40. Mexican spotted owl (MSO) habitat.
