

ERRATA TO THE GASCO FINAL ENVIRONMENTAL IMPACT STATEMENT

This errata document presents minor changes to the Gasco Final Environmental Impact Statement (EIS) that were inadvertently overlooked when the BLM updated the Final EIS prior to printing. This document also presents the reasons for each change. This document is part of the permanent file.

1. Volume 1, Page ES-1, first paragraph:

Replace the second sentence with the following revised description. The legal description as printed was not inclusive of all areas considered as the project area in the Final EIS.

“The project area is located within Uintah and Duchesne counties, Utah, and consists of approximately 323 sections located primarily in Township 9 South, Ranges 15–19 East; Township 10 South, Ranges 14–19 East; and Township 11 South, Ranges 15–18 East (see Map 1).”

2. Volume 1, Page 1-1, first paragraph:

Replace the second sentence with the following revised description. The legal description as printed was not inclusive of all areas considered as the project area in the Final EIS.

“The project area (see Map 1) is located within Uintah and Duchesne counties, Utah, and consists of approximately 323 sections located primarily in Township 9 South, Ranges 15–19 East; Township 10 South, Ranges 14–19 East; and Township 11 South, Ranges 15–18 East.”

3. Volume 2, Pages X-8 and X-13:

Delete the reference to Hintze 1988 on page X-8, which was included in error. On page X-13, the wrong date was included in the reference to Porter et al 2006. Correct the reference to read as follows.

*“Porter, J.M., J. Cruse-Sanders, and R. Lauri. 2007. A preliminary assessment of genetic relationships among *Sclerocactus brevispinus* S. *wetlandicus* Hochstatter, and *S. glaucus*. U.S. Fish and Wildlife. Unpublished.”*
