

**Table A-2 Related Oil and Gas Activity Surface Disturbance – Present and Historic Activity**

| Type of Disturbance             | Short-Term |       | Life of Activity |        |
|---------------------------------|------------|-------|------------------|--------|
|                                 | Miles      | Acres | Miles            | Acres  |
| Producing Oil Wells             |            | 1,146 |                  | 1,718  |
| Producing Gas Wells             |            | 1,212 |                  | 1,818  |
| Shut-in Oil Wells               |            | 198   |                  | 296    |
| Shut-in Gas Wells               |            | 157   |                  | 235    |
| Service Wells                   |            | 336   |                  | 504    |
| Shut-in Service Wells           |            | 30    |                  | 44     |
| Temporarily Abandoned Wells     |            | 167   |                  | 251    |
| Abandoned Wells                 |            | 284   |                  | 426    |
| Plugged and Abandoned Wells     |            | 1,080 |                  | 1,621  |
| Access Roads                    |            |       | 1,043            | 8,688  |
| Pipeline Gathering Systems      |            |       |                  | 1,906  |
| Transportation Pipeline Systems | 608        | 1,057 | 608              | 2,147  |
| Compressor Stations             |            |       |                  | 66     |
| Power Lines                     |            |       | 73               | 18     |
| Totals                          | 608        | 5,667 | 1,724            | 19,738 |
