Take your students on a
virtual field trip hosted by the
Bureau of Land Management
November 7, 2002

What is the natural role of fire
in healthy ecosystems?

How do we assess the risks
and benefits of wildland fire?

How do science and technology
help us manage wildland fire?

Find out live from
fire scientists and experts!

The Bureau of Land Management (BLM), an agency of the
U.S. Department of the Interior, manages 262 million acres
of public lands and their natural and cultural resources.
