Recreation Technology and Development Project Proposal Criteria

Proposals/Problem Statements are evaluated using the following criteria:

1. Savings - What would be the direct savings to the Bureau of Land Management (BLM) and other agencies, if a solution to the problem was implemented over five years?
2. Partnerships - What partnerships are in place? What is the potential for partnerships? Are the partners internal with other BLM programs or with other agencies? Do or will the partners contribute funding to the project?
3. Strategic Plan - How would the problem solution help to achieve goals of the Strategic Plan?
4. Effectiveness - How would a solution assist BLM field personnel to be more effective?
5. Scope - Would a solution benefit a broad audience, such as: districts in multiple regions, numerous districts in a single region, other federal agencies as well as BLM personnel?
