COMMENTS

These are daily comments on the progress of the gather, problems, cause of horse death or reason for euthanasia or any other significant information.

Summary of Gather Results by HMA

HMA Name:	Mares	Stallions	Foals	Total
(1) Pre-Gather Population Estimate				
(2) Gathered ¹				
(3) Treated and Released ²				
(4) Untreated and Released				
(5) Shipped to BLM Prep Facility				
(6) Other losses (explain below) ³				
(7) Ungathered ⁴				
(8) Estimated post-gather population ⁵				

¹ Line (2) should equal the sum of lines (3) through (6).

² Must match the number shown on the PZP Application Report.

³ Line (6). Please explain the fate of any animals that were gathered but not included in lines (3), (4), or (5).

⁴ Should equal the estimated total number of horses on the range from the pre-gather census (line (1)) minus line (2). Please explain any discrepancies.

⁵ Line (8) should be the sum of lines (3), (4), and (7).

Please provide a narrative describing the important aspects of the gather, including costs. If this is the first gather post fertility control treatment, please provide information in this narrative on the number of treated mares captured, physical condition, and if they were retreated or removed as excess animals.
