

PUBLIC NOTICE, (Date of Posting)

As required by the Federal Land Policy and Management Act of 1976 (43 U.S.C. § 1701), the Bureau of Land Management (BLM) (*Field Office*) will conduct mitigation on hazardous mine workings located within the following described Public lands:

**(PM), (Township), (Range), (Sec), (Subdivision)
(County), (State)**

The specific location is given as (*distance, bearing*) from this posting.

Mitigation activities are described as: (*enter description*). These activities will begin no sooner than (*date, should be at least 30 days from posting date*).

If you are conducting mining activities that may be affected, you must immediately contact (*Name of Contact*), (*Employee's Title*) of the BLM (*Field Office*), by phone at (*xxx-xxx-xxxx*) or by mail at (*address*).

If, at any time, the BLM determines that the identified hazardous mine workings pose an immediate threat to public health or the environment and you do not act promptly to address that threat, the BLM will undertake necessary actions to protect the public and the environment **even if you have not responded to the BLM**. The BLM will hold you responsible for the costs of any such actions.
